

VEHICLE TOWING AND STORAGE  
SERVICES  
SOLICITATION RFQ 2023-007

## Letter of Introduction

Since 1969, the Kauff's Group of Companies have provided towing and recovery services to numerous Municipal, County, State, and Federal law enforcement agencies, various National Motor Clubs, a diverse range of Commercial Fleets and Enterprises ranging from light duty to heavy duty, and most importantly, the Citizens of the State of Florida and its Guests. As a service provider for decades Kauff's has been a long-term service provider for many law enforcement agencies and municipalities throughout the South Florida markets of Dade, Broward, Palm Beach, and Martin counties. We recognize the value and understand the requirements established by this RFQ for the City of Delray Beach and are highly qualified and experienced to execute the needs of the City and its visitors.

From its beginning in Lake Park, Florida in 1969, Kauff's Transportation has grown from a single truck providing services to a single motor club and the local community, to a full service, multi-terminal Towing, Recovery and Specialized Transportation Company. With terminals in Broward, Collier, Dade, Palm Beach, Hillsborough, Martin, Orange, Pasco, and St. Lucie Counties our fleet of specialty towing trucks and equipment have been the solution to the most complex breakdown and emergency situations across the State of Florida.

In August of 2017, The Kauffs group of companies created Guardian Fleet Services, a new corporation to begin a consolidation effort in the Towing and transportation market. During the last six years we have acquired many of the top towing and transportation companies in all the top markets in the state of Florida. Guardian Fleet Services is our parent company that has over 500 employees and operates over 500 power units (trucks) and another 125 or so trailers. When we created this company, we created it with our employees in mind creating an ESOP (employee stock option program). This gives our employees a percentage of ownership in Guardian Fleet just like Publix or Fed Ex. We did this to retain the absolute best workforce in our industry.

One of the most important features of these mergers and acquisitions is the change to an ESOP. This gives our employees an equity stake in the business through tenure programs. The new program gives tenured employees a long-term retirement program funded by the overall company success. In short, this equity increases or decreases based on the overall job performance of every employee, every call, every day thus ensuring exemplary customer service.

Combined the companies operate the largest fleet of Towing, Recovery and Specialized Transportation vehicles in the State of Florida. Our Heavy-Duty Fleet consists of over fifty Heavy Duty Wreckers including twenty-five Rotators ranging from 50-ton to 75-ton. Most recently, GFS acquired the first and only 100 Ton Heavy Duty Rotator in the State of Florida and one of 7 in the country. Each of these wreckers are operated by well-trained certified and experienced recovery operators. We have, both independently and combined, a total number of units and operators far more than the minimum requirements contained in this RFQ allowing us to provide immediate services to multiple events within the City of Delray Beach.

Our location for this RFQ is located in Boynton Beach at 4010 Thor Dr, Boynton Beach, FL 33426 our secondary location is located at 1980 NW 1<sup>st</sup> Ave, Boca Raton, FL 33432 we have a full-service dispatch center familiar with local needs and requirements as well as a full storage facility with evidence holds, a fleet maintenance shop and

mechanics, well trained and qualified wrecker operators as well as dispatchers with access to phone communication, digital communication, GPS and camera tracking ability.

Our corporate office is located at 4701 East Ave, in West Palm Beach, this is our main dispatch center. Completed in 2008, this facility is equipped with redundant communication abilities, an independent generator that powers the entire facility and specially designed construction meeting the most recent requirement for Hurricane impacts.

Our dispatch center always has dispatchers on site. Our qualified dispatchers not only use standard dispatch processes, but additionally have access to digital dispatch. Digital dispatch is a complex and new technology in our industry which allows our office staff access to our truck location via GPS, drivers hours with ELD (electronic logging device) units, and video from the multiple on-board truck cameras showing forward facing and driver facing recording. Currently, we are investing in technology to also record the rear of our vehicles and the loading process to protect our customers, employees, and the agencies we service from liability.

As a long-term service provider to many law enforcement agencies and municipalities, we recognize the value of partnering with well qualified, associated Towing and Recovery providers. We have learned to "Expect the Unexpected", whether it be the location of an incident, the serviceability of a specific truck, or the availability of an operator. Our access to the largest number of qualifying trucks and operators for this contract enables us to successfully meet our obligations and requirements under the terms of this RFQ. This unparalleled access makes our team an extraordinary fit for this RFQ inclusion. As a team we are dedicated to education and certification of our staff and more importantly to serving the community that we have all lived in. We are available twenty-four hours a day, seven days a week, 365 days a year. We all take pride in our job and the profession we have chosen; our reputation speaks for itself amongst local agencies.

