

Planning, Zoning and Building Department

BOARD ACTION REPORT – APPEALABLE ITEM

Project Name: Delray Beach Plaza
Project Location: 600 Linton Blvd
Request: Approval of an Amendment to the Master Sign Program
Board: Site Plan Review and Appearance Board
Meeting Date: March 28, 2018

Board Action:

Approved (5-0, Fred Kaub and Linda Prado absent) to an amendment to the existing Master Sign Program for Delray Beach Plaza (fka Lavers International Plaza), located at 600 West Linton Boulevard.

Project Description:

The subject property is located on Tract "A" of the Lavers International Plaza Plat 2, which consists of approximately 9 acres. Tract "A" consists of two parcels; the parcel to the west contains 0.80 acres and is zoned General Commercial (GC), while the parcel to the east contains 7.67 acres and is zoned Planned Commercial (PC).

The subject request is for an amendment to the Master Sign Program to accommodate signage for Delray Beach Plaza which includes Building 100, where the anchor tenant (Whole Foods) is located, and new commercial tenant space for buildings 200, 300 and 900.

The current Master Sign Program for the development was approved by SPRAB in 1991.

The proposed amendment to the existing Master Sign Program is designed to accommodate the new elevations and storefronts for Delray Beach Plaza and is designed to accommodate several national corporate tenants that have already committed to signing leases. The comprehensive sign program is attached.

Staff Recommendation:

N/A

Board Comments:

none

Public Comments:

none

Associated Actions:

Agent..... Delray Plaza, LLC

Location..... Southwest corner of West Linton Boulevard and Lavers Avenue.

Property Size..... 7.67 Acres

Future Land Use Map... GC (General Commercial)

Current Zoning..... PC (Planned Commercial)

Adjacent Zoning. North: RM (Multi-family Residential, Medium Density), CF (Community Facilities), and GC

East: PC

South: SAD (Special Activities District)

West: GC

ITEM BEFORE THE BOARD

The item before the Board is an amendment to the existing Master Sign Program for Delray Beach Plaza (fka Lavers International Plaza), located at 600 West Linton Boulevard.

BACKGROUND

The subject property is located on Tract "A" of the Lavers International Plaza Plat 2, which consists of approximately 9 acres. Tract "A" consists of two parcels; the parcel to the west contains 0.80 acres and is zoned General Commercial (GC), while the parcel to the east contains 7.67 acres and is zoned Planned Commercial (PC).

In 2017, a Class IV Site Plan Modification, Landscape Plan and Architectural Elevations were approved for the redevelopment of Lavers International Plaza. The new development, Delray Beach Plaza, includes the demolition of three commercial and office buildings, and modifications to the two-story building (referred to as Building 900). The new construction includes a grocery store as the anchor tenant (referred to as Building 100) and two new retail buildings (referred to buildings 200 and 300).

PROJECT DESCRIPTION

The subject request is for an amendment to the Master Sign Program to accommodate signage for Delray Beach Plaza which includes Building 100, where the anchor tenant (Whole Foods) is located, and new commercial tenant space for buildings 200, 300 and 900.

The current Master Sign Program for the development was approved by SPRAB in 1991, which includes the following details:

- Flat wall signs: all tenants signs to have green individual letters, illuminated or not, back lit channel letters, flushed mounted, with no specific letter size or font set by the board; and,
- Two monument signs

The sign program has been amended several times throughout the years as tenants such as Lucille's Bad to the Bone, Wachovia, and Pets Supplies Plus occupied space.

The proposed amendment to the existing Master Sign Program is designed to accommodate the new elevations and storefronts for Delray Beach Plaza and is designed to accommodate several national corporate tenants that have already committed to signing leases. The comprehensive sign program is attached; the details of the proposed sign program include:

Wall Signs:

Tenants in buildings 200, 300 and 900 will be allowed one front building sign with the exception of the corner tenants which will be allowed two signs, one on each elevation. The maximum sign height for one line of copy is 36" and 54" for two lines of copy. Signs shall not encroach within 12" of any architectural feature such as but not limited to the fascia, cornice, canopy storefront, etc. Corporate colors, trademarks and logos are allowed. The allowed colors are included in the package and additional colors may be considered by the landlord.

