

Proposed Roofing Material – DaVinci Shake

This proposed roofing material is designed to replicate traditional wood shake and is consistent with the historic character of the property and surrounding neighborhood. The replacement will maintain the same roof style, scale, and appearance while improving durability and longevity.

Color: Chesapeake
Material: Composite Shake
Manufacturer: DaVinci Roofscapes

This proposed roofing material is designed to replicate traditional wood shake and is consistent with the historic character of the property and surrounding neighborhood. The replacement will maintain the same roof style, scale, and appearance while improving durability and longevity.
