5. CONSTRUCTION OBLIGATIONS AND REVERSION OF TITLE:

5.1 Purchaser Obligations. PURCHASER covenants that it shall use commercially reasonable efforts and proceed in good faith to commence and complete construction of the single-family residence on the Property as specifically provided herein. All such construction shall be performed in accordance with the approved Plans and Specifications attached hereto as Exhibit "B", as and shall be performed using good and workmanlike construction practices in accordance with industry standards and all Applicable Laws. Once site work activity has commenced, PURCHASER will diligently proceed with construction activities, to mean reasonable progress toward completion of the home has occurred on the job site at sometime within the previous ninety (90) days during which weather permitted such activity. The time period by which PURCHASER must commence or complete construction on each home shall be tolled during any period that any Unavoidable Delay event (determined by SELLER) has occurred which prevents PURCHASER from meeting such time period. Purchaser agrees:

- (a) To the extent not previously submitted, PURCHASER agrees to file a Building Permit application for one (1) single family residence to be constructed on the Property within thirty (30) calendar days after the expiration of the Inspection Period.
- (b) PURCHASER covenants and agrees to commence construction on one (1) single family residence within (30) calendar days subsequent to the Closing Date.
- (c) PURCHASER shall complete construction and obtain a certificate of occupancy for the single-family residence no later than five hundred forty-five (545) calendar days after the Effective Date of this Agreement.

5.2 Security for Purchaser's Performance. To secure PURCHASER's performance of the obligations required under Section 5.1, PURCHASER agrees to provide SELLER with a performance bond issued by a Florida financial institution in the form reasonably satisfactory to SELLER, an example of is attached hereto as **Exhibit "C"** and made a part hereof. The performance bond must be in a form and amount reasonably satisfactory to SELLER and PURCHASER. The performance bond shall serve to guarantee completion of construction of the Project in accordance with the approved Site Plan and this Agreement for the home where PURCHASER commences construction, subject to any Unavoidable Delay event (as determined by SELLER) which prevents PURCHASER from completing such construction. A performance bond shall be specifically callable by SELLER in the event of the PURCHASER's failure to construct the single family home in accordance with the provisions of this Agreement and the Site Plan approved by the City. The performance bond shall be on such other terms and in an amount to be reasonably agreed by SELLER and PURCHASER during the Inspection Period.

5.3 Right of Reversion and Repurchase. Title to the Property shall be conveyed to PURCHASER subject to the following reversionary interest and right to repurchase in favor of SELLER:

- (i) The failure of PURCHASER to commence construction on the single-family residence as required under Section 5.1(b) above.
- (ii) PURCHASER commences construction, but (i) fails to diligently proceed with construction activities, to mean reasonable progress toward completion of the home has occurred on the job site at sometime within the previous ninety (90)

days during which weather permitted such activity, and/or (ii) fails to complete construction and obtain a certificate of occupancy for the single family residence no later than five hundred forty-five calendar days after the Effective Date of this Agreement, subject to any Unavoidable Delay event (as determined by SELLER) which prevents PURCHASER from commencing and completing such construction, as required by Section 5.1(c) above.

If SELLER intends to elect a right of reversion or repurchase, SELLER shall provide written notice by SELLER to PURCHASER of such election (the "Reversion/Repurchase Notice") and PURCHASER shall have fifteen (15) calendar days to cure such claimed breach, unless a longer cure period is approved by the CRA Executive Director or her designee, and then SELLER and PURCHASER shall agree on a reasonable time to cure before SELLER proceeds with the Reversion/Repurchase under this section. PURCHASER agrees that in the event of either (i) or (ii) above, the Property and any and all improvements erected thereon shall, at SELLER'S election and after the notice and right to cure provided herein, revert to SELLER without the necessity of PURCHASER taking any affirmative action to effectuate the reversion. Such reversion, if elected, shall be effective as of the date of recordation of a notice of election by SELLER. However, upon written notice from SELLER, PURCHASER shall execute and deliver to SELLER a Special Warranty Deed and such other instruments and shall take such other actions as may be reasonably requested by SELLER for the purpose of evidencing such reversion of record within ten (10) calendar days of receiving the aforementioned written notice from SELLER. Upon reversion, SELLER may immediately reenter and repossess the Property.

