- C. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

### **3. PRICING**

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

#### **4. PRODUCT AND PRICING CHANGE REQUESTS**

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be negotiated directly between the Participating Entity and the Supplier. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. -----------	----------	------------

9	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	<p>Over 47 years ago, the founder of Schwarze Industries, Bob Schwarze, was a sweeping contractor. Because he wasn't able to find a sweeper design that truly met his needs, he built the company's first sweeper for his own use in cleaning parking areas. Within a decade, the combination of engineering craftsmanship, integrity, and strong customer services elevated Schwarze Industries to its position as the largest manufacturer of parking area sweepers in the United States. Due to the excellent reputation of its sweepers, Schwarze Industries is fast becoming one of the world's leading manufacturers of road sweepers as well. The Schwarze family credited its success with building innovative, simple-to operate sweepers and backing them with good old-fashioned attention to detail and customer support.</p> <p>In 2000, Schwarze Industries, Inc. was purchased by the Alamo Group (stock sign ALG), a publicly traded company whose various lines of commercial mowers are world-renowned for ruggedness and dependability. That means they can now additionally offer the financial strength and stability of a public company. All Schwarze sweepers are proudly built in Huntsville, Alabama. Schwarze Industries sweepers are in use throughout North America and over 35 countries around the world. Schwarze Industries distributes their "large" sweeper products exclusively through a worldwide dealer network, most of which are "government houses" specializing in equipment purchased by government entities.</p> <p>As a proud subsidiary company of The Alamo Group, Inc. (ALG), Schwarze Industries, Inc. adheres to the following Code of Business Conduct:</p> <p>"We at Schwarze Industries, Inc. are as committed to maintaining the highest ethical standards and to conducting our business in a manner consistent with our moral and legal obligations to our customers, suppliers, employees, shareholders and the public." The Code of Business Conduct and Ethics has been approved and adopted by The Alamo Group's Board of Directors and senior management and covers such concepts as confidential and proprietary information, inventions, conflicts of interest and fair dealing, corporate opportunities, insider trading and tipping, the Foreign Corrupt Practices Act, The Bribery Act 2010 and similar ant bribery laws, antitrust compliance, export controls, fraud, confidential reporting procedures and non-retaliation measures.</p> <p>The Code sets forth specific policies governing their conduct worldwide in Schwarze facilities and where they transact business. This Code is intended to be applied in good faith with reasonable business judgment within the framework of the law and sound ethical practices.</p> <p>It is the Company policy to observe and comply with all laws applicable to Schwarze Industries, Inc. and operations wherever business is located and to always act in a legal and ethical manner regardless of the location. The laws which apply to any given situation may only be the minimum standard. At all times, they must conduct themselves with integrity and honesty. (See Attachment)</p>

Schwarze believes Sourcewell has stepped up to the plate in planning education and information Webinars when travel has not been available.</p> <p>Schwarze is firmly committed to the Sourcewell contract buying concept and is in agreement that it is the way of the future. Schwarze has created a session at their National Dealer Meetings dedicated solely to Sourcewell sales education and training. These sessions include how to properly sell using the Sourcewell contract, question and answer periods, and testimonials from dealers who have had great success. Schwarze has utilized the flexibility that Sourcewell contracts offer and it has become common knowledge for most of their dealers to lead the buying process with this contract. Schwarze has sent senior management representatives annually to the H2O Conference. Schwarze has also agreed to subsidize the contract fees to make the Sourcewell contract even more attractive to their respective dealer sales forces. Schwarze's contract sales have grown over the years and this is a testament of Sourcewell and Schwarze's commitment to the same goal; to offer the best products, service and quantity discounts in support of customers/members. Schwarze has established Breakout Sessions at their National Dealer Meetings where pricing strategy has been and will be a major topic. Schwarze has also developed a secure "Dealer Only" web site that contains the Sourcewell contract and contract pricing, fees and contract required terms and conditions.</p>

