

Clash for Cancer & Bash @ the Beach Parking Plan May 11th and June 1st & 2nd, 2024

- To improve parking for these two events Delray Riptide Lacrosse will implement the following measures:
- We will cap the number of teams registering for the event so we have time to stagger games and alleviate some parking issues.
- We will stagger the game times...we will have youth games in the morning and allow those families to leave before the HS teams begin.
- All the parking lots at the complex will be available for event parking (outside of the pool parking) as per Roshad...they will also set up the parking areas as they do for Delray Rocks events to be sure vehicles are not parking along the curbs as you enter and along the concession area.
- We have been in contact with the Delray Beach Police Department thru Lt. Gary Ferrari to secure use of the Delray Beach Police Training Center Parking Lot on Seacrest.
- We will coordinate with Aquacrest Pool to separate event parking from their pool parking.
- Reserved Parking that will be marked for referees & coaches
- We will have attendants directing traffic on site to ensure ease of traffic flow. Attendants will be hired through One Parking.
