A Little Wyld

#23- Business overview-

A Little Wyld is not just a shop but a place for the community to come together. We will sell a carefully curated assortment of items for kids, gifts, women and home. We will have customizable options so people can buy something unique and special. We are putting an emphasis on products that are ethically made, created in small batches and companies that are local, women or minority owned businesses.

We will have a give back component regularly and we will have events in the shop that we donate a portion of sales to local organizations. Since there currently is not a kids store in downtown Delray, we hope to capture that audience and keep that money in Delray.

#24-Project description

We would like to create a space that is safe and inviting for all clients and workers. We would like to replace the current front door and window with impact glass so that when a storm comes, the space and content are protected. We will also like to add security cameras and lights to the back that can help keep people safe from harm, and in the event of an issue help local authorities catch the perpetrator.

We would also like to replace the outdated awning above the shop with a fresh, new striped one that is more aligned with other parts of the street so that everyone in pineapple grove have an even more visually appealing experience.

The back of the building has a cracked drain pipe/gutter that we would like to replace as well as have the back wall batched and repainted as it is currently an eyesore and not functioning optimally.

We would also like to receive the support for the COVID- protection to make sure our space is always extra clean and safe for everyone who enters.