For the single family residence under 5.3(ii) where PURCHASER has commenced construction, PURCHASER shall provide SELLER with a limited, non-exclusive right and license to use the Plans and Specifications, sketches, shop drawings, as-built plans and other materials prepared by, or furnished to, the PURCHASER in order to finish the completion of the home, without warranty, express or implied, and in their "AS IS" condition. SELLER shall not copy, sell, assign or otherwise reproduce or grant any other person or entity the right to copy, sell, use or otherwise reproduce the Plans and Specifications, or any part thereof, except in connection with the construction of the homes on the Property.

In the event of reversion under the circumstances described in Sections 5.3 (i) and 5.3 (ii) above, SELLER shall pay to PURCHASER the sum of One Hundred Dollars (\$100.00) and Purchaser shall receive no consideration other than the One Hundred Dollars (\$100.00).

PURCHASER shall cause the title to the Property, as to reverted to SELLER, to be unencumbered and in good, marketable and insurable condition. In the event that there shall then be any mortgage indebtedness or other encumbrances against the Property and/or any improvements thereon or if any other matters exist that render PURCHASER'S title to the Property other than good, marketable and insurable at the time of such reversion, then the same shall be paid or cured by PURCHASER, as the case may be, in the order of record priority and any balance of encumbrances or other matters shall be paid by PURCHASER.

SELLER shall pay for all expenses of transfer (excluding legal fees for counsel for PURCHASER and expenses related to cure and correction of title defects).

The foregoing rights and obligations shall be incorporated into the Special Warranty Deed to be executed and delivered by SELLER to PURCHASER at Closing and shall be deemed to be a Permitted Exception. SELLER and PURCHASER will agree on the language for the Special Warranty Deed during the Inspection Period.

6. EVIDENCE OF TITLE.

6.1 Title to the Property. SELLER shall convey to PURCHASER at Closing, by delivery of a Special Warranty Deed, complying with the requirements of the state of Florida and the Title Company (defined below), valid, good, marketable and insurable title in fee simple to the Property, free and clear of any and all liens, encumbrances, conditions, easements, assessments, restrictions and other conditions except only the following (collectively, the "Permitted Exceptions"): (a) general real estate taxes and special assessments for the year of Closing and subsequent years not yet due and payable; and (b) matters of record included on the Title Commitment or shown on the Survey (defined below) to which PURCHASER fails to object, or which PURCHASER agrees to accept, as provided herein. SELLER shall deliver to PURCHASER, within ten (10) days after the Effective Date, at SELLER's expense, from a title agent ("Title Agent") as agent for a nationally recognized title insurance company reasonably acceptable to PURCHASER ("Title Company"), an ALTA Owner's Title Insurance Commitment from the Title Company ("Title Commitment") covering the Property and proposing to insure PURCHASER in the amount of the Purchase Price, together with complete and legible copies of all instruments identified as conditions or exceptions in Schedule B of the Title Commitment. The costs and expenses relative to the issuance of a title commitment and an owner's title policy shall be borne by the SELLER. The Title Agent shall also be the "Closing Agent" under this Agreement.

PURCHASER shall have five (5) calendar days from the date of receiving said commitment to examine the title commitment. If PURCHASER objects to any exception to title as shown in the title commitment, PURCHASER shall notify SELLER in writing at least fifteen (15) calendar days prior to the expiration of the Inspection Period, specifying the specific exception(s) to which it objects. Any objection(s) of which PURCHASER has so notified SELLER, and which SELLER chooses to cure, may be cured by SELLER so as to enable the removal of said objection(s) from the title commitment within twenty (20) calendar days after PURCHASER has provided notice to SELLER. Within twenty (20) calendar days after the expiration of SELLER'S time to cure any objection, SELLER shall send to PURCHASER a notice in writing (hereinafter referred to as a "cure notice") stating either (1) that the objection has been cured and in such case enclosing evidence of such cure, or (2) that SELLER is either unable to cure or has chosen not to cure such objection other than as set forth herein. If SELLER shall be unable or unwilling to cure all objections within the time period set forth in the preceding sentence, then PURCHASER or SELLER may: (a) terminate this Agreement by written notice to the SELLER or PURCHASER as the case may be within ten (10) calendar days after receipt of a cure notice specifying an uncured objection, in which event all instruments and monies held by the Escrow Agent, together with interest thereon, shall be immediately returned to PURCHASER; or (b) subject to the provisions set forth below, proceed to close the transaction contemplated herein despite the uncured objection.

