Re: 32-Ft Mobile Command Vehicle

Dear Kristina,

The City of Delray Beach is planning to purchase a command vehicle through the **GSA 1122 Disaster Purchasing Program**.

EVI, under contract with GSA, is required to sell its products at the *best* lowest price or EVI will lose its GSA Contract.

By purchasing this vehicle, listing our GSA Contract #GS-30F-0005R, Delray Beach is guaranteed to receive the lowest possible price.

Please feel free to contact me with any questions you may have. We look forward to working with you on this project.

Sincerely yours,

EMERGENCY VEHICLES, INC.

Ernst R. Temme
President