As founding member of the Towing and Recovery Association of America -TRAA, The Professional Wrecker Operators of Florida, PWOFF, and more recently the Sunshine State Towing Association, SSTA, the Kauff's Group of Companies have continuously demonstrated our passionate commitment to Safe Practices and Training for all staff members and the associated workers they come in contact within the performance of their jobs. More importantly the safety of the consumer and the motoring public are dependent on our abilities and safety during any event. As founding members and officers of these fine organizations, we advise and support the industry on numerous issues regarding safety, education, training, representation, and process improvements. Driver certification, OSHA workplace safety and compliance, Miller Industries "Ring Leader" training, Traffic Incident Management and MOT training and certification are all imperative parts of our workplace training. Our Vice President of South Florida for Guardian Fleet Services, Sean Loscalzo serves as the current Training Director for the SSTA.

We have an extensive variety of towing equipment to handle any situation. Our equipment ranges from light duty wreckers, low-profile self-loaders, flatbeds, medium duty wreckers, heavy duty recovery wreckers and heavy-duty rotators, Landoll-Lowboy trailers along with paired tractors as well as a fully equipped Rapid Incident Scene Clearance Trailer. All this equipment allows us to recover and tow anything from a small job like a moped to a large job like a fire truck or rolled over tractor trailer. In addition, we have indoor storage available for vehicles that must be investigated.

Florida Statute 166.04465 allows a 25% administrative fee to be imposed on tows and paid to the city. Kauff's of Palm Beach Inc. would agree to facilitate this fee to the City of Delray Beach on each vehicle retrieved on a monthly basis at the request of the city.

Kauff's of Palm Beach, Inc nor any other merged entities of Guardian Fleet Services, Inc. have not been in default, termination, litigation, or debarment related to the goods or services sought in this RFQ.

## Firm Information

Kauff's of Palm Beach Inc. is a Florida "C" Corp and our FEIN Number is 59-1371159. Guardian Fleet Services is the parent Company of Kauff's Transportation. Geoff Russell is the President, Sean Loscalzo and Scotty Crockett are the Vice President and Mike Welch is Treasurer and Secretary. Kauff's Transportation in West Palm Beach has approximately fifty employees; please see attached list of key personnel. The Kauff's brand is a statewide company currently servicing all the markets in the southeast region of Florida (Palm Beach, Broward, Dade County, Martin, and St Lucie) we serve many other similar contracts throughout the State as well.

Tom Tedford, COO, (Phone Number 561-646-1964), Sean Loscalzo, Vice President, (Phone Number 954-444-4814), and Gene Craig, Operations Manager, (Phone Number 561-719-9546) will be the direct contacts for this contract. Natalie Hunter will be the administrative contact assisting both the Operations Manager, COO, and Vice-President in managing this contract. Our regional Palm Beach dispatch facility was established in 1979, located at 4701 East Ave, West Palm Beach, FL 33407. Our primary address for this contract will be 4010 Thor Dr, Boynton Beach, FL, 33426. Our secondary address will be 1980 NW 1<sup>st</sup> Ave, Boca Raton, FL 33432.

Kauff's has a half century of experience providing towing and recovery services to all disciplines of governmental agencies. **Our belief is there is no substitute for experience.** Since 1977, Kauff's Transportation has actively participated in both of Florida's towing associations as founding members to help raise awareness and support for the towing industry. Kauff's, as a leader in this industry, has helped to standardize training for light duty, medium duty, and heavy-duty towing certification in the State of Florida with the Sunshine State Towing Association (SSTA). Both Geoff Russell and Sean Loscalzo have served as President of the SSTA in the past decade. Sean Loscalzo has been the Training Director with the SSTA since 2013, and currently helps educate and train over 500 employees throughout the State.

<b>Part II Certification</b>																																																	
Under penalties of perjury, I certify that:																																																	
1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and																																																	
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and																																																	
3. I am a U.S. citizen or other U.S. person (defined below); and																																																	
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.																																																	
<small>Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.</small>																																																	
<table border="1" style="width: 100%; border-collapse: collapse;"><tr><td style="width: 15%; padding: 5px;"><b>Sign Here</b></td><td style="width: 60%; padding: 5px;">Signature of U.S. person ▶ </td><td style="width: 25%; padding: 5px;">Date ▶ <b>01/01/23</b></td></tr></table>					<b>Sign Here</b>	Signature of U.S. person ▶	Date ▶ <b>01/01/23</b>																																										
<b>Sign Here</b>	Signature of U.S. person ▶	Date ▶ <b>01/01/23</b>																																															
<b>General Instructions</b>																																																	
Section references are to the Internal Revenue Code unless otherwise noted.																																																	
<b>Future developments.</b> For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to <a href="http://www.irs.gov/FormW9">www.irs.gov/FormW9</a> .																																																	
<b>Purpose of Form</b>																																																	
An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.																																																	
<ul style="list-style-type: none"><li>• Form 1099-INT (interest earned or paid)</li><li>• Form 1099-DIV (dividends, including those from stocks or mutual funds)</li><li>• Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)</li><li>• Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)</li><li>• Form 1099-S (proceeds from real estate transactions)</li><li>• Form 1099-K (merchant card and third party network transactions)</li><li>• Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)</li><li>• Form 1099-C (canceled debt)</li><li>• Form 1099-A (acquisition or abandonment of secured property)</li></ul>																																																	
Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.																																																	
If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See <i>What is backup withholding</i> , later.																																																	

