Public Comment

None

Rebuttal/Cross

Mr. Stofft stated that the proposed loading arrangements do not pose an issue and noted that a requested color change to blue would not apply in all building locations.

Board Comments

Rebuttal/Cross

Board discussion included questions regarding access, parking configuration, loading demand, pedestrian connectivity, and prospective tenant layout:

- Ms. Morrison inquired regarding the status of the abandoned alley and whether it had been transferred to the City.

- Ms. Francesca Lewis (Delray Dermatology) asked whether ground-floor spaces would be available for lease, whether parking would be provided along Federal Highway, and whether a sidewalk or pedestrian pathway is proposed.
- Mr. Villanoix inquired about the five parking spaces adjacent to the bus stop and whether the bus stop would remain.
- Mr. Alvarez asked about Florida Department of Transportation (FDOT) review. Staff noted that FDOT would review the proposal and that a six-foot clear pedestrian zone is provided.
- Mr. Lewis asked about delivery access for carriers such as FedEx, and applicant indicated deliveries would occur within the site.
- Ms. Gray expressed concern regarding the long-term functional capacity of the site. She stated that the applicant's requested design relies on a single point of vehicular ingress and egress and limited turning area, which may constrain circulation if tenant mix or intensity changes over time. She also noted that the proposed site configuration does not provide a dedicated loading space and that uses permitted within the zoning district may generate higher delivery volumes or service trips than those presented. Ms. Gray stated that these operational constraints could adversely affect both site operations and the adjacent right-of-way.
- Ms. Morrison noted the single ingress/egress point and asked whether the driveway width is 24 feet.

MOTION to move **approval** for Level 2 Site Plan Application request for 802 SE 5th Avenue, including Architectural Elevations, Landscape Plan, and a Landscape Waiver to construct a two-story, approximately 12,200 sq. ft. commercial development, finding that the request is consistent with the Land Development Regulations and the Comprehensive Plan, was made by Christina Morrison and seconded by Wensky Villanoix.

MOTION Carried 5-1

Dissenting by Annette Gray
