The City of Delray Beach

Letter of Transmittal

360 Energy Solutions LLC has been a trusted power solutions provider serving the South Florida community since 2011. Our commitment to integrity drives us to deliver quality service to each of our customers. The enclosed information, prepared by Tony Noa, President of 360 Energy Solutions, directly addresses the City of Delray Beach Invitation to Bid No. 2026-010 entitled "Generator Maintenance, Repair, and Replacement."

Our proposal aligns meticulously with the instructions and specifications delineated in Intention to Bid (ITB), and we affirm that it has been developed independently, without any collusion with other individuals, companies, or entities. Furthermore, we assert that we have never been convicted as a contractor or vendor, nor have we been involved in any related litigation.

Industrial generator maintenance and emergency generator repair constitute our core business activities. We thoroughly comprehend the scope and intricacies outlined in the ITB and confidently assert that we possess the financial resources, qualified personnel, equipment, facilities, and experience necessary to surpass City of Delray Beach requirements. We assure you that we can execute the work within the specified schedule and budget detailed in our proposal.

Our team of certified technicians boasts extensive expertise in the installation and servicing of reliable power generator systems. With power generation being our sole focus, we take pride in our status as industry experts. Our customers can rest assured that we are equipped to meet their needs and provide unwavering support for their properties under any circumstances.

In the event of a crisis impacting on our customers, we stand ready to prioritize the provision of goods and services as needed.

Presently, we hold contracts and perform EPSS work for esteemed institutions such as the University of Miami Medical Hospital, Jackson Health Services, Broward Health Systems, School District of Palm Beach County, among others spanning Miami Dade, Broward, and Palm Beach Counties.

Sincerely,

Antonio Noa
President

SPECIFIC RESPONSE REQUIREMENTS

A. SUPPLIER DIVERSITY ENHANCEMENT

U.S. SMALL BUSINESS ADMINISTRATION
WASHINGTON, D.C. 20416

January 3, 2017

Antonio Noa, President
360 Energy Solutions Corp
5409 NW 161st Street
Miami Lakes, FL 33014-6124

Dear Mr. Noa:

Congratulations! Your firm has been certified as a Participant in the U.S. Small Business Administration's (SBA) 8(a) Business Development Program. Your nine (9) year program term begins on the date of this letter.

During participation in the 8(a) BD Program, you will receive business development assistance from an assigned Business Development Specialist in the South Florida Area District Office located at 100 South Biscayne Blvd 7th Floor Miami, FL 33131. The phone number is ((305) 536 5521. We are sending a copy of this certification letter to the SBA the South Florida Area District Office. That office will contact you to schedule an orientation session. This could take up to 4-6 weeks. In the meantime, there are steps you should take to start your participation in the program.

Next Steps

- **Read and Sign Participation Agreement:** SBA requires the 8(a) participant's President or Chief Executive Officer sign a Participation Agreement showing he or she understands the conditions of 8(a) BD program participation. Please find the Agreement attached to the approval email associated with this letter. Please read the Agreement carefully, sign and date it, and make a copy. Return one copy to the SBA the South Florida Area District Office at the address shown in the second paragraph above. The second copy is for your records.
- **Develop Your Business Plan:** We encourage you to start developing your business plan. Current 8(a) BD program regulations require a firm, once certified, to promptly submit a business plan which must be approved by the SBA before the firm is eligible to receive 8(a) benefits; including 8(a) contracts. Once approved, the business plan will be reviewed annually and may be modified as needed. We offer an optional format for business plans. To consider the optional

8(a) Business Plan Form 1010C, please go to: <https://www.sba.gov/sites/default/files/SBA%201010C.pdf>.

- **Develop Your Strategy for Winning Contracts in Year 1:** Though your firm's approved North American Industry Classification System (NAICS) Code is 811310, your firm may be awarded contracts under other NAICS Codes, as long as your firm is qualified to perform the required service or task. In this regard, please note that contracts awarded under 8(a) Business Development Program authority generally result from the self-marketing efforts of participating firms. You must build relationships with potential federal customers, pursue federal prime contractors for subcontracts, and aggressively pursue prime contract opportunities to grow your business. Successful 8(a) firms regularly respond to competitive small business contracting opportunities posted on www.FBO.gov. Establish a goal and vision for winning at least two (2) competitive contracts during your first year.

- **Utilize Resources:** There are valuable FREE resources available to you right now that offer expertise in all areas of business operation including reviewing your business plan and strategy. Two resources that you can utilize today are:

- o **SBA Resource Partners:** I encourage you to locate your nearest Resource Partner, please go to: <https://www.sba.gov/tools/local-assistance>. This link will provide access to upcoming small business events and the webpage for your District SBA Office, also.

- o **7(j) Management and Technical Assistance:** While your firm's acceptance into the 8(a) Business Development program is not a guarantee for contracts, the SBA will make every effort to assist you in implementing your business plan and strategy. Your success in the program is dependent upon the extent to which you take advantage of SBA's efforts to support you. One of the agency's major tools for your success is the 7(j) Management and Technical Assistance Services Program. For more information, click on the following link: <https://www.sba.gov/about-sba/sba-initiatives/7j-management-and-technical-assistance-services-program>

I am excited about your future, and I welcome you as an 8(a) Business Development Program participant. Wishing you much success!

Sincerely,

A handwritten signature in black ink that reads 'Robert Watkins'.

Robert Watkins,

B. CORPORATE PROFILE

1

360 Energy Solutions, a Florida-based company specializing in generator maintenance, repair, and emergency services, has been serving South Florida since 2011. Initially established as 360 Power Solutions on April 20, 2011, in the State of Florida, the company underwent a transition in April 2013. At that time, Tony Noa, the current president of 360 Energy Solutions, acquired the business through an asset purchase agreement and rebranded it as 360 Energy Solutions.

Following this transition, all existing customers, vendors, and employees seamlessly transitioned to 360 Energy Solutions. Since April 2011, we have been dedicated to serving the EPSS (Emergency Power Supply Systems) community in South Florida. Our core services encompass contracted generator maintenance, along with generator sales, installation, rental, service, EPSS systems integration, and parts supply. Our clientele spans from educational institutions, medical facilities, utility companies, large commercial buildings, to data centers. We prioritize adherence to specifications and quotes, ensuring quality without compromise.

