SR215: Full cutoff luminaire

1- Cast aluminum driver housing.
2- Universal driver tray with twist lock design.
3- Sealed and isolated LED compartment.
4- Housing/shade assembly hinge mechanism.
5- Cast aluminum LED heat dissipator.
6- Borosilicate prismatic heavy glass diffuser.
7- Cast aluminum ribbed cage.
8- Structurally reinforced perimeter aluminum shade. Inner surface is standard white enamel for increased light performance.

SR115T

SR215T

MATERIALS
Scirocco is made of corrosion resistant 356 aluminum alloy with a copper (CU) content of less than 0.1%.
The top cast aluminum housing is designed with a hinged mechanism.
The hard aluminum shade assembly is designed with a set of perimeter reinforcement ribs. The inner surface is standard white enamel for higher light efficiency.
The lower optical assembly includes sealed borosilicate prismatic glass diffuser, which is secured with a silicone memory retention gasket.

ELECTRICAL
DRIVER Standard driver is 0-10V dimming-ready (dims to 10%) with: 120-277 multi-volt compatibility (50-60Hz), operating temperature range of -30ºC/-22ºF to 60ºC/140ºF, output over voltage protection, output over current protection and output short circuit protection with auto-recovery.
LED Standard 4000K LED platform included. Optional 3000K and 3500K available. Removable modular LED platform.

LIFE
51,000hrs $L_{70}B_{50}$ (based on IESNA TM-21 Test Method and LM80 data).
68,000hrs $L_{70}B_{50}$ (calculated projection from LM80 data).

FINISH
Five-stage preparation process including preheating of cast aluminum parts for air pocket extraction, and an environmentally friendly alloy sealant. Polyester powder coating is applied through an electrostatic process and oven cured for long term finish.

MOUNTING
Maximum weight: 14.66 lbs (6.7 kg)
Scirocco is designed as a modular luminaire concept offering a selection of mounting arrangements for various architectural requirements.
Pole, wall or suspended attachments are proposed with high quality components to meet multiple installation conditions.
Pendant version only: Fixture must be installed on a finished ceiling for exterior applications and/or when exposed to inclement weather.

CERTIFICATION
Certified and Approved as per CSA C22.2 No.: 250.0 standard and ANSI/UL 1598 standard, for wet location. Rated IP65.
Photometry tested per IES LM-79-08 / IES LM80 test report at 25º C.

SR115 SR215

EPA: 0.75

Scirocco is designed for ease of access with a double hinge sealed mechanism isolating the light chamber from the driver compartment minimizing maintenance handling and possibly damaging components.

OPTIONS

ELECTRICAL
☐ **FS** Fuse [2]
☐ **PH** Photocell [2]
☐ **347L** 347V input power driver
Alternate CCT °K LED
☐ **K3** 3000K CCT LED
☐ **K35** 3500K CCT LED

ACCESSORIES
☐ **SC** Safety cable extends 18" over mounting plate (with stem mounting only)
☐ **SSC** Stabilizer cables
☐ **HS** House shield installed within the glass diffuser

CONTROL
☐ **NLTAIR2** nLight AIR Control gen2 embedded in canopy, with black antenna. [4, 5, 6]

MOUNTING
☐ **ACA** Pole mount attachment with 45º support
☐ **2ACA** Double pole mount attachment with 45º support at 180º
☐ **ACW** Wall mount attachment with 45º support
☐ **APA** Pole mount shepherd arm attachment
☐ **2APA** Double pole mount shepherd arm attachment at 180º
☐ **APC** Pole mount straight arm attachment
☐ **2APC** Double pole mount straight arm attachment at 180º
☐ **APS** Post top shepherd arm attachment
☐ **CAT3** Catenary suspension attachment with 12º adjustment mechanism
☐ **W** Wall mount shepherd arm attachment
☐ **T** Wall mount straight arm attachment
☐ **STM** 36" Field-cuttable stem with 45º swivel (other lengths available, please specify)
☐ **SPG** Silver braided power cord with adjustable suspension cable. 36" length (other lengths on request)

NOTES
1- Luminaires are factory prewired for 120V (if no voltage is specified.) For other voltages, please specify with catalog number, or consult factory.
2- Fuse and photocell options are normally installed with poles when specified with Luminis luminaires. (Except for other types of mounting.)
3- 120/277V only.
4- Installed in Ø 11" or Ø 15" canopy with STM. Refer to the mounting images for more details.
5- Not compatible with PH, Wall mounts, Pole mounts, Post tops, CAT3.
6- White antenna available upon request.
