Bonnie Miskel, Dunay, Miskel & Backman LLP; 14 SE 4th St #36, Boca Raton, FL 33432

Staff Presentation

Brian Ruscher, Transportation Planner presented the project from a Microsoft PowerPoint presentation.

Rebuttal/Cross

Bonnie Miskel clarified that the parking lot located south of 213 SE 2nd Avenue is owned by the City of Delray Beach and not the Community Redevelopment Agency according to the Palm Beach County Property Appraisers website.

Brian Ruscher indicated that if the alleyway is abandoned regardless of the ownership would allow an increase in the development intensity of any future development adjacent to the alleyway in question.

Public Comment

Jim Knight, 10 SE 1st Avenue. Mr. Knight says that the abandonment is supported by the local residents and the nonconforming alley was not being utilized.

Board Comments

John Brewer indicated that the Board should look into the future use of that alley in light of the scale of development in the Osceola Park Neighborhood. Mr. Brewer was concerned that abandoning the alleyway could lead to a high-density development that would not be appropriate in that neighborhood.

Annette Gray asked City staff regarding the cost of relocation of utility lines and the additional density that the abandonment would provide for any future development on the adjacent parcels.

Carol Perez noted that if the alley was abandoned the functionality of the alleyway would not be affected. Ms. Perez was supportive of the abandonment as it does not negatively affect the use of the alleyway.

Steven Cohen stated that he did not consider the area in question as an alleyway as it appears to be an abandoned strip of land. Mr. Cohen requested clarification regarding the area to the north of the structure located at 213 SE 2nd Avenue.

Price Patton noted that he is generally opposed to abandoning an alleyway but the project before the Board is a unique situation. Mr. Patton noted that due to narrowness of that section of the alleyway it was not able to be utilized in a meaningful way.

Dana Post Adler was in favor of recommending the abandonment.

Todd L'Herrou was supportive of recommending the abandonment as the alleyway is not functional and cannot be utilized due to the nonconforming width of the alleyway.

MOTION to move a recommendation of approval of a request to waive the requirements of LDR Section 4.4.13(J)(1)(c), Streets and Blocks, to the City Commission, to allow the Planning and Zoning Board to consider the partial abandonment of an unimproved portion of a "T" alley totaling approximately 1,496 square feet and located adjacent to 201 and 213 SE 2nd Avenue, and 206 SE 3rd Avenue, by finding that the request is consistent with the Comprehensive Plan and Land Development Regulations was made by Carol Perez and seconded by Dana Post Adler.

Board Comments

Carol Perez requested information regarding the streetscape trees that were to be installed and the location of the infiltration trenches to be installed by FDOT.

Annette Gray asked the applicant if the duty to maintain the landscaping on the second floor passes along to any subsequent buyers, the applicant indicated the HOA documents will require the landscaping to be maintained by all subsequent owners. Ms. Gray asked the applicant why the landscaping could not be setback closer to the structure.

John Brewer requested clarification from staff if the applicant is able to get approval from FDOT to place trees along the street.

Dana Post Adler inquired if any of the units were set aside for workforce housing and had concerns regarding the back out parking onto George Bush Boulevard.

Price Patton asked the applicant regarding access to the utilities on the roof. Mr. Patton indicated that there is significant grade changes on the property and inquired if the City Engineer approved the elevation.

Steven Cohen asked the applicant about the landscaping that will be installed adjacent to George Bush Boulevard and on the second floor of the structures.

Todd L'Herrou has concerns regarding the back out parking onto George Bush Boulevard but indicated that the proposed project is an improvement to what is existing at that location.

MOTION to move approval of the Class V (2022-014) Site Plan, Landscape Plan, and Architectural Elevations with request for waiver from LDR Section 4 6.16(H)(6); for 1236 George Bush Blvd. by finding that the request is consistent with the Comprehensive Plan and meets criteria set forth in the Land Development Regulations was made by Price Patton and seconded by Steven Cohen.