## **F. GEOFFREY RUSSELL RESUME**

CEO of Guardian Fleet Services

### **Qualifications:**

- President of Kauff's of Palm Beach Inc.
- President of Manufacturing/Dealer in towing, recovery, and hydraulic mounted Equipment
- President of Distribution Group for Miller Industries
- Vice President of Operations for RoadOne; a Nationwide Towing & Recovery company
- Past Director at Large for PWO
- Past President of the Sunshine State Towing Association
- National TIM Responder Training - SHRP 2 – Certificate
- Maintenance of Traffic for Incident Responders Course – Certificate
- Special Hazards Training Program - Certificate
- Representing Member of FDOT District 4 TIM Team

- OSHA Certified
- FDOT Traffic Incident Management (TIM) Online Course - Certificate
- FDOT Traffic Incident Management (Sharp2) – Certificate
- Maintenance of Traffic for Incident Responders Course – Certified
- Drug & Alcohol Reasonable Suspicion Training for Managers Certification
- Member of the Sunshine State Towing Association

# ORGANIZATIONAL CHART

## Experience, Ability and References

Since our company was founded in 1969, fifty plus years ago, we have had one goal that clearly defined our objectives and mission statement: to be recognized by the motoring public as a premier service provider in the towing and recovery industry. Since our inception, the Kauff's group of companies have provided "Quality" towing, recovery, specialized transportation and storage services for numerous Municipal, County, State and Federal Police agencies throughout South Florida.

Kauff's of Palm Beach is a Florida "C" Corp and our FEIN# is 59-1371159. Our regional Palm Beach dispatch facility was established in 1979, located at 4701 East Ave, West Palm Beach, FL 33407. Our primary location for this RFQ will be 4010 Thor Dr, Boynton Beach, FL, 33426. Our secondary address will be 1990 NW 1<sup>st</sup> Ave, Boca Raton, FL 33432.

Natalie Hunter, Office Manager, will be administrative contact and will assist Gene Craig  
Ph (772) 224-1544 Fax (561) 840-0922 Email: [nhowell@kauffstowing.com](mailto:nhowell@kauffstowing.com)

Gene Craig, Terminal Manager, will be the primary contact for referenced RFQ.  
Ph (561) 719-9546 Fax: (561) 840-0922 Email: [gcraig@kauffstowing.com](mailto:gcraig@kauffstowing.com)

Guardian Fleet Services is the parent Company of Kauff's Transportation. Geoff Russell is the President, Scotty Crockett and Sean Loscalzo are both Vice President and Mike Welch is Treasurer and Secretary.

Kauff's has invested in state-of-the-art dispatch, communication and tracking capabilities for all services we provide, in the event of a catastrophic weather we offer redundant backup facilities from our recently constructed Head Quarters located at 4701 East Ave. West Palm Beach, FL 33407. With a total of almost 500 pieces of state-of-the-art towing and recovery equipment based in the five southern counties Kauff's has always provided uninterrupted service regardless of time, weather, or seriousness of any event. We continue to invest in equipment, facilities, staff, and training to continue to meet the needs of the citizens we serve and protect.

It has always been our goal to meet the expectations of all customers regardless of specific needs or size. The quality of our facilities, equipment and most importantly our people ensure that a call to any of our companies will prove to be the "Smart Choice". We thank you in advance for your consideration. We are committed to the citizens of Palm Beach and their guests. As many of our staff reside in the immediate and surrounding communities, we are often involved in community functions and events. We understand that the need for our services often is a continuation of a very stressful event in a motorist's day and are dedicated to making the experience as stress free as possible.

The technology in motor vehicles is rapidly changing faster than ever and continuing education helps for safer and more efficient towing practices. If you have ever used Apple, Google or Waze mapping to arrive to your

destination timely, you should have started to notice messages of disabled vehicles or vehicle crashes ahead. We have taken advantage of this new technology installing a device in each of our vehicles providing a service which activates when the emergency vehicle lights are activated sending out a message to inform the motoring public to slow down and move over for emergency vehicles with Kauff's Towing working in the roadway. It will display in the map and send out an audible message. This new technology, called Haas Alert, assists in everyone's safety: the motoring public, and especially all the vulnerable emergency responders in the roadway including tow operators, law enforcement and fire/rescue.

