City of Delray Beach  
100 NW 1<sup>st</sup> Ave.  
Delray Beach, FL 33444

We are writing to request a waiver to the sign code, LDR Section 4.6.7 for Whole Health, LLC new location at 402 SE 6<sup>th</sup> Ave. Delray Beach, FL.

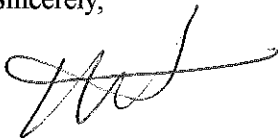

LDR Section 4.6.7, E7 states that wall signage can be placed on only a dedicated street frontage. Please consider this our formal request for relief from LDR Section 4.6.7.

The front entrance of the Whole Health building faces west. The west elevation faces and is visible from SE 5<sup>th</sup> Ave. Having signage above our front entrance is crucial to allows clients to find us and to effectively promote our company.

Almost every business in the city has a sign above their front entrance. Whole Health needs to have signage above their front entrance.

- A) The signage will not adversely affect the neighboring area.
- B) The proposed sign only faces other businesses.
- C) The proposed signage will match the new building in color.
- D) The proposed sign will be considerable nicer than the signage on the adjacent buildings.
- E) The proposed signage shall not diminish in any way the provision of public facilities. The signage will help promote a local Doctor's office.
- F) The signage will not create an unsafe situation.
- G) The signage will help the clients of Whole Health locate the business creating a "safer" situation.

Sincerely,

Michael 'igotti  
Full name of signer

Sworn to and subscribed before me this 18 day of July 2016, personally known to me.