Established in 2013, our company has seen continuous growth, with over thirty employees and annual sales exceeding seven million dollars. Our team comprises fourteen Generator Service Technicians, four field service engineers, two Service Writers, four office or clerical staff, two Generator Service Account Representatives, one Project Manager, one Parts Procurement Manager, and four Warehouse Support Reps. We are dedicated to attracting and retaining top talent in our industry.

For service inquiries, our Director of Service Operations, Luis Robles, and President, Tony Noa, serve as the primary points of contact. For invoicing or billing matters, our Administrative Accounting Manager, Odet Jerez, is the primary contact.

Our primary focus is industrial power generation service, encompassing annual, semi-annual, and quarterly maintenance routines. Our typical customer relies on power generation equipment for life safety, critical support, or essential services, and our mission is to ensure their equipment always remains operational. In addition to routine maintenance, we offer nonemergency and emergency repair services, owning all necessary service equipment and machinery in-house and avoiding subcontractors.

With our extensive experience and dedicated team, 360 Energy Solutions stands ready to support the City of Delray Beach. We welcome the opportunity to become your trusted vendor for generator maintenance, repair, and replacement.

- Martin County Utilities

4

There have been no judgements levied against 360 Energy Solutions or bonding agency resulting from poor performance in the last five (5) years.

5

There have been no complaints within the last five (5) years filed against 360 Energy Solutions with the State Department of Consumer Affairs, Better Business Bureau, or any other public or private agency created for oversight and consumer protection.

6

None of the principal owners have been the subject of any criminal or civil legal action.

7

There have been no situations where 360 Energy Solutions has been terminated from a contract.

8

Antonio Noa is 360 Energy Solutions' authorized representative to sign confidentiality agreements.

Given that our officers, directors, and employees frequently encounter or possess proprietary, confidential, or business-sensitive information, we prioritize stringent measures to ensure strict safeguarding. This encompasses information pertaining to our company, clients, or affiliates, including but not limited to strategic business plans, operating results, marketing strategies, customer lists, personnel records, upcoming acquisitions and divestitures, new investments, manufacturing costs, processes, and methods. It is imperative that proprietary, confidential, and sensitive business information, whether concerning our company, other entities, or individuals, is handled with utmost sensitivity and discretion, and disseminated only on a need-to-know basis.

9

360 Energy Solutions currently do not have any active GSA contracts.

C. PROPOSED SOLUTION

1

At 360 Energy Solutions, we prioritize unparalleled communication and aspire to set the industry standard for customer service across all levels of our organization. Providing round-the-clock emergency service without the intermediary of an answering or dispatch service sets us apart from competitors. While some companies may route calls to regional offices for technician dispatch, our Service Department ensures immediate attention by personally answering every call. From this centralized point, our technicians are promptly dispatched. Our employees comprehend the urgency inherent in our industry and your call, thus ensuring readiness whenever you require our assistance.

2

In emergency situations, our anticipated response time, or call-back time, is immediate. Our team is prepared to receive and respond to calls twenty-four hours a day, ensuring swift action, twenty-four (24) hours a day.

We are not limited to a single contact person or emergency phone number either. If the main branch phone is not answered within three rings, it automatically forwards to the Director of Service Operations. Additionally, we provide three different forms of phone connection, all capable of seamless forwarding to the next available option or phone service as required.

Furthermore, we maintain satellite phones operational year-round to mitigate potential communication disruptions following severe weather events, ensuring uninterrupted connectivity even if our office and cell phones are affected.

3

In the event of an emergency, the on-site response time for all regions is within two (2) hours of call receipt. They take their company service trucks home each night, facilitating prompt dispatch throughout South Florida 24/7 as required.

4

In the event of a regional or statewide emergency, such as a natural disaster, severe weather event, or act of terrorism, 360 Energy Solutions maintains a consistent approach to service. As conditions deteriorate, we adapt swiftly to changing conditions, transitioning from routine maintenance to emergency response as necessary. Our strategy revolves around promptly identifying impacted locations and mobilizing our resources to provide the appropriate level of support. With our experience and preparedness, we are well-equipped to anticipate challenges and effectively assist our customers during times of crisis.

5

For the past eleven years, 360 Energy Solutions has dedicated significant resources to the development and implementation of an automated management system. This system effectively tracks all necessary maintenance schedules, ranging from comprehensive Preventive Maintenance (PM) schedules to routine tasks such as fuel sampling. Leveraging these advanced tools and our dedicated team, we are confident in our ability to deliver timely and reliable service to the City of Delray Beach.

Our operations seamlessly transition between routine maintenance and service repairs. Situated across South Florida, our team of Generator Service Technicians undergoes rigorous factory training on an extensive array of generator brands, engines, and switchgear. While the level of training may vary, we boast certified technicians proficient in servicing a diverse range of equipment including Hipower, Caterpillar, Cummins, Detroit Diesel, John Deere, Mitsubishi, Kohler, and many others.

Given our exclusive focus on power generation equipment and industrial engines, all our technicians undergo factory training specifically tailored to generator-related tasks. Equipped with invaluable troubleshooting skills and technical expertise, our technicians excel in promptly diagnosing generator issues, thereby minimizing downtime and cost. Their adeptness in forecasting and predicting the lifespan of wear parts is instrumental in ensuring optimal equipment performance on a daily basis.

Service isn't merely a department for us; it's the cornerstone of our business and the backbone of our company 360 Energy Solutions. Our strategically located service center enables us to cater to the entirety of South Florida while also providing the necessary staffing to address regional or area-specific emergencies. Furthermore, our warehouse is stocked with essential spare parts, ensuring prompt repairs even during weekends, holidays, or emergency situations. All communication, reporting, billing, service coordination, and dispatch operations are centralized at this location, ensuring efficient and streamlined service delivery.

6

As part of the overarching objectives outlined in this Invitation for Bid (IFB), we are fully prepared and capable of extending our services to additional sites and Emergency Power Supply Systems (EPSS) equipment beyond those specifically referenced.

D. APPROACH SPECIFIC TO THE CITY OF DELRAY BEACH

Traditionally, our protocol for onboarding new customers with multiple locations and equipment entails arranging an initial face-to-face meeting between our team and theirs. This personal interaction facilitates familiarity and fosters direct communication channels, as the age-old adage of "putting a name with a face" remains pertinent. It is imperative for us to ascertain the precise contacts for various needs such as service inquiries, follow-up quotes, or billing, including their email addresses, office, and cell phone numbers. This meticulous approach is essential for ensuring swift and effective response times, a cornerstone of our service delivery.