Not more than ten (10) calendar days, nor less than five (5) calendar days, before Closing, SELLER shall cause the Title Company to issue an updated Title Commitment ("Title Update") covering the Property. If any Title Update contains any conditions which did not appear in the Title Commitment, and such items have not been approved or waived by PURCHASER in accordance with this Agreement, PURCHASER shall have the right to object to such new or different conditions in writing prior to Closing. All rights and obligations of the parties with respect to objections arising from the Title Update shall be the same as objections to items appearing in the Title Commitment, subject to the provisions of this Section.

6.2. Survey and Legal Description. During the Inspection Period, PURCHASER shall order: (1) a true, complete and reproducible tracing of a current survey map (current is defined to be certified within two hundred seventy (270) calendar days of the date of the Agreement), prepared by a registered land surveyor or engineer licensed in the State of Florida showing the boundaries of the Property, and the location of any easements and other matters as

reflected on Schedule B II of the title commitment thereon and certifying the number of acres (to the nearest one thousandth acre) of land contained in the Property, all buildings, improvements and encroachments; and (2) a correct legal description of the Property which, upon approval thereof by PURCHASER and SELLER (not to be unreasonably withheld), shall be the legal description used in the deed of conveyance. The survey and legal description shall be prepared and certified by a surveyor licensed and registered in the State of Florida and shall comply with the requirements of the survey map established in connection with the issuance of an owner's title insurance policy on the Property. The survey shall be certified to PURCHASER and the title insurance company issuing the title insurance.

In the event the survey shows any material encroachments, strips, gores, or any portion of the land non-contiguous to any other portion of the Property or any other matter materially affecting the intended use of the Property or marketability of title to the Property (any such matter is herein called a "survey objection" and treated as a title defect), PURCHASER shall have a period of thirty (30) days after receipt of the survey by PURCHASER within which to approve or disapprove any survey objection and to give notice to SELLER of any disapproval thereof indicating in reasonable detail the nature and reasons for PURCHASER'S objection. PURCHASER agrees that it will not arbitrarily or unreasonably withhold its approval of any such survey objection and that PURCHASER will attempt to approve any such survey objection which does not affect the marketability of title or materially interfere with PURCHASER'S use of the Property. In the event PURCHASER provides a notice of disapproval of a survey objection to SELLER, the rights and obligations of the parties respecting such survey objections shall be governed by Section 6.1 hereof such that the parties shall have the same rights and objections as though such survey objection disapproved of was a new exception to title which was discovered and objected to within the contemplation of Section 6.1.

7. RISK OF LOSS. Risk of loss or damage from fire, other casualty, or both, is assumed by SELLER until the Special Warranty Deed described in Section 6.1 hereof is delivered by SELLER to PURCHASER at Closing. In the event any portion of the Property is destroyed, rendered unleaseable or dysfunctional by fire or other casualty then the following shall apply:

(a) If the damage, as determined by the insurance adjuster, is not more than \$10,000.00: (1) PURCHASER shall complete settlement and all insurance proceeds relating to the improvements damaged by such casualty loss shall be paid to the PURCHASER, and (2)

SELLER shall pay to PURCHASER on the Closing Date the full amount of any deductible under SELLER'S fire and extended coverage insurance policy applicable to said damage;

(b) If the damage, as determined by the insurance adjuster, is more than Ten Thousand (\$10,000.00) DOLLARS, PURCHASER shall have the option to (1) complete the settlement hereunder and collect all available insurance proceeds relating to the improvements damaged by such casualty loss, in which case SELLER shall pay to PURCHASER on the Closing Date the full amount of any deductible under SELLER'S fire and extended coverage insurance policy; or (2) terminate this Agreement and receive a refund of entire deposit and interest. SELLER warrants that it shall maintain until the Closing Date adequate "All Risk" property insurance.