Additionally, we use software called Mvark Management Systems for all operators on the road. This innovative program monitors the operators' licenses allowing us to know if their license will expire soon, if it becomes suspended or any other issues that would occur to make an operator not eligible to operate a motor vehicle.

Light duty operators must have a minimum of sixteen hours of light duty towing and recovery training with ten hours of curriculum and six hours of hands-on training. Once an operator is Light Duty certified, a tow operator can "move up" to Heavy Duty certification with another 16-hour course on towing ability of Heavy-Duty vehicles over 15,000 pounds. Once completing the 16-hour heavy duty course, this tow operator can be certified in Ultra Heavy-Duty Rotator training with a 36-hour course in Ultra Heavy Rotator Training and Recovery.

These courses all target safety and working within the limits of the equipment along with dealing with customers and teaching the operators to listen to the customer and their needs for service. We emphasize solving problems, not creating them. These courses identify the safe working load limits of the equipment being used to the chains, wire rope, and the proper procedures required for tie down of vehicle according to the Department of Transportation. All these courses must be updated every five years to meet the continuing education requirements. The technology of motor vehicles is rapidly changing faster than ever, and continuing education develops safer and more efficient towing practices.

Kauff's Transportation strives for excellence and professionalism in providing customer service both inside and outside the organization. We strive for a few important customer service mottos to make a priority daily:

- Always answer the phone with a smile.
- Greet our customers promptly, cheerfully, and respectfully.
- Listening carefully and give full consideration to the requests and concerns of others. Communicating honestly, courteously, and knowledgeably to all customer inquiries
- Providing follow-through for our customers promptly, responsibly, and efficiently.
- When quoting customers, we honor and abide by all communications.

Kauff's of Palm Beach's responsibility is to provide excellent service to the motoring public. While praise is always welcome, constructive criticism is another helpful tool in delivering the top-notch service our customers have come to expect from Kauff's groups of companies. Kauff's would not want to tarnish our stellar reputation over the cost of a simple tow. We will always work with customers for a positive outcome.

The purpose of this policy is to establish uniform standards and procedures for responding to customers, thus making sure those responses are timely and issues do not hamper our reputation. The policy strives to treat every interaction with the public as an opportunity to produce a satisfied customer, or at least one who feels that he or she was listened to and taken seriously, even if it was not possible to meet his or her request.

This policy outlines a procedure for responding to complaints, requests for service and questions that come to Kauff's of Palm Beach Inc. via call, letter, or email. Complaints about the performance of specific employees are handled by the department manager in conjunction with our operations team. When possible, complaints, questions and requests for service should be resolved in "real time" on the same day they arrive. However, in many instances, follow-up is necessary to fully understand and resolve the issue.

If immediate resolution is not possible, Kauff's Transportation Office Team will take down the necessary information and let the customer know when and from whom he or she can expect a response. The department receiving the information is responsible for resolving the issue per our above standards. Since customers do not always know to whom to direct their concerns, any team member answering the phone, or assisting the customer is expected to reply to convey the message to the appropriate team manager. Our marketing department answers every google, Facebook or social media review. We care about our social media footprint and try to resolve every complaint.

Kauff's spends time and resources in maintaining our records both for municipal contracts, our national fleet accounts as well as just the day-to-day consumer. Kauff's utilizes Two books for the last five years, an online web-based towing software platform. All data is stored digitally in a cloud-based file on the web in which they back up every piece of data to two offsite servers giving not only redundancy but a secure feeling nothing will be lost. This comprehensive towing software program utilized within the industry helps manage our dispatching needs as well as all incoming vehicles to the impound lot. All invoices, related pictures, and additional documents relating to a particular invoice will be computerized and accessible for many years to come with just two keystrokes. We are able to tabulate and accurately decipher between tire changes, jumpstarts, accidents, arrests, investigations, abandonments, et al cetera. Along with tracking the vehicles enter and leave our yard, we also have the ability to track our trucks in real time by GPS by software installed in the vehicles known as Samsara. This GPS software enables us to dispatch our closest truck and most experienced operator to a request for service. This data will be invaluable to your staff in the way it is categorized and delivered to whoever tabulates the towing information.

Kauff's of Palm Beach Inc. is currently in possession of all equipment and personnel required to meet and exceed the requirements set forth in RFQ 2023-007 for the City of Delray Beach.

