

## PAINT-UP & SIGNAGE PROGRAM

### **PURPOSE**

The Paint-Up & Signage Program was originally established by the Delray Beach Community Redevelopment Agency (CRA) to encourage existing building owners or tenants to improve the exterior of their buildings through a new coat of paint and was later expanded to include signage. The program allows the building owner or tenant to share the cost of adding signage to or painting an existing building with the CRA.

To qualify for the Paint-Up & Signage Program, the structure must be located in the CRA District. The CRA will provide a matching grant for up to 50% of the cost of approved exterior signage and painting projects. The applicant must submit a completed application accompanied by two estimates from licensed painters and/or sign companies and, if the proposed painting or signage is part of a larger renovation/addition project, a total project budget. Review and approval of the application may take up to four weeks to process.

Improvement projects that begin before the grant application is approved by the CRA Board are not eligible for funding assistance under the Paint-Up & Signage Program.