8. TRANSFER OF TITLE SUBJECT TO. Except as otherwise set forth herein, the Property shall be conveyed subject only to the following:

- (a) The Reversionary interest described in Section 5.3.
- (b) The Permitted Exceptions defined in Sections 6.1 and 6.2.
- (c) Water lines, sanitary sewer, drainage, gas distribution, electrical and telephone easements of record provided that they are used to service the Property, as accepted by PURCHASER during the Inspection Period.
- (d) Unpaid certified assessments payable after the date of the transfer of title.
- (e) It shall be the sole and exclusive responsibility of the PURCHASER to relocate any utilities and any such relocation costs and expenses shall be borne by the PURCHASER.
- (f) PURCHASER shall, in the event of any relocation of the utilities, provide to the City of Delray Beach or the appropriate service provider easements for the relocated utilities.

9. ADJUSTMENTS AT CLOSING. The following are to be apportioned pro-rata to the Closing Date:

- (a) All utilities, security deposits, rental payments, electric, non-delinquent taxes and assessments (real property and personal property) computed on a fiscal year basis, and water and sewer charges.

- (b) SELLER and PURCHASER shall comply with Section 196.295, Florida Statutes, with respect to the payment of prorated ad valorem taxes for the year of Closing into escrow with the Palm Beach County Tax Collector's Office. In the event that, following the Closing, the actual amount of assessed real property tax on the Property for the current year is higher than any estimate of such tax used for purposes of the Closing, the SELLER and PURCHASER shall re-prorate any amounts paid or credited based on such estimate as if paid in November. This shall survive the Closing.

10. CLOSING DATE AND PLACE. The Closing shall occur thirty (30) calendar days after satisfaction of the Conditions Precedent to Closing described in Section 18 below, at the offices of the SELLER'S attorney located at 3099 E. Commercial Blvd., Suite 200, Fort Lauderdale, Florida 33308.

11. DEFAULT BY PURCHASER. Provided SELLER is not in default herein, if PURCHASER defaults in the performance of any of the obligations set forth in this Agreement, SELLER shall provide written notice by SELLER to PURCHASER of such default(s) (the "Default Notice") and PURCHASER shall have fifteen (15) days to cure such claimed breach, unless a longer cure period is approved by the CRA Executive Director (the "Cure Period"). If PURCHASER fails to cure the default during the Cure Period, SELLER may terminate this agreement, the Escrow Deposit shall be forfeited to SELLER as liquidated damages and, thereafter, neither party shall have any further obligation or liabilities under this Agreement, except as expressly provided herein. The parties acknowledge that actual damages would be difficult, if not impossible to determine, and the Escrow Deposit most closely approximates the amount necessary to compensate SELLER. PURCHASER and SELLER agree that this is a bona fide liquidated damages provision and not a penalty or forfeiture provision, and SELLER waives all other remedies including, without limitation, the rights to recover damages in excess of the Escrow Deposit.

11.1 Post-Closing Default by Purchaser. In the event of a default by PURCHASER under this Agreement with respect to any post-closing or surviving obligation or covenant, SELLER may avail itself of any and all remedies available to SELLER as provided in Section 5.2 and Section 5.3 of this Agreement. This provision shall survive Closing.

12. DEFAULT BY SELLER. In the event of a default by SELLER under this Agreement which is not cured within ten (10) calendar days of written notice from PURCHASER, without any default on the part of PURCHASER, PURCHASER, as its sole and exclusive remedies, may either: (i) terminate this Agreement in which event the Escrow Agent shall promptly return the Deposit to PURCHASER, whereupon the parties shall be released from all further obligations under this Agreement except for the obligations that expressly survive the termination.

13. BROKER. SELLER and PURCHASER each represent to the other that they have not dealt with any real estate broker, real estate salesman, or finder in conjunction with this transaction who is entitled to a fee or brokerage commission in accordance with Florida law.

14. COSTS. Upon Closing, the cost for the recording of the deed, documentary stamps and the costs and expense related to the survey shall be borne by the PURCHASER. The recording of any corrective instruments and costs and expenses related to obtainment of title insurance shall be borne by SELLER. PURCHASER, at PURCHASER'S own expense, may conduct and obtain an Environmental Phase I and Phase II, if mandated by the Phase I, of the Property. All costs and expenses related to financing the acquisition and development of the Property shall be borne by PURCHASER.

15. PURCHASER'S WARRANTIES. PURCHASER hereby acknowledges and warrants to the best of PURCHASER'S knowledge that all of the following are true and correct, and all shall survive the Closing:

15.1 PURCHASER has full power and authority to enter into this Agreement and to assume and perform all of its obligations hereunder.

