Vendor or Contractor Conflict of Interest Disclosure Statement Information and Instructions

The award of this contract is subject to the provisions of Chapter 112, Part III, Florida Statutes. The City of Delray Beach, Florida, requires this disclosure statement to be completed and filed with all proposals, bids responses, contracts, or grant or loan requests to the City. The disclosure statement is not required for contracts for gas, water, and electric services where no competition exists, or where rates are fixed by law or ordinance. In circumstances where a contract is awarded by competitive bid, the disclosure statement shall be required from persons submitting responses to requests for proposals, requests for qualifications, invitation to bid, grant applications, or other proposals.

A copy of the disclosure statement shall be maintained by the Purchasing Department.

The City of Delray Beach shall not enter into any contract or appropriate any public funds with any person who refuses to provide information required on the disclosure form.

Any person who provides misleading or incorrect information on the disclosure statement shall be disqualified from participation. Also, the contract or grant shall be voidable by the City if the misleading or incorrect information on the disclosure statement is discovered by the City subsequent to execution of a contract.

Within 1 year before applying for any grant or proposing any contract, such entity must provide a copy of such disclosure to the Department of Financial Services. As the officer or representative of the company, I certify that the Proposer and its affiliates:

1. does NOT have any current or prior interest of, any contract with, or any grant or gift received from a foreign country of concern if such interest, contract, or grant or gift has a value of \$50,000 or more; and
2. has Not had prior interest of, any contract with, or any grant or gift received from a foreign country of concern within the past 5 years.

OR

3. Has provided disclosure to the City including the name and mailing address of the disclosing entity, the amount of the contract or grant or gift or the value of the interest disclosed, the applicable foreign country of concern and, if applicable, the date of termination of the contract or interest, the date of receipt of the grant or gift, and the name of the agent or controlled entity that is the source or interest holder; and
4. Has provided a copy of such disclosure to the Department of Financial Services within one year before proposing any grant or contract.

Under penalty of perjury, I declare that I have read the foregoing document, and the facts stated in it are true.

A. Transmittal Letter

TAW Power Systems, Inc. dba, Integrated Power Services, (IPS) is pleased to have the opportunity to respond to the Invitation to Bid, ITB NO 2026-010, Generator Maintenance, Repair and Replacement. In response to the Bid, we will demonstrate the capabilities necessary to comply with virtually all the requirements put forward and describe how we plan to exceed the expectations for the services requested.

Tampa Armature Works, Inc. (TAW®), is a family of integrated power solutions. Since 1921, TAW® has been the premier Sales, Service, and Predictive Maintenance provider for electric motors, emergency generators, transformers, pumps, drives, metal-clad switchgear, metal-enclosed switchgear, and all rotating apparatus. If it spins, turns, or rotates, chances are we can repair it, rewind it, or rebuild it better than anyone else.

The Power Systems headquarters is located at 6312 78th St, Riverview, FL 33578. The closest branch in relation to City of Delray Beach is TAW Power Systems, Inc. d/b/a Integrated Power Services (IPS) located at 1500 NW 15th Avenue Pompano Beach Florida 33069 .

TAW Power Systems Inc.'s representations for this account are:

B. Narrative Description

TAW Power Systems, Inc. employs over seventy (70) field service generator technicians, many with Kohler, and other manufacturer certifications, based out of seven (7) Service Centers throughout Florida, Alabama and South Carolina. The service vehicles are equipped with state-of-the-art computer hardware and software, tools, meters, and inventory to provide typical repairs/service for generators systems and ancillary equipment such as Automatic Transfer Switches (ATS), controllers, etc. Technicians communicate on a real time basis with their Service Manager and additional technical support staff via Internet and cellular smartphones. The vehicles are monitored with GPS locating devices so the closest technician for a particular site can be contacted and dispatched immediately.

During each inspection of the generator units, the technician will complete a thorough inspection of the entire system and any related components regarding the generator, transfer switch, and fuel system. All fluid levels on the generator will be measured and topped off if needed. Antifreeze will be tested to confirm safe freeze protection levels. Specific gravity of each cell in all non-maintenance free batteries will be tested. Batteries will be load tested and a copy of the results will be provided with each report. All associated fuel tanks and day tanks will be inspected, and fuel levels will be recorded. Proper day tank operation will be tested. Units will be test run during the inspection to confirm proper operation with no active leaks or alarms. A transfer test can be performed if the technician receives approval from authorized personnel during the time of inspection. If any repairs needed are found during this time, the technician will provide all necessary information to the local sales representative in order to provide an accurate estimate to the City of Delray Beach POC for approval. All these services will be performed during the annual inspection with addition to other PM requirements of the Solid Waste Authority of Palm Beach County maintenance scope of work referred to in the bid document and IPS's Clarifications page concerning the frequency of the maintenance.

TAW Power Systems, Inc. dba Integrated Power Services, (IPS) offers 24x7, 365 days a year contact and support utilizing personnel at our facilities, not an answering service. Each evening, telephone lines are forwarded and manned by either the Branch Service Managers or Service Coordinators. They then have the ability to assess the situation, send out the appropriate technician to provide a response time in order to restore service as quickly and as practically as possible. A substantial inventory of the most replaced parts at each of the branches also assists in reducing any downtime.

