ALL-HAZARDS INCIDENT MANAGEMENT (AHIMT) PRESENTATION

**Recommended Action:**

Staff recommends this presentation to be presented at the city commission meeting for the elected body, city officials, and residents to be educated and informed.

**Background:**

The City of Delray Beach Fire Rescue has members within the department that are currently on AHIMT within the State of Florida. Their involvement with these teams affords them to gain real world experience mitigated large scale emergencies on a state and national level.

Assistant Chief David Garcia recently completed a deployment to New Mexico in support of a flood water response as a member of an AHIMT and this presentation will illustrate his experiences and the value that will be brought back to the City of Delray Beach.