# CERTIFICATIONS

## **Size, Diversity, Condition & Location of Fleet**

Kauff's of Palm Beach Inc, has full ownership of all equipment listed below, all equipment will be located at our Boynton Beach and Boca Raton locations as well as in the City of Delray Beach and the surrounding areas of Delray Beach. Kauff's operators are required to perform daily truck inspection, we maintain records of these daily inspection logs. These inspections are routinely performed by our Wrecker Operators before they operate any vehicle. The daily inspection covers all parts of the unit including electrical systems, hydraulic systems, pneumatic systems, mechanical components, winching systems, securement tools and all safety related equipment. Identification of any maintenance item that does not impact the safe operation of the vehicle is scheduled by each terminals service department. Regular preventive maintenance "PM's" are scheduled on either predetermined mileage or hours of service perimeters. All non-warranty repairs are performed in a Kauff's or Guardian repair center under the supervision or directly by an ANSI certified technician located and employed in the specific terminal.

Kauff's of Palm Beach Inc. has access to the full Guardian Fleet Services Fleet consisting of 300 Light-Duty wreckers, Our Heavy-Duty Fleet consisting of 50 plus Heavy Duty Wreckers including 25 50-ton fixed boom wreckers and 25 Rotators ranging from 50-ton to 75-ton. Each of these wreckers are operated by well-trained and qualified Recovery Operators. Additionally, we have a total number of units and operators far in excess of the minimum requirements contained in this RFQ. This fleet allows us to provide immediate services to multiple events within our area and allow coverage for unexpected circumstances.

Longer term, the replacement of Capital Equipment such as Rotators, Wreckers, Carriers and Skid Steer Loaders is driven more by hours of service, dependability, and technology. The Wreckers required to meet the requirements of this RFQ are manufactured for the most part in either Chattanooga, Tennessee or Greencastle, Pennsylvania. Understanding the exact use and load factors for any emergency recovery are often unidentifiable and approximations, equipment is often tested to the extreme and over a period of time subject to failure. With 50 years of experience in recovering numerous pieces of equipment, vehicles and aircraft we have learned to "Expect the Unexpected". Kauff's and its well tenured mechanics understand and look for material failures prior to the total failure of any component. A key component to this RFQ is the availability of qualifying backup equipment and personnel.

Geoff Russell the President of The Kauff's Group of Companies and CEO of Guardian Fleet has 35 years of experience with Miller Industries and its subsidiaries as President of Miller Industries Distributing, the retail sales division for Miller, VP of Operations for Road One, a national consolidator of Towing and Recovery Operators for 1996 through 2003 and VP of Operations for Century Wrecker Corporation. His experience as Plant Manager and relationship with many of the Nation's top equipment distributors, truck and component manufacturers allows for a unique perspective as to problems and solutions on all aspects of wrecker operation and ownership.

In addition, rough terrain forklifts "Telehandlers" have been added to our South Florida Equipment lists. These units have the ability to drive off road and have long reach capabilities required to expedite offloading and reloading trailers on the side of the road. Additionally, the company owns two large rubber-tired loaders available from our yard. The control and availability of this type of equipment will expedite removal of all debris, freight, burned vehicles and any other vehicles that block the roadways.

## Boynton Beach Location to Delray Beach

## Boca Raton Location to Delray Beach

# Storage Facility and Locations

Our impound facility is located at 4010 Thor Dr, Boynton Beach Florida 33436, in a 21,000 sq ft building. Our inside office space is 600 sq ft with 20,000 sq ft of inside storage. The outside storage is 1.59 acres paved and secured by chain link fencing; our secure storage facilities are manned 24/7 with security cameras providing detailed viewing of all areas within the fence line. Mechanical hoists and pits allow for safe and efficient inspection of all secured vehicles meeting all requirements for "Chain of Evidence" procedures. Our facility can hold approximately 25 vehicles inside and 75 vehicles outside. Depending on the incident location Kauff's has 3 access points from this location all within 0.8 miles of The City of Delray Beach.

Our secondary location is located at 1990 NW 1<sup>st</sup> Ave Boca Raton, Florida 33432 in a 7000 sq ft building. Our inside office space is 500 sq ft with 6500 sq ft of inside storage. The outside storage is .5 acres paved and secured by chain link fencing; our secure storage facilities are manned 24/7 with security cameras providing detailed viewing of all areas within the fence line. Our facility can hold approximately 20 vehicles inside and 50 vehicles outside. Depending on the incident location Kauff's has 3 access points from this location all within 4 miles of The City of Delray Beach.

Having two locations within 0.8 to 4 miles of the City of Delray but at opposite ends gives our company unparalleled access to any incident location within Delray Beach. All Guardian locations have on-site fuel tanks that keep our operations running in any weather. Kauff's is staffed by on-site dispatchers 24 hours a day, 7 days a week. We never use a third-party call center. In addition, our office staff is trained and certified by the Florida Department of Transportation which adds a level of knowledge for our call takers that very few in the industry can boast. Dispatchers at Kauff's have access to Vehicle Tracking Software enabling our Wreckers to be monitored consistently in real time. Our redundant communication ability allows us to dispatch to any Guardian facility within the state and have access to all of Guardian Fleet Services Wrecker Operators.

