Rebuttal/Cross

None

Public Comment

None

Board Comments

Benjamin Baffer requested clarification as to material and style of proposed roof.

Claudia Willis was concerned that asphalt shingle roofs are becoming increasingly rare within the historic district. Ms. Willis was supportive of a mill finish standing seam roof if a metal shingle roof is not a viable option.

Alyse Lemstrom arrived 6:18

Rhonda Sexton was supportive of the proposed standing seam metal as the pitch of the roof is low and will not overshadow the house.

Kristin Finn was supportive of the proposed roof materials as they are in accordance with historic standards.

Alyse Lemstrom was supportive of the proposed roof as it is consistent with other homes in the neighborhood and the historic requirements contained within the City's Land Development Regulations.

MOTION to approve Certificate of Appropriateness (2022-138), for the property located at 706 NE 2nd Avenue, Del-Ida Park Historic District, by finding that the request and approval thereof is consistent with the Comprehensive Plan and meets the criteria set forth in the Land Development Regulations was made by Kristin Finn and seconded by Claudia Willis.

MOTION CARRIED 5-0