In terms of City of Delray Beach Generator Maintenance, Repair, and Replacement, our strategy is straightforward and streamlined. We employ standardized electronic documentation and mandate its completion. Our Preventative Maintenance Inspection form adheres to National Fire Protection Agency standards, meticulously documenting all Major and Minor Inspection points. This rigorous documentation ensures accurate recording of measurements and readings without exception.

Central to our approach is the expertise of our technicians, who are intimately familiar with the customer's operations and protocols. Experience has taught us the value of investing additional time and resources by deploying two or more technicians during initial maintenance work. This proactive measure significantly enhances our responsiveness during emergencies. The long-term benefit lies in cultivating a team of technicians who possess in-depth knowledge of the customer, their equipment, and facilities. Moreover, having multiple equally proficient Generator Technicians enables seamless coverage even when one is unavailable due to vacation or other commitments.

In critical situations, having both a Service Manager and Generator Technician who are intimately familiar with the customer's premises, equipment locations, and operational procedures is invaluable. This familiarity ensures our ability to uphold our service commitment and maintain an unparalleled response time, particularly during early morning emergencies. Prior knowledge of equipment locations and access procedures allows us to hit the ground running even before our service truck departs.

ANTONIO NOA, PRESIDENT

Phone: (305) 987-3391

Tony.Noa@360energysolutions.net

With over two decades of experience in the power generation industry across various roles, Mr. Noa has demonstrated exceptional proficiency in overseeing the day-to-day administration and operation of the company. His expertise spans the entirety of the business spectrum, encompassing generator sales, service, repair, rental, installation, and maintenance. Notable brands he has worked with include Caterpillar, Cummins/Onan, MTU, Detroit Diesel, Kohler, Generac, John Deere, Volvo, and Mitsubishi.

Under Mr. Noa's guidance, 360 Energy Solutions achieved significant milestones, earning recognition as one of the Inc. 5000 – America's Fastest Growing Private Companies in both 2018 and 2019. In 2018, the company boasted a remarkable three-year sales growth of 605%, followed by another impressive appearance in 2019 with a three-year revenue growth of 437%.

Presently, Mr. Noa holds a multifaceted role within the organization, with a primary focus on nurturing key customer relationships, fostering partnerships with vendors, managing inventory acquisition, and strategically identifying opportunities for business expansion through acquisitions or collaborations.

Field Staff Information & Certifications

All individuals mentioned below are employed full-time and operate from our Miami Service Center. Detailed training sessions for each employee are outlined on subsequent pages, organized according to the respective individual's name provided below. Our service center is fully equipped to conduct testing, maintenance, and repairs on all generators and switchgear, leveraging the high level of technical expertise and experience necessary to meet your expectations and requirements.

Tony Noa - President- With an extensive career spanning over two decades in the power generation industry, Mr. Noa has held diverse roles of responsibility. Within 360, he assumes a pivotal position, overseeing the daily administrative and operational functions, spearheading business development initiatives, and managing numerous ongoing field power projects. His comprehensive involvement encompasses every aspect of the business, ranging from sales, service, repair, and rental of generators to their installation and maintenance. Notably, Mr. Noa possesses considerable expertise working with a range of generator brands, including Caterpillar, Cummins/Onan, MTU, Detroit Diesel, Kohler, Generac, John Deere, Volvo, and Mitsubishi.

Luis Robles – Director of Service Operations - Mr. Luis Robles is a highly accomplished leader with over 16 years of experience in the Power Systems industry, specializing in generator service, sales, and operations. As the head of the Service team at 360 Energy Solutions, he plays a critical role in driving organizational growth, optimizing service delivery, and maintaining the highest standards of customer satisfaction. His extensive generator experience includes certifications from Kohler, MTU, Cummins, Generac, and Clarke Fire Pump. His proven track record across roles such as General Manager, Director of Sales, and Service Manager positions him as an invaluable asset to the organization.

- Heavy Equipment Repair Certificate
- Cummins service and sales Certifications
- MTU- Level 1 & Level 2 Certifications
- Clarke Fire Pump Level 1 & Level 2 Certifications
- Generac Sales & Service Completion
- Deif Systems- Controls Engineer
- Kohler – ATS Training, Industrial Generator Controls, Industrial Power Systems Fundamentals, Kohler Power Resource Center, Marine Power Systems Fundamentals, Kohler Power QuickPack Certifications

Alfredo Hernandez – Lead Service Technician - Has over 19 years of experience, highly trained in Detroit Diesel/MTU Applications.

- MTU- 2000/4000 CM1/G
- MTU- ADEC-/ECS-UNI/E2/M
- MTU- Ship Automation CE1/M
- MTU- 2000/4000 M1/E MDEC/G
- MTU- Bluevision/M (beginners)
- MTU- ECU-7/E3/M

Daniel Fernandez – Lead Service Technician - 15 years of power generation experience as a field service technician

- Caterpillar Certification – Basic Engines – 2
- Caterpillar Certification – Caterpillar Contamination Control Basics PM Service Operation
- Caterpillar Certification – Basic EPG Engine Controls
- Caterpillar Certification – Caterpillar Switchgear Level 1
- Caterpillar Certification – CEP Parallel Appl. & Switchgear
- IR Certification – Technical Service Training Program

Roy Mambuca – Lead Service Technician - Mr. Mambuca has several years of technical knowledge, and over 6 years of hands on experience. He manages all on site installations, complex repairs, and non-routine maintenances. He has extensive experience working on Cummins and Caterpillar generators in the field and operating all engine software's. He's honed his ability to use program software as a tool for troubleshooting and diagnosing engines, alternators, controller issues, and transfer switches.