All Guardian facilities have Proprietary dispatch systems and software that allow for immediate access to towing and storage data inclusive of time stamps, service requirements and invoicing. They are also equipped with Network Video Recorders (NVR) surveillance systems, which have four terabytes of space on several drives storing video and audio for approximately one month. These sixty plus NVR cameras allow our staff to monitor the interactions with customers and keep a watchful eye on all the vehicles in any of our facilities. The data or playback is easy to access from a computer or mobile device from anywhere.

In the event of a catastrophic weather event or loss of power, our facilities are equipped with a generator to aid in continuous operation, should this backup system totally fail we have recently completed our regional dispatch facility in Palm Beach County providing additional backup systems, telephone, and radio coverage across the state.

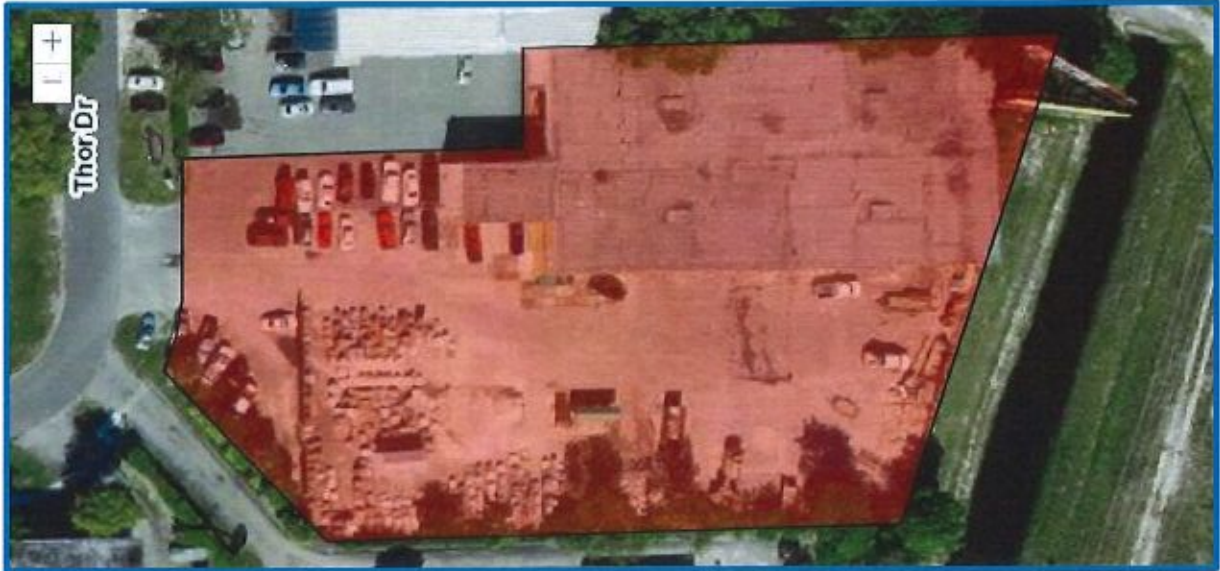

Our administration center for Kauff's of Palm Beach Inc. is located at 4701 East Ave, West Palm Beach Florida 33407 in a 13,600 sq ft building completed in 2008 to withstand our rough weather patterns. This location is ADA compliant and boasts a 35kw generator. This location is not within the zone for this RFQ but could and will assist if any major storm or event occurs within The City of Delray Beach.

All facilities used by Kauff's in conjunction are owned and controlled by the officers of the company except for our Stuart, Boynton Beach and Boca locations. Our Stuart location has been leased for the last 28 years, our Boynton Beach location was leased in March 2023 and our Boca location has been leased for 10 years. All facilities meet the criteria as dictated in this RFQ as well as the respective municipalities and county.

### LEASE AGREEMENT

THIS LEASE AGREEMENT is made as of March 15<sup>th</sup> (the "Commencement Date"), by and between Ther H. Kauff (the "Landlord"), and Kauff's of Palm Beach, FL, LLC (the "Tenant").

