6.5 PRICE OFFERS AND EVALUATION

After the evaluation of the technical areas of the Proposal, the City will evaluate the price aspects of the Proposal. The City will use the prices submitted by each Proposer to estimate the total cost of the Proposer's services. The Proposer that submits the lowest total price for all combined services will be awarded the maximum number of points (35). The total points awarded for price is determined by applying the following formula: $(\text{Lowest Proposed Price}/\text{Vendor's Price}) \times (\text{Maximum Number of Points for Price}) = \text{Price Score}$. The pricing evaluation is used as part of the evaluation process to determine the highest-ranked Proposer. The City reserves the right to negotiate the final terms, conditions, and pricing of the contract as may be in the best interest of the City.

6.6 NEGOTIATIONS

If the City and the Proposer(s) cannot reach agreement on a contract, the City reserves the right to terminate negotiations and may, at the City Manager's or designee's discretion, begin negotiations with the next highest-ranked Proposer(s). This process may continue until a contract acceptable to the City has been executed or all Proposals are rejected. No Proposer shall have any rights against the City arising from such negotiations or termination thereof.

6.7 CONTRACT AWARD

Any contract resulting from this solicitation will be submitted to the City Manager or designee, and the City Commission for approval, as appropriate. All Proposers will be notified in writing when the City Manager or designee makes an award recommendation. The contract award, if any, shall be made to the Proposer whose Proposal shall be deemed by the City to be in the best interest of the City. Notwithstanding the rights of protest listed herein, the City's decision of whether to make the award and to which Proposer shall be final.