- Isuzu Engine- IT4 Electronic Controls and Diagnostics
- Isuzu Engine- Tier 3 Engine Training Course
- Isuzu Engine- Tier 4 Final Electronic Controls & Diagnostics
- Isuzu Engine- Tier 4 Final LE2 Electronic Controls and Diagnostics
- Isuzu Engine-Tier 4 Final 4LE2 Engine
- Isuzu Engine- E-IDSS Software Training Course
- EGSA- On Site Power Generation Systems- Basic
- DEIF- DEIF- AGC-4 Service/Designer Training Course
- Cummins- Certified Cummins RLC Technician

Gabriel Blanco – Lead Service Technician - 8 years of power generation experience as a field service technician. Florida Detroit Diesel Certifications –

- DDC8886 MBE-900 EGR Overhaul
- Florida Detroit Diesel Certification – M1/E MDEC/C&I
- Florida Detroit Diesel Certification – DDC8885 MBE 4000 EGR Major Repair
- Kohler Transfer Switch & Controls
- Kohler PD Series Switchgear
- Kohler Standby Generator & Controls Certificate
- ETI Certification – High Energy Electrical Safety Training
- Aggreko Certification – Basic Air Conditioning & Refrigeration
-

Leonardo De La Nuez - Field Engineer - Has over 21 years of experience, highly trained in MTU Applications.

- MTU- 2000/4000 CM1/G
- MTU- ADEC-/ECS-UNI/E2/M
- MTU- Ship Automation CE1/M
- MTU- 2000/4000 M1/E MDEC/G
- MTU- Bluevision/M (beginners)
- MTU- ECU-7/E3/M

Paraskevas Exharheas – Field Service / Technical Sales- Mr. Exharheas has over 15 years of generator repairs and maintenance experience. He has extensive knowledge of automatic transfer switches, and electrical components in reference to back up generator power. Mr. Paras leads our electrical group in retrofitting controls and transfer switches.

- Lake Shore Transfer Switch Service Training

Julio Almeida – Mr. Almeida graduated as a Naval Mechanical Engineer. He has been working as a diesel mechanic for over 25 years. He does general maintenance and repairs on two-time and four-time machine engines, generators, water pumps, oil systems, fuel systems, and hydraulics. He studied electricity and worked for 4 years performing repairs on heavy marine machinery. He also studied commercial and residential electricity in Miami and for a year in new construction projects.

Yoset Hernandez – PM Technician - Mr. Hernandez has been with 360 Energy for over 5 years. He has gained experience on re-building generator back ends and troubleshooting mechanical failures. He's been an apprentice to all senior technicians and has gained sufficient knowledge to adequately troubleshoot, diagnose, and repair engine failures. Assists (Apprentice) senior technicians on engine rebuilds, rigging etc. Currently working with senior technicians at Jackson Hospital re-manning (4) Cat D 399 engines.

Dylan Ramirez – PM Technician - Mr. Ramirez is has been with 360 Energy for over 4 years. He has gained experience on large industrial engines on our engine shop and building.

Mario Suarez – PM Technician - Mr. Suarez is the head of Fuel Maintenance and Generator Reconditioning for 360. He has extensive knowledge on operating a fuel polishing machine, determining diesel fuel's quality, and adjusting fuel additives according to fuel tank capacity and condition. Mario also has another 5 years' experience in sand blasting and powder coating in which he gained knowledge on mechanical / repairs of painting equipment.

Luis Rodriguez - Over 10 years of power generator experience as a generator parts specialist, Service Writer & Dispatcher. Current duties at 360 Energy Solutions include but are not limited to:

- Managing, dispatching, and supervising generator service personnel
- Project Manager for Rental Installations and operation of power generation assets
- Schedules maintenance for all company power generation assets in the field
- Assists in training new hires on power generation assets, maintenance and service, and troubleshooting.

Julio Rodriguez - Customer Service Representative - Mr. Rodriguez has over 21 years of power generation experience as a Service Sales & Support. Julio also has 6+ years as a Customer Service/Account Manager in which he maintains the relationship with our clients, as well as keeping our clients updated with the status on reports for pending jobs. Mr. Rodriguez also has over 26 years of parts knowledge, having owned a successful parts store he specializes in acquiring after-market parts and sourcing original engine manufacturer components.

Luis Enrique Cortiña – Safety & Training Manager - He ensures safety meetings are regularly attended by all company employees including technicians and monitors the use of appropriate safety equipment. Mandatory monthly trainings and assessment meetings are lead and conducted by Mr. Cortina.

He is a mechanical engineer who graduated from Higher Polytechnic Institute José Antonio Echevarria (ISPAJE), La Habana, Cuba in 1994. He has more than 13 years' experience in marketing and sales of vehicular, industrial, marine and other Off-Road applications of internal combustion engines. Part of the team which got the award for the Biggest Single Order in the history of German Manufacturer MTU Friedrichshafen GmbH in 2006. Approximately 5 years' experience in technical assistance services management to a fleet of 1,000 generating sets and another 5 years' experience as manager of sales team for industrial vehicles with international trading expertise, contact negotiations, project development, business management, and administration.

- Mechanical Engineering Degree
- Generator Training Courses
- Project Management Experience

Nick Jaramillo – Generator Technician - 17 years of power generation experience as a generator technician. He is very experienced on the engine & electrical side of the generators.

- Florida Detroit Diesel Certification – Safe Forklift Operation OSHA Standard Title 29
- Florida Detroit Diesel Certification – Product Familiarization
- Florida Detroit Diesel Certification – Personal Protective Equipment
- Florida Detroit Diesel Certification – DDEC III & IV
- Florida Detroit Diesel Certification – Series 50/60 Overhaul

Dante Martinez – Generator Technician - 20 years of power generation experience as a generator technician

- Caterpillar Certification – Basic Engines - 2
- Caterpillar Certification – Caterpillar Contamination Control Basics PM Service Operation
- Caterpillar Certification – Basic EPG Engine Controls
- Caterpillar Certification – Caterpillar Switchgear Level 1
- Caterpillar Certification – CEP Parallel Appl. & Switchgear
- IR Certification – Technical Service Training Program

Jose Garcia – Generator Technician - 20 years of power generation experience as a generator technician.

- Caterpillar Certification – Caterpillar Electric Power Basic
- Caterpillar Certification – Electronic Engines with "ET"
- Caterpillar Certification – Basic Starting & Charging Systems T/S
- Caterpillar Certification – Basic Engines - 1
- Caterpillar Certification – Parallel Applications & Switchgear
- Caterpillar Certification – Engine Diagnostics
- Lake Shore Certification – Repair & Maintenance of Automatic Transfer Switches
- Siemens Certification – GM Medium Voltage Switchgear & Protective Relaying
- Generac Certification – Service Training Requirements for Standby Power Systems

Rafael Hernandez – Generator Technician - 6 Years of Power Generation experience as a generator technician.