### BACKGROUND

Landlord, for and in consideration of the rents hereinafter reserved and the covenants and conditions herein undertaken by or imposed upon Tenant, hereby leases, lets and delivers to Tenant, and Tenant hereby leases and takes from Landlord, certain real property and the improvements thereon located at 8010 Truda Dr, Boynton Beach, FL 33435, more particularly described on Exhibit "A" attached hereto and incorporated herein by reference, subject to the following terms, conditions, and covenants:

- TERM.** The initial term of this Lease (the "Term") shall commence on the Commencement Date, and shall continue for a period of 36 (thirty-six) months (the "Term"), unless extended by the Tenant in writing. For purposes of this Lease, reference to "lease year" shall mean each successive twelve (12) month period during the Term commencing on the Commencement Date and on each anniversary thereof.
- EXTENSION.** Landlord hereby grants Tenant 3 (three) option(s) to extend the Term, each for an additional 3 (three) year period, upon the same terms and conditions as provided herein provided that the Tenant notifies Landlord in writing of its intent to exercise any such option at least one hundred eighty (180) days prior to the end of the then current Term and no later than the date (or dates) hereinafter defined for renewal or its expiration at the time that Tenant exercises any such option.
- END OF TERM.** Upon the expiration or earlier termination of the Term, Tenant shall remove the Improvements in the same order and condition in which they are in on the Commencement Date, and shall be responsible for any damage to the Premises caused by the Improvements. All Improvements to the Premises made by either party shall remain upon and be removed with the Premises as a part thereof except that Tenant shall have the right to remove all of Tenant's movable furniture, fixtures and equipment. All damage and injury to the Premises caused by such removal shall be repaired by Tenant at Tenant's sole expense. If such property is not removed by Tenant prior to the expiration or termination of this Lease, the same shall, at Landlord's option, become the property of the Landlord.
- HOLDOVER RENT.** Landlord and Tenant agree that the damage to Landlord resulting from any failure of Tenant to timely remove possession of the Premises may be substantial and will be impossible to accurately measure. Tenant therefore agrees that if possession of the Premises is not surrendered to Landlord on or before the expiration or earlier termination of the Term, in addition to any other rights or remedies Landlord may have hereunder or at law, Tenant shall pay to Landlord for each month (or any portion thereof) during which Tenant holds over in the Premises

Landlord's Term shall be the last signed and dated copy of this agreement.

### BUSINESS LEASE

THIS BUSINESS LEASE, hereinafter called "Agreement", is "Lease" entered into as of the 1st day of March, 2023, between TUNE RITE NORTH INC., a Florida corporation whose address is 1900 NW First Avenue, Boca Raton, FL 33432, hereinafter called "Landlord" and EMERALD TRANSPORTATION CORPORATION, a Florida corporation, whose address is 8000 S. Powerline Road, Deerfield Beach, FL 33441, hereinafter called the "Tenant".

- 1. THE PREMISES.** Landlord, in consideration of the rent and covenants hereinafter contained, leases to Tenant, and Tenant lets from Landlord, the Premises located at 1900 NW 1st Avenue, Boca Raton, FL 33432.
- 2. USE OF PREMISES.** The Premises are to be leased to the Tenant for the operation of a trucking and intrastate vehicle storage and are not to be used for any other purpose.
- 3. TERM AND RENT.** The term of this Lease shall be for a period of five years (5) commencing on the 1st day of March, 2023. The Lease may be terminated at any time by Landlord upon 30 days written notice to Tenant. The Tenant shall hold the Premises during the term of this Lease and pay monthly rent, plus applicable sales tax, as follows:  
March 1, 2023, to February 29, 2024 - \$7,230.37 net plus \$408.92 tax = \$7,779.29 per month, plus railroad rent will be monthly \$367.56. The total of monies due monthly is \$8,046.79.  
March 1, 2024 to February 29, 2025 - \$7,461.18 net plus \$529.28 tax = \$8,000.46 per month, plus railroad rent will be monthly \$289.88. The total of monies due monthly is \$8,371.34.  
March 1, 2025 to February 29, 2026 - \$7,863.63 net plus \$559.45 tax = \$8,414.08 per month, plus railroad rent will be monthly \$394.97. The total of monies due monthly is \$8,799.00.  
March 1, 2026 to February 29, 2027 - \$8,178.18 net plus \$572.47 tax = \$8,730.65 per month, plus railroad rent will be monthly \$399.67. The total of monies due monthly is \$9,060.31.  
March 1, 2027 to February 29, 2028 - \$8,555.11 net plus \$595.37 tax = \$9,100.48 per month, plus railroad rent will be monthly \$725.15. The total of monies due monthly is \$9,425.63.

