Request to Amend Fiscal Year 24-25 Budget

DATE:

August 19, 2025

The Public Works Department is submitting the following budget amendments for consideration.

#### General Fund (001-41-350) - Transfers Between Major Object Code Groups

Request to amend the FY24-25 Building Maintenance Division operating budget by transferring funds from Other Contractual Services and General Operating Supplies to Building Maintenance. These funds are required to support the implementation of the pottery and culinary programs for the Creative Arts School at Old School Square and to remove paint from the pavers in the Pride Intersection, pursuant to Florida Administrative Code, 14-15, and Florida State Statute 316.0745. The total transfer amount is \$15,000.

#### General Construction Fund (334-41-340) - New Appropriations

Request to amend the FY24-25 Capital Improvement Program (CIP) General Construction Fund for additional funds for the Lowson Boulevard Pedestrian Bridge project (41037). These funds are required due to delays in construction, thus requiring an extension of CEI services. Upon payment of final invoice for construction related to this project, there will be a surplus of \$446,929.26 released back to General Construction Fund. A portion of these funds, \$155,000.00, is requested for the additional CEI services.

# Stormwater Utility Fund (448-38-300) – Transfers of Appropriations Between Capital Improvement Projects

Request to amend the FY24-25 CIP budget by transfer of funds from within the Stormwater Utility Capital budget (448-38-300) for the Lakeview Drainage Improvements (41052) project by reallocating \$52,019 from the Historic Marine Way, Seawall, Roadway and Drainage Improvements project (41053). These funds are required for unforeseen utility issues discovered during construction (\$37,000) and for the extension of CEI services due to construction delays (\$10,519). The funds reallocated from the Marine Way project will not be encumbered for construction in FY25 and are being requested in FY26.

#### **Budget Transfer & Amendment Policy**

In accordance with Administrative Policies and Procedures BF-7, Rev 7.

**SUBJECT: Budget Amendment** 

The Delray Beach Fire Rescue Department is requesting a budget amendment to facilitate the purchase of essential equipment. The City of Delray Beach Fire Rescue Department has a fleet of patient care stretchers that have reached the end of a serviceable life. As such the department has the operational need to replace parts of its fleet. Approval of this budget amendment will ensure that the fleet of stretchers used by the department is in a operational state of readiness to address the needs of the patients under its care. This transfer of \$41,921.35 from 001-22-150-526.52-20 to 001-22-150-526-64.90. This would bring the total balance of 64-90 to \$382,000 which is adequate funding to support the equipment purchase.

Budget Amendment Request- Operations 14-10 to Ocean Rescue 14-10

Amount: \$70,000

#### Justification:

The Ocean Rescue Division is requesting a budget amendment of \$70,000 to address a combination of staffing shortages, increased holiday pay obligations, and anticipated overtime costs through the end of the fiscal year.

The division has been understaffed due to unforeseen vacancies, creating an existing shortfall of \$17,000. Additionally, recent and upcoming holiday operations have placed a significant financial burden on the current budget:

• July 4th Operations: \$6,753.35

• July 4th Holiday Pay: \$4,500.00

Labor Day Operations (anticipated): \$4,215.60.

Labor Day Holiday Pay: \$4,500.00

Looking ahead, we anticipate continued staffing pressures through September 30, including coverage for vacation and sick leave. Based on historical patterns, we expect an average of one overtime shift per day over the next 88 days, totaling \$30,091.44 (88 shifts x 10 hours).

This amendment will ensure sufficient funding is available to maintain safe and effective ocean rescue operations during this critical staffing period.

Existing Operations 14-10 has 55% remaining at a total of \$1,023,590.21.

Existing Ocean Rescue 14-10 has 114% used and a shortfall of \$17,163.41

**Budget Amendment** 

The Parks & Recreation Department would like to request the following budget amendment for consideration:

The water line at Seacrest Soccer Field is undersized for that property, resulting in frequent and costly plumbing issues. We would like to re-assign some of the contingent funds for the Recreation Impact Fund to upgrade this water line. The amount is \$30,000 to 117-72-772-572.46-40.

Several staff upgrades occurred in FY24-25, impacting salaries for the Utilities Customer Service Division 050, three (3) Meter Service Workers were reclassed to Utility Service Workers. In the Water Sewer Network Division 283, one (1) position was reclassed and approved in August 2024, for an additional Assistant Water Sewer Network Manager.