- Hipower Systems- Engine Diagnostics
- Lake Shore Transfer Switch Certification
- Generac Level I Service Training

Jason Hernandez – Field Engineer – 8 Years of industrial and automation controls

Experience in the design, programming, documentation and testing of automated systems projects. Experience with HMI, PLC and SCADA application software design and development. Strong analytical and problem solving skills combined with experience in object-oriented methodologies and databases. Panel assembly, machine wiring, installation, start-up, and maintenance. Possess the analytical abilities and technical skills necessary for engineering innovative designs and applications. Solid understanding of electrical engineering theory, industry-standard circuit design, testing tools

Daily, our teams support an average of 15 to 25 other clients in many different facets of the business ranging from billings to scheduling to completing the field jobs.

Upon request we are able to supply City of Delray Beach with documented proof of legal work status for all employees likely to be assigned work at the facilities.

We hire well trained military & major generator manufacturers and experienced personnel, so most of our generator technicians have received the bulk of their training and field experience prior to joining us.

Our hiring process is as follows:

- 1) **Outline the position** – Define the position and define your target candidate. Think about the skills and requirements a prospective candidate will need to be set up for success
- 2) **Write the job description** - It summarizes the duties of a position and states the essential responsibilities of the job
- 3) **Make the job posting** (advertise the job, use different channels).
- 4) **Do the first screening** - Check out the applications and resumes, keep only the best with matches between our position's requirements and the candidates prior experience
- 5) **Call the candidates and arrange the first meeting.**
- 6) **Prepare for the interviews** – Examine candidates resume and check out public social media platforms. Develop a strong list of questions that will give the most insight about the candidate
- 7) **Interview candidates**
- 8) **Select the candidate that suits the job well** – Narrow the pool down further and if there are too many qualified candidates, the best candidate is selected after a second round of interviews.
- 9) **Perform background and reference check** – includes identity verifications, previous employment verifications, criminal history, driving records and drug testing
- 10) **Make an offer.**
- 11) **Have the employee accept and sign the job offer.**

Our background check process is as follows:

- 1) **Consent to background check** – Applicant completes and sign Background Check Authorization Form with name, date of birth, and SSN.
- 2) **Perform background screening and receive report** – Use of third-party agency that identifies applicant, criminal history, and driving records.
- 3) **Contact employment references** – use of reference questions list, including but not limited to dates and job responsibilities, and document responses.
- 4) **Drug Testing and receive results** – Applicant is sent to third-party to undergo the test.

When employees undergo training, it improves their skills and knowledge of the job and builds their confidence in their abilities. This will improve their performance and make them work more efficiently and effectively.

New Hire Training Program:

1. Establish your new employee procedures, beforehand
2. Ensure that all managers use a new hire training checklist
3. Start onboarding before day one
4. Allocate resources such as supplies and time
5. Include onboarding best practices
6. Train for the culture, not just topics
7. Check for understanding
8. Build in regular reviews and adjustments as needed.

5

We follow original equipment manufacturers' recommended maintenance guidelines or procedures using approved NFPA 110 compliant forms and we use the parts and materials they recommend and accept. We promote and apply time proven standardized processes and procedures to offer the most cost effective and reliable preventative maintenance service available.

Unit Type	Quarterly Inspections	Annual Inspections
Generator	50-Point Inspection	50-Point Inspection Oil and filter change
ATS		12-Point Inspection and Testing
Fire Pump	50-Point Inspections	50-Point Inspection Oil and filter change

6

We want it to be easy to escalate any issues that may arise to us. You may escalate your issue(s) using one of the following methods:

- Contact the Service Manager directly. When an issue has been raised, the Director of Service Operations' email, and contact details should have already been provided. If this has not occurred – the use of one of the other methods below.
- Ask the field technician you have had contact with to escalate the issue to management.
- Contact (786) 348-2156 and ask to request an escalation to management.

Note: Include any information regarding the issue as well as further details regards your reasons for escalation of the issue so we can assist as best as possible. Please provide as much information as possible.

Resolution Support Team Details:

Team	Email	Phone
Pablo Pascual	Pablo.pascual@360energysolutions.net	(786) 348-2156 ext 130
Luis Rodriguez	Luis.rodriguez@360energysolutions.net	(786) 348-2156 ext 119
Odet Jerez	Odet.jerez@360energysolutions.net	(786) 348-2156 ext 106
Luis Robles	Luis.Robles@360energysolutions.net	(786) 348-2156 ext 120
Tony Noa	Tony.noa@360energysolutions.net	(786) 348-2156 ext 111

Our escalation process, which may be discontinued at any step, is as follows:

1. City of Delray Beach presents issue to field technician if issue arises while technician is on-site. If technician has already departed and facility personnel has field technician contact number, contact technician and provide detailed information about the issue. Technician responds to issue during discussion and/or after consulting with Service Manager. If issue cannot be resolved, technician will forward issue to Service Manager.
2. If Service Manager does not contact City of Delray Beach within 24 hours of issue notification to Field Technician, contact Service Manager directly. Service Manager responds to issue during discussion and/or after consulting with Director of Service Operations, when necessary. Service Manager documents discussion.
3. Service Manager presents issue to Director of Service of Operations if problem is unresolved.
4. VP of Operations counsels and advises City of Delray Beach, assists in documenting issue and visits site, if necessary, to resolve issue.
5. Director of Service Operations presents issue to President if problem is unresolved.
6. The President reviews and considers issue. The President informs City of Delray Beach of decision and forwards copy of written response to Service Department for City of Delray Beach file. The President has full authority to make any adjustment deemed appropriate to resolve the issue.

Our escalation contact progression flow chart is as follows:

With the vision of providing exceptional service with an unmatched value proposition, our team of highly skilled technicians, engineers, and partners strive to exceed our customers' expectations at every step of the way.