Initials

## Five Top Reasons to pick Kauff's of Palm Beach, Inc.

1. **Largest towing operation in the State of Florida:** Kauffs of Palm Beach has been providing towing since 1969, the Kauff's Group of Companies have provided towing and recovery services to numerous Municipal, County, State, and Federal law enforcement agencies, various National Motor Clubs, a diverse range of Commercial Fleets and Enterprises ranging from light duty to heavy duty services for fifty plus years, and just recently contracted with Formula 1. No company in the State of Florida could provide services to encompass all the facets of this RFQ better than the largest most diverse towing company in Florida.
2. **Arsenal of equipment:** As a Guardian owned company, no one company has the arsenal of equipment Kauff's of Palm Beach has available from small wreckers and flatbeds to Ultra Heavy-Duty rotating wreckers. We have more equipment than any other provider in South Florida.
3. **Experience:** We bring decades of highly experienced and trained operators, administrative staff and a stellar management team providing top-tier service for numerous government agencies in South Florida. You can have all the equipment in the world, but there is no substitute for experience. Geoff Russell and Sean Loscalzo are both Founding Member of the Sunshine State Towing Association, Sean has been the Director for the Professional Wreckers of Florida and He served as Vice President and President for six years, and currently holds the position of Training Director, in charge of the State's educational program.
4. **Education:** All of our operators are certified for the type of equipment they are operating. These certifications are nationally recognized training programs for light duty Class A and B wreckers, heavy duty for Class C wreckers and Ultra Heavy Duty for class D rotating wreckers. Our certifications will be provided in this proposal. All our operators must be pre-approved to work on the Florida's Turnpike System. The vigorous background checks and high educational requirements of this approval system for the State ensure's ALL OUR OPERATORS meet the same standard. The transition will be easy as all our experience will bring immediate value.
5. **Award winning performance:** Sean Loscalzo has was awarded the Order of Towman three times over the decades; this award is only given to the top twenty operators nationwide annually. This nomination for the Order comes strictly from Law Enforcement and was selected by peers in the industry. Sean also received the Responder of the Quarter twice by the State of Florida for outstanding performance in traffic clearance and the Outstanding Achievement Award for tireless dedication to the Broward County Traffic Incident Management Team. He has also been awarded as a Patriotic Employer by the Office of the Secretary of Defense for contributing to the national security and protecting Liberty and freedom by supporting employee participation in Americas National Guard. Sean was also recognized by the Florida Highway Patrol with the Troop Commanders Award for helping in the recovery efforts of Hurricanes having impacted the State of Florida.

City of Delray Beach  
RFQ 2023-007 Vehicle Towing and Storage Services**CONFLICT OF INTEREST DISCLOSURE FORM**

The award of this contract is subject to the provisions of Chapter 112, *Florida Statutes*. All Proposers must disclose within their Proposal: the name of any officer, director, or agent who is also an employee of the City of Delray Beach.

Furthermore, all Proposers must disclose the name of any City employee who owns, directly or indirectly, an interest of more than five percent (5%) in the Proposer's firm or any of its branches.

The purpose of this disclosure form is to give the City the information needed to identify potential conflicts of interest for evaluation team members and other key personnel involved in the award of this contract.

The term "conflict of interest" refers to situations in which financial or other personal considerations may adversely affect, or have the appearance of adversely affecting, an employee's professional judgment in exercising any City duty or responsibility in administration, management, instruction, research, or other professional activities.

Please check one of the following statements and attach additional documentation if necessary:

- ☒ To the best of our knowledge, the undersigned firm has no potential conflict of interest due to any other Cities, Counties, contracts, or property interest for this Proposal.
- ☐ The undersigned firm, by attachment to this form, submits information which may be a potential conflict of interest due to other Cities, Counties, contracts, or property interest for this Proposal.

### NON-COLLUSION AFFIDAVIT

STATE OF Florida  
COUNTY OF Palm Beach

Before me, the undersigned authority, personally appeared Sean Loscalzo, who, after being by me first duly sworn, deposes and says of his/her personal knowledge that:

- a. He/She is Vice President of Kauff's of Palm Beach Inc., the Proposer that has submitted a Proposal to perform work for the following:

RFQ No.: RFQ 2023-007 Title: City of Delray Beach Towing and Storage

- b. He/She is fully informed respecting the preparation and contents of the attached Request for Proposals, and of all pertinent circumstances respecting such solicitation.

Such Proposal is genuine and is not a collusive or sham Proposal.

- c. Neither the said Proposer nor any of its officers, partners, owners, agents, representatives, employees, or parties in interest, including this affiant, has in any way colluded, conspired, connived, or agreed, directly or indirectly, with any other Proposer, firm, or person to submit a collusive or sham Proposal in connection with the solicitation and contract for which the attached Proposal has been submitted or to refrain from proposing in connection with such solicitation and contract, or has in any manner, directly or indirectly, sought by agreement or collusion or communication or conference with any other Proposer, firm, or person to fix the price or prices in the attached Proposal or any other Proposal, or to fix any overhead, profit, or cost element of the Proposal price or the Proposal price of any other Proposer, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against the City or any person interested in the proposed contract.

- d. The price or prices quoted in the attached Proposal are fair and proper and are not tainted by any collusion, conspiracy, connivance, or unlawful agreement on the part of the Proposer or any of its agents, representatives, owners, employees, or parties in interest, including this affiant.