15.2 The execution and delivery of this Agreement and the performance by PURCHASER of the obligations hereunder have been duly authorized by the PURCHASER as may be required, and no further action or approval is required in order to constitute this Agreement as a binding obligation of the PURCHASER.

15.3 The execution and delivery of this Agreement and the consummation of the transaction contemplated hereunder on the part of the PURCHASER do not and will not violate the organizational documents of PURCHASER or any partnership agreement of the PURCHASER, do not and will not conflict with or result in the breach of any condition or provision, or constitute a default under, or result in the creation or imposition of any lien, charge

or encumbrance upon any of the terms of any contract, mortgage, lien, lease, agreement, indenture, instrument or judgment to which the PURCHASER is a party.

15.4 All of the representations, warranties, and covenants or PURCHASER contained in this Agreement or in any other document, delivered to SELLER in connection with the transaction contemplated herein shall be true and correct in all material respects and not in default at the time of Closing, just as though they were made at such time.

15.5 PURCHASER shall indemnify, hold harmless, and defend SELLER, its partners, limited partners, officers, directors, employees and agents against all claims, demands, losses, liabilities, costs and expenses, including attorney's fees, imposed upon or accruing against SELLER as a result of the representations contained in this Section.

On or before twenty (20) calendar days prior to the commencement of construction (which commencement of construction shall occur no later than thirty (30) calendar days after the Closing Date), PURCHASER shall provide SELLER information related to the General Contractor that will be utilized for the construction of the one (1) single-family residence: name, contact, place of business, and license. Additionally, PURCHASER shall submit to the SELLER a City of Delray Beach Business Tax Receipt for the General Contractor. PURCHASER's failure to comply with the terms of this section shall be a default under this Agreement. This provision shall survive Closing.

16. ENFORCEABILITY. If any provision in this Agreement shall be held to be excessively broad, it shall be construed, by limiting and reducing it, to be enforceable to the extent compatible with applicable law. If any provision in this Agreement shall, notwithstanding the preceding sentence, be held illegal or unenforceable, such illegality or unenforceability shall not affect any other provision of this Agreement.

17. NO MERGER. All prior understandings and agreements between SELLER and PURCHASER are merged in this Agreement. This Agreement completely expresses their full agreement.

18. CONDITIONS PRECEDENT TO CLOSING. Each of the following events or occurrences ("Conditions Precedents") shall be a condition precedent to PURCHASER'S obligation to close this transaction:

- (a) That the PURCHASER has not notified the SELLER that it has deemed the property to be unsuitable for its intended purpose as a result of

the investigations conducted on the Property during the Inspection Period.

- (b) Approval of this Agreement by the Delray Beach Community Redevelopment Agency on or before February 25, 2025.
- (c) Approval of the Building Permit application for the one (1) single family resident to be constructed on the Property.
- (d) SELLER shall have performed all covenants, agreements and obligations required by this Agreement, and SELLER's representations and warranties shall be true and correct in all material respects.
- (e) The status of title to the Property shall be as required by this Agreement, and the Title Company shall be prepared to issue an ALTA Owners Title Insurance Policy in the amount of the Purchase Price, insuring PURCHASER's title to the Property described in this Agreement consistent with the Title Commitment marked-up at the Closing, subject only to the Permitted Exceptions and deleting the standard exceptions.
- (f) PURCHASER shall have received Approval of all Developmental Permits for the Intended Use of the Property.
- (g) PURCHASER's delivery to SELLER, ten (10) calendar days prior to Closing of the performance bond, as more specifically described in Section 5.2 above.

19. NO LIABILITY. Unless this Agreement is properly executed by both parties within the specified time period, neither party shall be obligated to perform the covenants herein contained.

20. NOTICE. All written notices shall be deemed effective if sent by FedEx or a comparable overnight mail or delivery service, mailed by U.S. certified mail, return receipt requested, postage prepaid, or transmitted by facsimile or telecopier (i.e. by "fax") or email transmission of PDF copies to the places provided below. Any communication sent by email transmission shall be promptly followed by a copy delivery by one of the other approved methods. Notices shall be deemed delivered and received immediately upon mailing, the next

day after delivery to an appropriate carrier, or receipt or refusal of delivery, whichever is earliest.