Services Available

1. **Generator Maintenance, Services and Rentals.**
2. **Switchgear Maintenance, Services and Rentals.**
3. **24/7 Emergency Response**
4. **Critical Failure Response Team.**
5. **Fuel Polishing and Maintenance Program.**
6. **Electrical Engineering Services**
7. **Electrical Contracting Services**
8. **Epps Design Engineering Services.**
9. **Industrial Automation Services.**
10. **Turnkey Generators and EPSS Installation.**
11. **Infrared Scanning Services.**
12. **Sand Blasting Services (Dustless Blasting)**

Protecting Florida's Investments Act
"Scrutinized Companies" Chapter 287.135, Florida Statutes

Chapter 287.135, Florida Statutes was created effective July 1, 2011, and prohibits a company on the Scrutinized Companies with Activities in Sudan List or on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List from bidding on, submitting a proposal for, or entering into or renewing a contract with an agency or local governmental entity for goods or services of \$1 million or more.

Pursuant to Chapter 215.473, Florida Statutes, the Florida State Board of Administration is charged with maintaining a complete list of scrutinized companies. Scrutinized companies are judged according to whether they meet the following criteria:

Sudan:

1. Have a material business relationship with the government of Sudan or a government-created project involving oil related, mineral extraction, or power generation activities, or
2. Have a material business relationship involving the supply of military equipment, or
3. Impart minimal benefit to disadvantaged citizens that are typically located in the geographic periphery of Sudan, or
4. Have been complicit in the genocidal campaign in Darfur.

Iran:

1. Have a material business relationship with the government of Iran or a government-created project involving oil related or mineral extraction activities, or
2. Have made material investments with the effect of significantly enhancing Iran's petroleum sector.

The SBA is not responsible for compliance with Chapter 287.135, Florida Statutes. The SBA's responsibilities are solely focused on the Protecting Florida's Investments Act and Chapter 215.473 as it relates to the identification of "Scrutinized Companies" that have prohibited business operations in Sudan or Iran.

The table on the following pages provides the **List of Prohibited Investments (Scrutinized Companies)**. This list is updated as part of the *Protecting Florida's Investments Act (PFIA) and the Global Governance Mandates Quarterly Report*, upon review and approval by the Trustees of the State Board of Administration.

Scrutinized Companies that Boycott Israel
Chapter 215.4725, Florida Statutes

In 2016, the SBA was directed to create a "scrutinized companies" list composed of companies that participate in a boycott of Israel, including actions that limit commercial relations with Israel or Israeli-controlled territories. The SBA is prohibited from acquiring direct holdings of the companies on this list. The law requires the SBA to use best efforts in identifying companies that boycott Israel, publish the list on a quarterly basis, send written notice to the companies, engage with the SBA's external managers concerning holdings of the companies on the list, and publish a list of the SBA's directly held securities.

As required by statute, SBA will review publicly available information, including from NGOs, non-profits, government entities and research firms, and/or contact asset managers or other institutional investors. SBA staff will contract with external research providers to obtain preliminary lists of potential scrutinized companies and evaluate the evidence to make a final determination of scrutinized status.

This list is updated as part of the *Global Governance Mandates and Florida Statutes Quarterly Report*, upon review and approval by the Trustees of the State Board of Administration.

Table 9: Scrutinized Companies OR Other Entities that Boycott Israel

New companies on the list are shaded and in bold. 91 new entities were added this quarter.

# of Companies or Entities that Boycott Israel	109		

The following companies were removed from the **Scrutinized Companies that Boycott Israel List**.

<i>Removed Company</i>	<i>Country of Incorporation</i>
<i>No companies were removed this quarter.</i>	

SECTION 7 RESPONSE REQUIREMENTS

A. Provide the following information for three (3) clients, for whom the bidder has provided similar services which are willing and able to confirm the projects.

- i. **Entity Name:** HotWire Communications
- ii. **Entity's Primary Contact:** Edgard Palacios, EPSS Maintenance Superintendent
- iii. **Phone Number:** 954-604-9817
- iv. **Email Address:** Epalacios@hotwiremail.com
- v. **Project Term (Start/End Date):** 2015 through current
- vi. **Types of Work:** Generator Maintenance, Services, Sales, Repairs & Rentals, Load Banking, Transfer Switch Maintenance, Compliance Testing.

vii. Beginning and Ending Contract/PO Amounts

- i. **Entity Name:** University of Miami/ Miller School of Medicine
- ii. **Entity's Primary Contact:** Thomas Plummer, Manager, Uhealth Facilities, Operations & Planning
- iii. **Phone Number:** 305-243-4227
- iv. **Email Address:** tap89@medmiami.edu
- v. **Project Term (Start/End Date):** 2015 through current
- vi. **Types of Work:** Generator Maintenance, Services, Sales, Repairs & Rentals, Load Banking, Transfer Switch Maintenance, Service, Repair & Rentals. EPSS Electrical Engineering & Design Services, Electrical Contracting, Services for EPSS Systems, (Generator, Transfer Switch Controls, Design & Installations), Switchgear Maintenance, Service & Upgrades, Fuel Polishing, Fuel Tank Compliance Testing, Controls Engineering, Automation Controls Service & Maintenance, EPSS System Integrations.

vii. Beginning and Ending Contract/PO Amounts

- i. **Entity Name:** City of Port St Lucie – Utility Systems Department
- ii. **Entity's Primary Contact:** Todd Leyland, Wastewater Treatment Operations Manager
- iii. **Phone Number:** 772-260-9207
- iv. **Email Address:** Tleyland@cityofpsl.com
- v. **Project Term (Start/ End Date):** Since 2025
- vi. **Types of Work:** Generator & ATS Rental Connections & Deliveries
- vii. **Beginning and Ending Contact/PO Amounts**

SECTION 4
BID SUBMITTAL SIGNATURE PAGE

This Page and all following pages comprise your original Bid Submittal package.

Please also attach any additional information or documentation requested in this Invitation to Bid. There is no need to include the preceding Sections 1 and 2 in your Bid Submittal package.

By signing this Bid the Bidder certifies that it satisfies all legal requirements as an entity to do business with the City, including all Conflict of Interest and Code of Ethics provisions.

Firm Name: 360° Energy Solutions LLC
Street Address: 8510 NW 28th St, Miami, FL 33146

Mailing Address (if different than Street Address):

Telephone Number(s): 786-348-2156

Fax Number(s): 786-348-2166

Email Address: tony.noa@360energysolutions.net

Federal Employer Identification Number: 46-2459351

Signature: 
(Signature of authorized agent)

Print Name: Antonio Noa

Title: President

By signing this document, the Bidder agrees to all Terms and Conditions of this Solicitation and the resulting Contract/Agreement.