This system eliminates over 200 connections and approximately 2500 feet of wire when building a sweeper. It allows for easy addition of options and system upgrades at any time in the machine lifetime. CAN technology conveniently gives operator and service technicians important vital on-board diagnostics for chassis and sweeper in an easy to view full color display. Some examples of this are sweeping hours, gutter broom hours, water pump hours, fuel consumption, percentage of load on engines, engine temperature, oil pressure, hydraulic temperature, and water tank level to name a few. Incorporated through the CAN system is full engine protection for automatic shutdown to prevent engine damage in case of an engine system failure. All CAN switches are color coded for easy identification and ease of use. Overall CAN technology is the now and the future of auto, truck, and machinery operating systems. Schwarze Industries has chosen to embrace this technology and utilize it to its maximum capabilities on their sweepers.</p> <p>Schwarze has just competed their new state of the art On-Line Parts/Service site. The actual participation of each will be dictated by the customer's delivery area. That actual percentage of SBE, MBE, WMBE or Veteran owned business information will be provided to the customer upon request prior to the order being placed.</p> <p>Schwarze is also utilizing a Small Woman Owned Business, DuCo, LLC, to administer any awarded Sourcewell Contract.</p> <p>Schwarze is committed to hiring Veterans and Persons with disabilities in their hiring practices. **Table 9: Warranty**

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
45	Do your warranties cover all products, parts, and labor?	<p>Schwarze warrants their equipment be free of defects in material and workmanship for one year or 1200 usage hours after purchase. Schwarze also warrants new parts be free from defects in material and workmanship for 90 days after purchase. Schwarze covers the repair or replacement of defective parts in both scenarios.</p> <p>Schwarze stainless steel hoppers come with a lifetime warranty. They are warranted against rust perforation and corrosion perforation for the "LIFETIME" of the sweeper of the ownership period of the original owner, of which LIFETIME WARRANTY must be acknowledged on the original sales order. Warranty repairs must be made by Schwarze Industries or authorized agents. This warranty is non-transferable.</p> <p>Schwarze warranties hydraulic valves and motors for a period of 2 years and hydraulic pumps and fittings for 5 years. These warranties are subject to maintenance requirements and annual inspections by a Schwarze authorized agent/dealer. This warranty applies to the original owner only and is non-transferable.</p> <p>All Schwarze Single Engine Sweepers warranty the VPD (single engine drive device) for a period of three years with unlimited hours of use.</p> <p>All labor on pre-authorized warranty items is covered under Schwarze's warranty.</p> <p>Schwarze is committed to providing parts for warranty claims within 48 hours of the claim being filed.</p> <p>There are longer warranty coverage periods for units mounted on commercial chassis. That coverage, for example, would come from the chassis manufacturer and carries a three year standard warranty. Also, some Schwarze models utilize John Deere auxiliary engines that have a two year coverage period. Each OEM component would be covered by their own warranty.</p> <p>Extended multiple year warranties are available to purchase at a "pass through" price for these OEM components when the original purchase of the machine is made.</p>
46	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	<p>The above warranty information states 1200 usage hours. If beyond the 1200 hour standard warranty, warranty would be negotiated.</p> <p>Each component's warranty will carry the original equipment manufacturers warranty.</p>
47	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	The warranty coverage will be reviewed on a case-by-case basis with the customers dedicated Warranty Specialist. Travel time and mileage may be considered to be covered under warranty. Typically, the customer is expected to take the unit in to a local dealer to perform warranty repairs.
48	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Every geographic region of the United States and Canada will be covered by either local dealer's certified technicians or Schwarze will provide each customer specialized assistance for warranty repairs. Each Member not accessible to a local dealer will have to contact Schwarze's dedicated warranty specialists, communicate the issue of concern and receive a written Statement of Warranty work from their Warranty Specialist. If the customer is comfortable with working on the unit with the written permission from Schwarze, they will be shipped parts at no cost, return any defective parts required (at no cost) and will be issued a labor credit at the current dealer warranty labor rate that they may use to purchase replacement parts in the future.
49	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	<p>Schwarze will not cover warranty service for items made by other manufacturers that are part of this proposal. The warranties are issued and serviced by authorized OEM dealers throughout the United States and Canada.</p> <p>Examples of these OEM's would consist of John Deere, Cummins, and Freightliner. If any member should have trouble with this arrangement, Schwarze will help the Member facilitate the utilization of these OEM warranties.</p>
50	What are your proposed exchange and return programs and policies?	Because each unit is built to order, there is no set exchange or return policies.
51	Describe any service contract options for the items included in your proposal.	<p>Customers that outsource their warranty, service or repair work on their equipment may contact the local servicing dealer. Each dealer is independently owned and employ dedicated parts and service personnel.</p> <p>Schwarze dealers have been specifically chosen to represent products based on their sustained financial stability, ability to provide superior product support both before and after the sale. It is important to Schwarze that all of their dealers develop a strong trust and commitment with their local customers. All Schwarze dealers have their own in-house maintenance facilities along with road-side mobile service repair. Each local dealer will have the capability to provide service contracts and do so regularly. These service contracts are dictated by case by case customer relationships. Schwarze does not offer service contract options directly to their customers.</p>