Developing and constructing a single-family home with Habitat for Humanity of Greater Palm Beach County involves several key steps to ensure the project's success. Here's a detailed plan outlining our process:

1. Site Selection and Acquisition:

- Identify suitable land for the construction of the single-family home. This involves considerations such as location, proximity to amenities, accessibility, and zoning regulations.
- Negotiate with landowners or relevant authorities for the acquisition of the chosen site. This may involve purchasing the land or securing it through donations or partnerships.

2. Design and Planning:

- Engage architects and designers to create a suitable floor plan and design for the single-family home. The design should adhere to local building codes, Habitat for Humanity's standards, and the needs of the future homeowner.
- Develop a detailed construction plan outlining the materials, labor, and timeline required for the project.
- Obtain necessary permits and approvals from local authorities for the construction.

3. Fundraising and Financing:

- Develop a fundraising strategy to secure the necessary funds for the construction of the single-family home. This may involve soliciting donations from individuals, corporations, and community organizations.
- Explore financing options such as grants, loans, and subsidies to supplement fundraising efforts and cover project costs.

4. Material Procurement:

- Procure construction materials required for the project. This may involve sourcing materials from suppliers, negotiating prices, and ensuring timely delivery to the construction site.
- Explore partnerships with local businesses and suppliers to secure discounts or donations for materials.

5. Volunteer Recruitment and Training:

- Recruit volunteers to participate in the construction of the single-family home. This may include skilled tradespeople, community members, corporate groups, and Habitat for Humanity staff.
- Provide necessary training and orientation to volunteers, ensuring they understand safety protocols, construction techniques, and project goals.

6. Construction:

- Begin construction of the single-family home according to the approved plans and timeline. This involves site preparation, foundation laying, framing, roofing, plumbing, electrical work, insulation, and interior finishing.
- Supervise construction activities to ensure quality workmanship, adherence to safety standards, and compliance with building codes.
- Engage volunteers and community members in various stages of the construction process, fostering a sense of ownership and community involvement.

7. Quality Assurance and Inspections:

- Conduct regular inspections throughout the construction process to ensure quality control and compliance with building codes and standards.
- Address any issues or deficiencies promptly to maintain construction quality and project timelines.
- Collaborate with relevant authorities to obtain final inspections and certifications once the construction is complete.

8. Homeownership Preparation:

- Provide homeownership education and training to the future homeowner, covering topics such as financial literacy, home maintenance, and community engagement.
- Assist the homeowner in securing financing, if applicable, and preparing for the responsibilities of homeownership.
- Facilitate a smooth transition process as the homeowner takes possession of the newly constructed single-family home.

9. Dedication and Celebration:

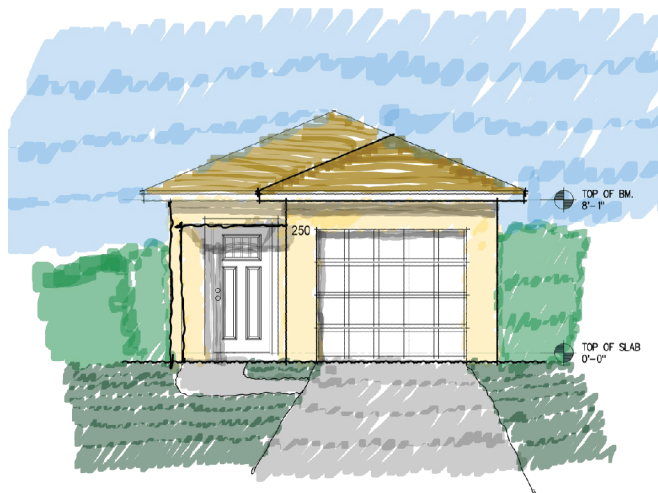

- Host a dedication ceremony to celebrate the completion of the single-family home and the fulfillment of the homeowner's dream of homeownership.

- Invite volunteers, donors, community partners, and local officials to participate in the ceremony and recognize their contributions to the project.
- Present the keys to the new homeowner and welcome them into their new home and community.

10. Post-Construction Support:

- Provide ongoing support to the homeowner as they settle into their new home, addressing any questions or concerns they may have.
- Offer resources and referrals for additional support services, such as homeowner associations, neighborhood programs, and maintenance assistance.
- Maintain a relationship with the homeowner and engage them in Habitat for Humanity's mission through volunteer opportunities, advocacy efforts, and community initiatives.