TAW Power Systems, Inc., Integrated Power Services, (IPS) has continued to display the staying power, growth and stability in the industry for almost 100 years. Operated since 1921, TAW has the ability to invest in the strategic markets, resources and technologies required to be an industry leader, as well as maintain inventory levels of parts and equipment for a wide variety of generator systems. TAW has always provided quality products with superior services and continues to strive to be your preferred supplier through integrity, honesty and dependability.

TAW Power Systems, Inc. is the service provider for several large accounts including network stations, government entities, hospitals, communication sites, and other crucial locations. Our service department staff works around the clock to provide any emergency service required at any time of the day.

Technical training on new products and services is a fluid, on-going program at TAW Power Systems. In 2019, TAW had more than thirteen (13) technicians complete EGSA certification or many attended

factory schools and industry seminars for new product training and service certifications. We also have a full-time instructor on staff that continually provides a training curriculum on general electrical and mechanical theory and process, as well as generator start-up, preventive maintenance procedures, and other related topics. The training program is continuously updated with the latest emergency power systems products. Certifications for the additional technicians assigned to this bid are available upon request. Other key personnel have been listed in the transmittal letter.

Request for Taxpayer Identification Number and Certification

Go to www.irs.gov/FormW9 for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See Specific Instructions on page 3.	<p>1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)</p> <p>TAW Power Systems, Inc.</p> <p>2 Business name/disregarded entity name, if different from above.</p> <p>Integrated Power Services, LLC</p> <p>3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only one of the following seven boxes.</p> <p> <input type="checkbox"/> Individual/sole proprietor <input checked="" type="checkbox"/> C corporation <input type="checkbox"/> S corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input type="checkbox"/> LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) _____ <small>Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.</small> <input type="checkbox"/> Other (see Instructions) _____ </p> <p>3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See Instructions <input type="checkbox"/></p>	<p>4 Exemptions (codes apply only to certain entities, not individuals; see Instructions on page 3):</p> <p>Exempt payee code (if any) _____</p> <p>Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____</p> <p><i>(Applies to accounts maintained outside the United States.)</i></p>

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number									
				-			-		
or									
Employer identification number									
4	5	-	4	2	4	1	8	2	6

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Re: Integrated Power Services

To Whom It May Concern:

ASCO confirms Integrated Power Services has a current active account with ASCO which are accounts #107275 & 107278.

ASCO also confirms that trained and qualified TAW technicians are authorized to startup 300, 4000 and 7000 Series Transfer Switches.

In addition to this, the TAW technicians that participated on warranty training are authorized to preform warranty work on 300 Series Transfer Switches.

As always, we appreciate your business, trust, and partnership.

GENERATOR MAINTENANCE REPAIR AND REPLACEMENT SERVICES

Question No. 18

I received the addendum last week for ITB 2026-010. I noticed that city of Margate was not listed and now listed city of sunrise. I just wanted to confirm that city of Margate is no longer part of this bid and that you now are looking for pricing on the City of Sunrise. If so, will there be a new pricing sheet for the bid?

Answer No. 18

Prospective bidders must submit pricing for the following entities:

- City of Delray Beach (Public Works and Utilities)
- City of Parkland
- Miami Shores Village
- City of Margate
- City of Sunrise

ITB2026-010, Section 5 _Pricing Schedule is deleted in its entirety and replaced with:

Question No. 19

In the addendum you have introduced 43 generators for Lot 1 and 6 for Lot 2, and 9 pump stations for Lot 3, look at 2nd attachment.

Answer No. 19

it is 5 pump stations for Lot 3 – not 9

Question No. 20

You also mention a contract, but you indicate not using the sample shown on first attachment.

Answer No. 20

The pricing schedule provided in Answer No. 18 should be considered as final and must be filled out by prospective bidders in response to the ITB to be responsive and responsible.

Question No. 21

If we introduce the addendum then I would think we need to modify the amount of the bid and what sheet do we use for that entry, I just added the same sheet and changed closing date and re-dated it.

Answer No. 21

Refer to Answer No. 18

Question No. 22

I spoke to Bidnet and they said we cannot add another file, the bid has to be withdrawn and we submit all pages again.

Answer No. 22

Correct. Please follow BidNet Support Instructions. You can withdraw your submittal and resubmit for complete submission.

Question No. 23

I am reviewing the recently issued addendum for the current City of Delray Beach utilities generator project, and I noticed the attached page listing various generator serial numbers

and kW ratings. This page was not included in the original bid documents and appears to have been added only in the addendum.

2,400

For clarity during bid preparation, could you please confirm whether this list is intended to outline generators that require maintenance services as part of the scope of work, or if it is being provided strictly for informational/reference purposes? I want to ensure our proposal fully aligns with the City's expectations, so your guidance on whether maintenance for these units should be included in our quote would be greatly appreciated.

Answer No. 23

City of Sunrise generators list was added to the List of Cities in the Solicitation and is part of the solicitation

City of Delray Beach – Utilities Department Generators' list was added and is part of the solicitation.

Question No. 6 of the addendum No. 1 gives more details on the generator: model and serial

Please refer to. Answer No. 18 .

Question No. 24

Will there be a pricing page for the units listed in Addendum 1 for the City of Sunrise?

Answer No. 24

Please refer to answer No. 18