**Table 10: Payment Terms and Financing Options**

Line Item	Question	Response *
52	Describe your payment terms and accepted payment methods?	Payment terms are net 30 days unless otherwise arranged prior to purchase on a case-by-case basis. Payments for units can be paid for my check, wire transfer or Automated Clearing House transfer (AHC). P-Cards can be used to purchase parts only.
53	Describe any leasing or financing options available for use by educational or governmental entities.	Schwarze does utilize municipal and non-profit leasing through third party vendors if there is Member interest. Schwarze does not quote rates or terms for leasing, however it should be known to Members that we have this service available to them. Schwarze will work with other Sourcewell Awarded Vendors (NCL) or any leasing agency of the Member's choice.
54	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	See the attached sample Sourcewell Quote.
55	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Schwarze will accept the P-card or credit cards for all Members with no fees for parts. P-card will not be available for sweeper units.

**Table 11: Pricing and Delivery**

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
56	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	It is Schwarze's intent to offer a percentage discount from the manufacturer list price to the Sourcewell Members on all of the items being proposed in this offer. Schwarze's discount will be based on a percentage off of the profit-making base model portion of this award.  Schwarze mounts their products on commercial truck chassis. In order to provide the customer with convenience and the best pricing available, Schwarze will provide the truck chassis with no profit associated or at a Pass-Through price. This gives the Members the ability to utilize quantity discounts that are offered by the chassis manufacturers to the body manufacturers. Schwarze purchases chassis with substantial quantity discounts. Schwarze will also allow the customer to supply their own chassis in which to mount the body.
57	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Schwarze is proposing a 5% discount from the base model list price for all of their sweeper products.  Schwarze is proposing a 3% discount and free shipping for parts and accessories over \$12,000. on a single order. Members will receive these special discounts after issuing a Purchase Order for parts only with their Sourcewell Member number.
58	Describe any quantity or volume discounts or rebate programs that you offer.	Schwarze will offer additional discounts for volume purchases. There will be an additional 2% discount off the base unit discounted price for a single Purchase Order for 4 or more units.  At this time, Schwarze does not offer any rebate programs.
59	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	It is Schwarze's intention to cover all items available on their commercial price lists. Schwarze does realize, from time to time, there may be individual requirements that will not be listed. Schwarze will provide any items "specific" to Sourcewell Members needs that they are able to. The pricing for such items will be cost plus 20%. Prior to accepting an order with Open Market items from a Sourcewell Member, Schwarze will discuss the availability of a specific request and price the item. Any documentation of cost that Schwarze can provide for these items will be presented on an individual basis when requested.

