NOTABLE IMPROVEMENTS FROM 2026 TO 2027

1. **Consistent Application Package:** Updated with SETAC After Action Suggestions.
2. **Additional Private Security Hours:** We will hire extra staff for overnight shifts, Saturday & Sunday.
3. **3 Overnight Police (Friday & Saturday):** 3 officers and 3 cars with lights (1 for each field) in addition to the private security. Preventative measures for multi-million dollar collector car safety by the best department.
4. **More Celebrities Invited:** In addition to Barry Meguiar TV Show Host returning, we are hopeful International Ambassadors and Consulate Generals/Staff will attend for International Automotive Brands represented.
5. **Saturday VIP Ticketed Daytime Attendance & VIP Feminine Vintage Lunch:** Afternoon VIP Spectator Access to Increase Charity Donations After Cars Staged. VIPs and Public Fence Passerbys were asking to come in. Laura suggested last year to try to do 2 days access. 2026 we proved we could be ready with setup earlier. Sunday Remains Free Public Day
6. **25 foot to Atlantic Ave Sidewalk Front Lawn Expansion:** As Police and SETAC approved Greenmarket vendor tents in this space after requiring our 25 ft setback, in 2026 we request this extra space for more room for our paying vendors. Greenmarket did not use this space. Documented empty via photograph Saturday noon. Luxury cars publicly park downtown and on Atlantic Ave regardless.
7. **Removal of South Public Entrance:** Allocates more volunteers at East & North for stronger data and donation solidification. It also improves spectator flow/visible access to Front Lawn.
8. **Friday Morning Self Guided Scavenger Hunt:** Select invite list of Entrant Cars to participate on their own without a guide or lead driver on public roads following public traffic rules in whatever visible-from-street place order or partial participation independently. 10 local landmarks for photo taken by passenger from inside car to fall in love with Delray. Meet at Opal for lunch.
9. **Downtown Merchant Window Activation Contest:** Storefront decoration similar to Delray Open 2026 & Mille Miglia Race Italy. DBC to coordinate with individual business owners and DDA.
10. **DADA Liquor License to Include Friday Field:** Cornell Museum VIP Reception with backdoors unlocked into fenced in field & private security on duty. Sound speakers from DJ on field outside too.
11. **NE 2nd Ave & Atlantic Ave Lamp Pole Banners:** Formally applying for this for 2027 at time of SETAC app per Laura. Please provide form, map and instructions.

EVENT COMMUNITY PARTNERS

1. **Economic Impact** – We raised over \$150,000 for Delray-based 501(c)3s. 450 high net worth VIPs spend the weekend in Downtown as well as our ~10,000+ attendees. \$600,000+ impact to local economy. Discover the Palm Beaches became a strong partner in 2026 and we look forward to continued growth.
2. **Local Nonprofits** – We donate 100% of event proceeds to Delray-based 501(c)3s who demonstrate measurable impacts! They are some of the most established

organizations in our City. They each have long standing relationships and large community outreach in Delray. We are proud to partner and benefit them.

4. **Previous Support** – Thank you to our long standing notable citizen volunteer board and team for assisting in past years as well. We are grateful for all your compliments over the years.
5. **Proven Event** – This 6th Annual event has evolved to be supported by 50 businesses, both local taxpayers in the DDA district & national corporations like Hagerty and Shelby America.
6. **Free Event** – This event is established as the 44th “concours” in the country, but the only free family-friendly & kid friendly automotive concours festival. The rest are expensive & highly exclusive. Especially the 75th Annual Pebble Beach Concours d’Elegance, the most prestigious in the world, for which we hosted some award winners last year. We have earned the same museum quality of technology and art curation for the public, behind rope, in the heart of Downtown.
7. **Internationally Attractive** – We welcomed cars from 15 states, and Canada, Japan, Germany, Italy, and Cuba. 3 automobiles were transported overseas in preparation for this event. Formula One World Championship cars attended.
8. **International Celebrity** – Luigi Chinetti Jr. the creator of Ferrari’s American Consumer Market and North American Racing Team as well as Legendary Le Mans and Formula One Racecar Driver Derek Bell, a World Sportscar Champion, gave a speech on stage and interacted with the public. One of his former racecars, a 1986 Miami Grand Prix winner, was on our Showfield. Bill Warner, Founder of Amelia Island Concours is Honorary Chairman, and Barry Meguire as Grand Marshal.
9. **Promotion of Downtown to Potential Investors** – We believe, through personal knowledge of the collective net worth of our 450 VIPs, car owners, sponsors, and notable attendees, that our event is directly responsible for attracting the highest net worth of any Delray event to spend a day and weekend in Downtown Delray and possible invest in the future. Several individuals worth many hundreds of millions shared with us this was their first event in Delray and they loved our City. We are aware of some multi-million dollar real estate deals that occurred in Delray via direct introduction by our team at our event. We are ready to tap into this potential for our community’s benefit.
10. **Quality Standards Established** – We are grateful for everyone who has supported this journey and share in the excitement for our 30th Annual in 2051.
11. **Emphasizing International Culture** -- Added Country & State Flags Around Field. Emphasized Public Interaction Opportunities To Educate Kids And Families Of Worldwide Culture.

ARTS & ECONOMIC PROSPERITY

National Findings Local & Regional Findings National Calculator Tools & Resources

Definitions:

Total Expenditures:
The total dollars spent by your nonprofit arts and cultural organization and its audiences; event-related spending by cultural audiences is estimated using the average dollars spent per person, per event by cultural attendees in similarly populated communities.

Jobs (Employment):
Employment data in IMPLAN is an annual average headcount of full time, part time, and seasonal employment. Note that a person can hold more than one job, so the job count is not necessarily the same as the count of employed persons. While IMPLAN employment adjusts for seasonality, it does not indicate the number of hours worked per day. It is not, therefore, equal to full time equivalents. This is the same definition used by the U.S. Bureau of Economic Analysis Regional Economic Accounts and the U.S. Bureau of Labor Statistics Census of Employment and Wages.

Household Income:
The total dollars paid to community residents as a result of the expenditures made by your arts and cultural organization and/or its audiences. Household income includes salaries, wages, and entrepreneurial income paid to residents. It is the money residents earn and use to pay for food, shelter, utilities, and other living expenses.

Government Revenue:
The total dollars received by local, state and federal governments as a result of the expenditures made by your arts and cultural organization and/or its audiences. Government revenue includes revenue from local and state taxes (e.g., income, sales, lodging, real estate, personal property) as well as funds from license fees, utility fees, filing fees, and other similar sources. Local government revenue includes funds to governmental units such as city, county, township, and school districts, and other special districts.