THE EXECUTION OF THIS FORM CONSTITUTES THE UNEQUIVOCAL OFFER OF BIDDER TO BE BOUND BY THE TERMS OF ITS OFFER, FOR NOT LESS THAN 120 DAYS, AND THE BIDDER'S UNEQUIVOCAL OFFER TO BE BOUND BY THE TERMS AND CONDITIONS SET FORTH IN THIS INVITATION TO BID. FAILURE TO SIGN THIS SOLICITATION WHERE INDICATED ABOVE, BY AN AUTHORIZED REPRESENTATIVE, SHALL RENDER THE BID NON-RESPONSIVE. THE CITY MAY, HOWEVER, IN ITS SOLE DISCRETION, ACCEPT ANY BID THAT INCLUDES AN EXECUTED DOCUMENT WHICH UNEQUIVOCALLY BINDS THE BIDDER TO THE TERMS OF ITS OFFER.

SECTION 5

PRICING SCHEDULE

5.1 PRICES AND RATES

Bids will be accepted through a secure mailbox at **Bidnet Direct** (<https://www.bidnetdirect.com/florida/cityofdelraybeach>) until the Deadline for Submission as indicated in this ITB. The City will only accept electronic bids for this ITB. Late Bids will not be accepted.

In addition to the "Place Offer" bid submission section, the Bidder shall indicate in the spaces provided, the firm and fixed prices and rates offered to the City for the goods and/or services described below.

By signing this document, the Bidder/Proposer agrees to all terms and conditions of this solicitation and the resulting contract/agreement.

THE EXECUTION OF THIS FORM CONSTITUTES THE UNEQUIVOCAL OFFER OF BIDDER/PROPOSER TO BE BOUND BY THE TERMS OF ITS BID/PROPOSAL, FOR NOT LESS THAN 90 DAYS, AND THE BIDDER'S/PROPOSER'S UNEQUIVOCAL OFFER TO BE BOUND BY THE TERMS AND CONDITIONS SET FORTH IN THIS SOLICITATION. FAILURE TO SIGN THIS SOLICITATION WHERE INDICATED ABOVE, BY AN AUTHORIZED REPRESENTATIVE, SHALL RENDER THE BID/PROPOSAL NON-RESPONSIVE. THE CITY MAY, HOWEVER, IN ITS SOLE DISCRETION, ACCEPT ANY BID/PROPOSAL THAT INCLUDES AN EXECUTED DOCUMENT WHICH UNEQUIVOCALLY BINDS THE BIDDER/PROPOSER TO THE TERMS OF ITS BID/PROPOSAL.

Vendor or Contractor Conflict of Interest Disclosure Statement Information and Instructions

The award of this contract is subject to the provisions of Chapter 112, Part III, Florida Statutes. The City of Delray Beach, Florida, requires this disclosure statement to be completed and filed with all proposals, bids responses, contracts, or grant or loan requests to the City. The disclosure statement is not required for contracts for gas, water, and electric services where no competition exists, or where rates are fixed by law or ordinance. In circumstances where a contract is awarded by competitive bid, the disclosure statement shall be required from persons submitting responses to requests for proposals, requests for qualifications, invitation to bid, grant applications, or other proposals.

A copy of the disclosure statement shall be maintained by the Purchasing Department.

The City of Delray Beach shall not enter into any contract or appropriate any public funds with any person who refuses to provide information required on the disclosure form.

Any person who provides misleading or incorrect information on the disclosure statement shall be disqualified from participation. Also, the contract or grant shall be voidable by the City if the misleading or incorrect information on the disclosure statement is discovered by the City subsequent to execution of a contract.

Definitions

"Business Entity" means any corporation, partnership, limited partnership, proprietorship, firm, enterprise, franchise, association, self-employed individual, or trust, whether fictitiously named or not, doing business in the State of Florida.

"Family, or Family Members, or Familial Relationship" means included but limited to individuals who are related to a public official as father, mother, son, daughter, brother, sister, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, half brother, half sister, person who is engaged to be married to a public official or who otherwise holds himself or herself out as or is generally known as the person whom a public official intends to marry or with whom a public official intends to form or has formed a household.

"Person" means an individual, firm, partnership, association, joint venture, cooperative, or corporation, or any other group or combination acting in concert.

"Public Official" means a person either elected to a governmental position, or appointed to a governmental position who is authorized by statute, resolution or charter to exercise part of the sovereign power of the governmental entity and whose duties of involve the exercise of discretion on behalf of the governmental entity. This also includes all City Employees.

Notification of Public Records Law Pertaining to Public Contracts and Requests for Contractor Records Pursuant to Chapter 119, Florida Statutes

Pursuant to Chapter 119, Florida Statutes, Contractor shall comply with the public records law by keeping and maintaining public records required by the City of Delray Beach in order to perform the service. Upon request from the City of Delray Beach' custodian of public records, contractor shall provide the City of Delray Beach with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law. Contractor shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract. If the Contractor does not transfer the records to the City of Delray Beach. Contractor upon completion of the contract, shall transfer, at no cost, to the City of Delray Beach all public records in possession of the Contractor or keep and maintain public records required by the City of Delray Beach in order to perform the service. If the Contractor transfers all public records to the City of Delray Beach upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City of Delray Beach, upon request from the City of Delray Beach'S custodian of public records, in a format that is compatible with the information technology systems of the City of Delray Beach.

IF THE SELECTED BIDDER/PROPOSER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE SELECTED BIDDER'S/PROPOSER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT CITY OF DELRAY BEACH, CITY CLERK, 100 N.W. 1ST AVE., DELRAY BEACH FLORIDA. THE CITY CLERK'S OFFICE MAY BE CONTACTED BY PHONE AT 561-243-7050 OR VIA EMAIL AT CITYCLERK@MYDELRAYBEACH.COM.

NON-COLLUSION AFFIDAVIT

STATE OF Florida
COUNTY OF Miami-Dade

Before me, the undersigned authority, personally appeared Antonio Noa, who, after being by me first duly sworn, deposes and says of authority's personal knowledge that:

a. Antonio Noa is President of 360 Energy Solutions LLC, the Bidder/Proposer that has submitted a Bid/Proposal to perform work for the following:

Solicitation No.: 2026 010 Title: President

b. Antonio is fully informed respecting the preparation and contents of the attached solicitation, and of all pertinent circumstances respecting such solicitation.