60	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	<p>There are several costs not included in the pricing submitted in this proposal. These costs are listed below:</p> <p><b>Freight and Delivery:</b> Freight costs will be pre-paid and added to the Members Quote and Invoice. Small items will be, in most cases, delivered by UPS. Other freight carriers may be utilized in shipments, i.e. Federal Express, DHL and common carrier for truck freight. The actual cost of shipment will be passed through to the customer. Schwarze will not mark up this item for profit. Minimal handling fees may be added where special packaging is required. The Member will be notified of these charges if applicable prior to order placement.</p> <p><b>Federal Excise Tax:</b> Schwarze is required by law to collect Federal Excise Tax on any truck mounted unit rated above 33,000 GVW. This tax will be added to the customer invoice as a separate line item. Schwarze will pay this tax directly to the Internal Revenue Service. The rate of tax is calculated at 12%. Most municipal and non-profit entities are exempt from this tax. If Schwarze is provided a Federal Excise Tax Exemption Certificate, they will not be required to collect this tax.</p> <p><b>Mounting Fee:</b> This fee is charged to the customer when ordering a truck mounted unit. Mounting fees cover the cost of the mounting of the body on the desired truck chassis.</p> <p><b>Federally Mandated Items:</b> The cost of any federally mandated items will be passed on to the Member. Schwarze pricing includes any federally mandated items that are mandated at the time of this proposal. Should there be a Federal Mandate after the date of this proposal, any cost incurred to meet the requirements of this mandate will be passed on to the member. Any costs applicable will be provided to the Member prior to any Purchase Order being issued. This fee would typically be charged to meet any future EPA standards that may arise. An example of such costs would be in meeting Federal Emission Standards.</p> <p><b>Local Dealer Pre-Delivery Inspection, On Site Training, and Local Delivery Fees:</b> These costs are charged by local dealers to inspect, test, in service the unit, local extended delivery and follow up training. These costs are a pass through cost to the member from the local dealer.</p>
61	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	<p>All freight charges are pre-paid and added to the Member quotation for convenience. Members always have the choice of picking up the units at the factory or retain a 3rd party of their choice to deliver the equipment. The freight charges are at a pass-through price. Schwarze has negotiated quantity-discounted shipping rates and will pass those discounts on to the Members.</p> <p>Most offered items are custom built to customer specification. Anticipated delivery of items ordered on a stock chassis or customer supplied chassis is expected to be 45-90 days after receipt of order or customer chassis. Anticipated delivery of an item ordered on a "special order" chassis is expected to be 120-180 days after receipt of order; however, this time can vary greatly depending upon chassis manufacturer back log.</p> <p>Delivery of truck mounted units will be pre-paid and added to Member Quotation and Invoice. Both "Drive-A-Way" service and common carrier service will be used.</p>
62	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	<p>The shipping and delivery charges for Canada, Alaska and Hawaii and any other off shore location are the same as the previously stated delivery programs for the contiguous US. The shipping charges to the port location will be calculated in the same manner.</p> <p>If the customer wishes that Schwarze deliver via ocean transport, Schwarze will pass on the negotiated shipping rates that they will pay to the ocean transport carrier to the Member. It has been their experience that the customers in these locations usually have their own negotiated rates with shipping carriers. If this is the case, Schwarze will provide the customer shipping to their desired port and provide the customer with the appropriate documentation required. Schwarze strives to provide the equipment as customer specified and to their satisfaction upon delivery.</p>
63	Describe any unique distribution and/or delivery methods or options offered in your proposal.	<p>As stated above, Schwarze does pass on negotiated, competitively bid freight pricing to their customers.</p> <p>Most of the Schwarze Dealers do have units in stock and Member's can purchase those units to enhance delivery times and in some cases better prices for any previous year's inventory.</p>

**Table 13: Audit and Administrative Fee**

Line Item	Question	Response *
65	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	<p>Due to the unique nature of this proposed contract representation, Schwarze builds in an automatic audit process.</p> <p>DuCo, LLC, being the proposed Contract Administrator and single source for Sourcewell quotations, allows for this self-audit process. Schwarze will not have to rely on multiple reports from individual dealerships for an accurate accounting of sales. DuCo will have the ability to account for every sale at time of order. There is no after-the-fact gathering of information. DuCo prepares the quotation for each Member under the Contract guidelines. Every Sourcewell Member quotation delineates the Sourcewell Contract Number. When a Purchase Order is received, Schwarze will require the Purchase Order to reference the contract number. This process makes it clear for all personnel to recognize that it is a Sourcewell contract sale. The sale, when received, is booked and accounted for on the Sourcewell sales spreadsheet. This makes the end of quarter reporting complete at the actual end of quarter.</p> <p>As a secondary check, when Schwarze receives a payment for a unit, Schwarze will verify the contract used in its purchase. This ensures the correct accounting for the sale on a second level.</p>
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	<p>Schwarze values the ability to service Sourcewell Members with their products. In order for Schwarze to ensure they are providing a product that Sourcewell Members want, they will be evaluating the sales, Quarterly and Annually, to ensure growth. Schwarze will respond accordingly to specific regional performance through Dealer Training as well as participation in Sourcewell training classes.</p> <p>As a member of the Alamo Group, Schwarze is expected to increase their sales each year. Schwarze operates with an annual marketing plan to ensure that they maximize their outreach to potential customers, including Sourcewell Members in order to achieve their goal. It is Schwarze's goal to not only increase its company sales to Sourcewell Members each year but increase their market share within the sweeper products offered to Sourcewell Members. If they are able to see measured increase in Sourcewell market share when compared to other companies in their product category, they feel this is a strong measurement of success with the Sourcewell Contract.</p>
67	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Schwarze proposes an administrative fee of 1%. The fee will be calculated on the Member price less Chassis cost, sales tax (if applicable), and dealer prep/delivery fees.

**Table 14A: Depth and Breadth of Offered Equipment Products and Services**

Line Item	Question	Response *
68	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	<p>Regenerative Air Sweeper Machines</p> <p>A4 Storm - 4.5 Cubic Yard Non-CDL regenerative air road sweeping truck. **PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE**

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
