### **Public Comment**

George Long, 46 N Swinton Avenue. Mr. Long did not object to the outdoor dining and is not concerned that the late hours will disturb the neighboring residents.

### **Rebuttal/Cross**

Neil Schiller noted that the Board is going to be making a recommendation to the City Commission regarding outdoor dining until 2AM.

### **Board Comments**

Joy Howell requested clarification from staff if the subject property was located outside the entertainment district and asked the applicant why late-night hours are appropriate for this location. Ms. Howell was not comfortable approving the late hours when other neighboring business close at midnight.

Julen Blankenship noted that the Board can impose conditions regarding the hours of operation in accordance with LDR Section 2.4.4©. Ms. Blankenship has no issue with the outside dinning but did not believe that late night business hours were appropriate and that a business other than Docs can be established at that location.

Max Weinberg did not support the granting of late business hours and requested clarification if the proposed business on the Doc's property would be operating as a restaurant.

Rob Long noted that the use of the Doc's property should be consistent in how it operated historically.

Chris Davey noted that this request is before the Board only because there was a lapse in the use. Mr. Davey initially was initially supportive of granting late business hours but feels that a midnight closing is more appropriate as other neighboring establishments close at midnight.

**MOTION** to move a recommendation of approval with conditions to the City Commission for a Conditional Use request (2022-126) to allow outdoor dining at night for the restaurant associated with the project known as City Center Delray, by finding that the request is consistent with the Comprehensive Plan and meets the criteria set forth in the Land Development Regulations subject to the condition of a midnight closing was made by Max Weinberg and seconded by Julen Blankenship.

**Board Comments**

Julen Blankenship asked the applicant to define what limited optometry service is.

Allen Zeller was opposed to allowing optometry services throughout the Central Business District. Mr. Zeller asked if the applicant could submit for a waiver to allow for optometry services.

Rob Long was supportive of the amendment as the applicant has addressed Board's and Downtown Development Authority's concerns. Mr. Long did not think that allowing this use was detrimental to the Central Business District.

Joy Howell asked if the store would keep retail hours.

Max Weinberg noted that customers commonly expect an optometrist present in an eyeglass store and was in favor for recommending approval to the City Commission.

Chris Davey stated that this is the changing nature of retail and would have preferred that the amendment would require a conditional approval to prevent multiple eyeglass stores on the same street.

**MOTION** to recommend approval to the City Commission of Ordinance No. 26-22, amending Appendix-A - Definitions, to adopt a definition for eyeglass stores with limited

optometry services, by finding that the amendment and approval thereof is consistent with the Comprehensive Plan and meets the criteria set forth in Land Development Regulations was made by Rob Long and seconded by Julen Blankenship.

**Board Comments**

Allen Zeller asked if Atlantic Dunes Park improvements were included in the Capital Improvement Plan and asked if the Board can veto certain items contained in the Capital Improvement Plan. Mr. Zeller voiced opposition to removing Australian Pine Trees in the Atlantic Grove Park but indicated that additional parking is required.

Joy Howell and Max Weinberg echoed Mr. Zeller's concerns regarding the removal of Australian Pines at the Atlantic Grove Park. Mr. Weinberg recommended that the City explore the option of building a parking garage on the City parking lot.

Julen Blankenship noted that the improvements at Atlantic Grove Park would include renovation of the existing parking lot.

Rob Long noted that many municipalities have removed Australian Pines as they do not withstand strong winds.