Such Bid/Proposal is genuine and is not a collusive or sham Bid/Proposal.

c. Neither the said Bidder/Proposer nor any of its officers, partners, owners, agents, representatives, employees, or parties in interest, including this affiant, has in any way colluded, conspired, connived, or agreed, directly or indirectly, with any other Bidder/Proposer, firm, or person to submit a collusive or sham Bid/Proposal in connection with the solicitation and contract for which the attached Bid/Proposal has been submitted or to refrain from proposing in connection with such solicitation and contract, or has in any manner, directly or indirectly, sought by agreement or collusion or communication or conference with any other Bidder/Proposer, firm, or person to fix the price or prices in the attached Bid/Proposal or any other Bidder/Proposer, or to fix any overhead, profit, or cost element of the Bid/Proposal price or the Bid/Proposal price of any other Bidder/Proposer, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against the City or any person interested in the proposed contract.

d. The price or prices quoted in the attached Bid/Proposal are fair and proper and are not tainted by any collusion, conspiracy, connivance, or unlawful agreement on the part of the Bidder/Proposer or any of its agents, representatives, owners, employees, or parties in interest, including this affiant.

Antonio Noa

Florida Statute §448.095 states that a public agency must require in any contract that the contractor, and any subcontractor thereof, register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor.

As the officer or representative of the company, I certify that the company identified above:

1. is registered with the E-Verify System.
2. uses the E-Verify system to verify the work authorization status of all new employees of the contractor or subcontractor; and
3. If the Proposer enters into a contract with a subcontractor, the Proposer will require that the subcontractor provide the contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of the contract.

Under penalties of perjury, I declare that I have read the foregoing documents and the facts stated in it are true.

Scrutinized Company Certification

This certification is required pursuant to Florida State Statute Section 287.135.

A company, that at the time of bidding or submitting a proposal for a new contract or renewal of an existing contract, is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List is ineligible for, and may not bid on, submit a proposal for, or enter into or renew a contract with an agency or local governmental entity for goods or services of \$1 million or more.

Companies must complete and return this form with its response.

Company. 360 Energy Solutions FID or EIN No. 46-2459351

Address. 8510 NW 68th Street

City. Miami

State. FL

Zip. 33146

I, Antonio Noa, as a representative of 360 Energy Solutions LLC certify and affirm that this company is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List or engaged in business operations in Cuba or Syria.

Pursuant to Florida Statute §287.135, Proposer is ineligible to enter into, or renew, this Agreement if Proposer is on the Scrutinized Companies that Boycott Israel List (as identified in Section 215.4725, Florida Statutes), or is engaged in a boycott of Israel.

As the officer or representative of the company, I certify that the company identified above:

1. Is not on the Scrutinized Companies that Boycott Israel List, and that Proposer is not engaged in a boycott of Israel.
2. If at any time during the Procurement Period or if selected, during the term of the Agreement with the City, the Proposer is placed on the Scrutinized Companies that Boycott Israel List, or is engaged in a boycott of Israel, the Proposer/Contractor will notify the City in writing within ten (10) days of the date of such occurrence.
3. Proposer understands that in the event the City determines, using credible information available to the public, that Proposer has submitted a false certification or Proposer is found to have been placed on the Scrutinized Companies that Boycott Israel List or engaged in a boycott of Israel, the City may, in its sole discretion, terminate any Agreement entered into and seek a civil penalty, and other damages and relief, against Proposer/Contractor, pursuant to Section 287.135, Florida Statutes. In addition, the City may pursue any and all other legal remedies against Proposer/Contractor.
4. Proposer/Contractor will not seek damages, fees, or costs against the City in the event the City terminates an Agreement pursuant to this provision.

Under penalties of perjury, I declare that I have read the foregoing documents and the facts stated in it are true.

Florida Statute §787.06(13) requires all nongovernmental entities executing, renewing, or extending a contract with a governmental entity to provide an affidavit signed by a officer or representative of the nongovernmental entity under penalty of perjury that the nongovernmental entity does not use coercion for labor or services as defined in that statute. The City of Delray Beach, Florida is a governmental entity for the purposes of this statute.

As the officer or representative of the company, I certify that the company identified above does not:

- Use or threaten to use physical force against any person;
- Restrain, isolate, or confine or threaten to restrain, isolate, or confine any person without lawful authority and against his or her will;
- Use lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied towards the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
- Destroy, conceal, remove, confiscate, withhold, or possess any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification, of any person;
- Cause or threaten to cause financial harm to any person;
- Entice or lure any person by fraud or deceit;
- Provide controlled substances as outlined in Schedule I or Schedule II of Florida State Statute §893.03 to any person for the purpose of exploitation of that person.

Under penalties of perjury, I declare that I have read the foregoing document and that the facts stated in it are true.

Any entity that applies to a state agency or political subdivision for a grant or proposes a contract having a value of \$100,000 or more shall disclose to the state agency or political subdivision any current or prior interest of, any contract with, or any grant or gift received from a foreign country of concern if such interest, contract, or grant or gift has a value of \$50,000 or more and such interest existed at any time or such contract or grant or gift was received or in force at any time during the previous 5 years. Such disclosure shall include the name and mailing address of the disclosing entity, the amount of the contract or grant or gift or the value of the interest disclosed, the applicable foreign country of concern and, if applicable, the date of termination of the contract or interest, the date of receipt of the grant or gift, and the name of the agent or controlled entity that is the source or interest holder. Within 1 year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services. As the officer or representative of the company, I certify that the Proposer and its affiliates:

1. does NOT have any current or prior interest of, any contract with, or any grant or gift received from a foreign country of concern if such interest, contract, or grant or gift has a value of \$50,000 or more; and

2. has Not had prior interest of, any contract with, or any grant or gift received from a foreign country of concern within the past 5 years.

OR

3. Has provided disclosure to the City including the name and mailing address of the disclosing entity, the amount of the contract or grant or gift or the value of the interest disclosed, the applicable foreign country of concern and, if applicable, the date of termination of the contract or interest, the date of receipt of the grant or gift, and the name of the agent or controlled entity that is the source or interest holder; and

4. Has provided a copy of such disclosure to the Department of Financial Services within one year before proposing any grant or contract.

Under penalty of perjury, I declare that I have read the foregoing document, and the facts stated in it are true.
