ACFR 2024 - Issued](#)

Moises Ariza and Scott Montgomery, Certified Public Accountants with CBIZ Consultants, summarized the City of Delray Beach's 2024 Annual Comprehensive Financial Report (ACFR). Mr. Ariza highlighted specific sections of the report's findings to the Commission. He stated that pages 4 to 17, titled "Management's Discussion and Analysis" (MD&A), include the most critical analysis of the report. He noted that this section emphasizes the financial metrics from the past 2 fiscal years. He discussed the pension trust funds and the methodology for reporting them. He pointed out that the report (pages 151-153) shows the changes in net position for the past 10 fiscal years, which included taxable property values. He concluded that, following the Florida Auditor General's guidelines, his firm found no decline in the City's financial condition.

Commissioner Casale noted that, according to the report, the City's expenses were out pacing its revenues. Specifically, the City's expenditures totaled \$181 million, while revenues were \$175.7 million. This showed that the City has had to use \$5.3 million from its reserves (fund balance) to balance the budget for the past 3 years. She also discussed the general pension and the unfunded pensions for the police and fire departments.

The Commission thanked Mr. Ariza for his comprehensive reporting.

5. COMMENTS AND INQUIRIES ON AGENDA AND NON-AGENDA ITEMS FROM THE PUBLIC- IMMEDIATELY FOLLOWING PRESENTATIONS:

5.A. City Manager's response to inquiries and highlights

Mr. Moore addressed Consent Item No. 6.E. regarding the City's sponsorship of the Davis Cup. He noted that the value and level of sponsorship primarily consisted of in-kind contributions and that hosting the Davis Cup aligns with other tennis events.

5.B. From the Public

Christina (no last name or address given)

Spoke on behalf of Donald Lenzi, who resides at 401 West Atlantic Avenue. She mentioned that 404 Grooves Kitchen and Daiquiri's Restaurant were operating as nightclubs, not restaurants, as initially believed. She stated that the club was so loud that it rattled the building next door until late into the night, at which point they would then engage in an after-party in the streets. She requested the Commission to look into this matter as soon as possible.

Kae Jonsons, 100 West Atlantic Avenue, Delray Beach (The Delray Beach Public Library)

Spoke about 3 significant family events that will be held at the Delray Beach Public Library starting on Saturday, June 7th, at 10:00 a.m. Additionally, she mentioned that from Monday - Friday, the library will offer free lunches for children aged 18 years and under from 11:30 a.m. - 12:30 p.m. through the end of July.

Thanked the City for the Rock the Block Event.

Marjorie Waldo, Arts Garage

These waivers would permit outdoor dining by omitting the required 4-foot curb zone adjacent to on-street parking, and grant permission to exceed the maximum awning setback encroachment of 4 feet. She provided the previously approved site plan and showcased the proposed requests.

Ms. Gianniotis, provided a staff report on this item. She stated that on May 19, 2025, the Planning and Zoning Board approved Waiver No. 1 with a vote of 4-0 for the awning encroachment and approved Waiver No. 2 with a vote of 4-0 concerning the curb zone.

Mayor Carney opened the floor to anyone who wished to speak on this item.

Mayor Carney: Spoke with Mr. Schiller.

Vice Mayor Long: Spoke with Mr. Schiller.

Deputy Vice Mayor Burns: Spoke with Mr. Schiller.

Commissioner Casale: Spoke with Mr. Schiller, the applicant's representative, and what was on the server.

Commissioner Markert: Spoke with Mr. Schiller.

Ms. Gelin entered Resolution No. 93-25 into the record.

Ms. Gianniotis entered File No. 2024-104 into the record.

Neil Schiller, attorney for the applicant, introduced the developer for this

project, Mr. Jerry Batoff, 109 5th Avenue, Delray Beach.

Mr. Schiller presented a request to use contemporary functionalism architectural design for this project. He provided examples of how this design was being utilized throughout South Florida and how it seamlessly integrates into the surrounding area.

Ms. Gianniotis provided a staff report for this item. She stated the applicant does not have sufficient documentation to show that the style is contextually and historically appropriate for use within Downtown Delray Beach. She mentioned direction has been given to consider removing Masonry Modern from the design guidelines. She stated the Planning and Zoning Board (PZB) recommended approval of this request on April 21, 2025, by a 4-2 vote, and deemed the elevations and landscaping to be contextually appropriate, contributing positively to the area. She cautioned the Commission whether the proposed design was a well-executed example of Contemporary Functionalism as outlined in the report.

Mayor Carney opened the floor to anyone who wished to speak on this item.

Seeing no one present, Mayor Carney closed public comments.

Mr. Schiller provided a rebuttal, stating that his client had initially wanted to collaborate with staff to make modifications but was rebuffed. He noted his client had intentionally not designed a building in the Masonry Modern style and confirmed that his client was amenable to continue working with staff on any modifications to refine the definition.

A discussion ensued amongst the Commission about the style of the building and its conformity.

Rafik Ibrahim, Principal Planner, noted the site plan would be returned to the Planning and Zoning Board, and changes to the design were anticipated as both parties worked together.

Ms. Gianniotis emphasized the importance of adhering to the seven approved architectural designs established by the City in 2015, noting that disregarding them undermines their intended purpose.

Peggy Fitzgerald, architect for the project, mentioned the various iterations that this design had previously undergone.

A motion was made by Commissioner Casale, seconded by Deputy Vice Mayor Burns, to approve the Masonry Modern architectural style for the project located at 109 SE 5th Avenue. The motion carried by the following vote:

Yes: 5 - Commissioner Markert, Mayor Carney Jr., Deputy Vice Mayor Burns, Commissioner Casale, and Vice-Mayor Long

She stated the in-lieu fee request is intended to accommodate 2 parking spaces for a new 157sf walk-in cooler and 2 parking spaces for outdoor seating along the breezeway. She mentioned that approval from the Commission would allow the adaptive reuse of the building.

Ms. Gianniotis provided a staff report for this item. She stated this request supported the City's adaptive reuse or expansion of an existing building, resulting in a building not more than a total of 2 stories in height. She

mentioned that the Parking Management Advisory Board (PMAB) on May 27, 2025, was cancelled, and the item had not received a recommendation from this Board.

Mayor Carney opened the floor to anyone who wished to speak on this item.

Laura Simon, Executive Director of the Downtown Development Authority (DDA), stated that they support approving this item.
