Board Comments

Aura Ramirez – asked how much the front setback has increased since the last meeting.

Alexia Howald responded with that it was 22 feet and now the setback is 23'. The applicant has 'pushed' the structure back by one foot.

Aleks Hayes-So the side setback is One foot three inches, yes? To which the applicant replied yes, we are reducing the side (setbacks) as well.

Brenda Cullinan- if this is approved, you will no longer have a problem, now that you have gotten all the measurements adjusted from the last meeting? Applicant – yes and yes.

Aura Ramirez- my other question is to Aleks. What do you think about the new size of the garage?

Aleks Hayes – It was a 'good' size but now it is reduced to the standard size. I have no further questions. Anyone else?

Jesse Schloesser – This question is for staff. Is the 19' right-of-way standard or is that number neighborhood specific?

Alexia Howald – The overall ROW width is 60'. The 19' is the soil on the edge of the street.

John DeLacio – None

Tiana Morales – None