Whole Foods (Anchor Tenant):

Whole Foods shall be allowed to have signage on the west, north and east elevations; specifications to be determined by a separate application.

Leased Tenants

Those tenants (Burger Fi, First Watch, Tide Dry Cleaning, Zoe's Kitchen and Club Pilates) which have already signed leases with Delray Plaza are included in the attached sign package. The signage was included as a prototype of those that are commonly used throughout the United States at other locations.

Monument Signs:

Monument signs will be located in a 10 ft. setback. Exhibit A which is the Pet Supplies Plus sign is being relocated just east of the existing sign. The eastern most sign which is for the tenants of Buildings 100, 200 and 300 is a maximum height of 12' and a sign area of no more than 145 sq. ft. The western most sign for the tenant in Building 900 is a maximum of 11'. The sign area is no greater than 140 sq. ft. The applicant has added an additional wayfinding sign, which was a suggestion of the Board to help navigate patrons through the plaza, is located at the main entrance and measures 5 ft. tall with a sign area of 30 sq. ft. The signs are off white, tan silver metallic and the panels will be a white background with corporate logos, colors and typefaces.

Prohibited Signs:

Under canopy and blade signs.

MASTER SIGN ANALYSIS

LDR SECTION 4.6.7(F)((2)(b) Master Sign Program

A Master Sign Program is to be used when the development of a project is of such a scale or character that the normal application of the design and/or aesthetic standards of Subsections (D) and (E), respectfully, will not result in an effective sign program and signing more permissive than said standards is necessary. Approval of a Master Sign Program may include the automatic granting of waivers and or adjustments to the provisions of Subsections (D) and (E) provided the intent of the sign code is maintained and the character of the community and neighborhood is not diminished.

The signage proposed for Delray Beach Plaza is directed more towards accommodating nationally corporate tenants. It should be noted that the permitted colors proposed for the Master Sign Program will also be applicable to local or non-trademarked, non-corporate businesses to choose their sign colors from. Such signage would be reviewed by Staff for compatibility and harmony within the Plaza, with the discretion to require Board action if deemed to be garish or not harmonious. However, if one of those such businesses identifies with a color not within the color palette, an amendment to the program would be required.

The applicant is requesting monument signage for the anchor tenant (Whole Foods) in Building 100, as well as three walls signs which have not yet been specified. Therefore, Staff recommends that if larger wall signs are applied for than is permitted, that LDR Section 4.6.7(F)(2)(b) be applied. This Section permits the automatic granting of waivers or adjustments to the provisions of Subsection (D) and (E) provided the intent of the sign code is maintained and the character of the neighborhood is not diminished. This provision grants staff the ability to administratively approve the signage as long as the wall signs do not exceed 250 sq. ft., whereas the maximum is 160 sq. ft. The larger size is more appropriate as the elevation includes a large fascia and signage at the 160 sq. ft. maximum would not be appropriately proportionate.

The leased tenant spaces such as Burger Fi, First Watch, Tide Dry Cleaning, Zoe's Kitchen and Club Pilates all appear to appropriately fit within the confines of the proposed Master Sign Program. Upon submittal of signage, if they do not meet the requirements of the sign program, signage will need to appear before the Board or meet the criteria for approval.

The amendment to the Master Sign Program for Delray Beach Plaza will be an overall improvement to the updated elevations of the plaza and provide consistency throughout the new development. The original Master Sign Program is outdated and the new program will bring a freshness to the updated elevations.

Given the review provided above, Staff recommends approval of the amendment to the Master Sign Program for Delray Beach Plaza.

ALTERNATIVE ACTIONS

- A. Postpone with direction.
- B. Move approval of the amendment to the Master Sign Program (2018-046) for **Delray Beach Plaza**, located at **600 W. Linton Blvd.** based upon positive findings to LDR Section 4.6.7(F)(2)(b).
- C. Move denial of the amendment to the Master Sign Program (2018-0468) for **Delray Beach Plaza** located at **600 W. Linton Blvd** based upon a failure to make positive findings to LDR Section 4.6.7(F)(2)(b).

STAFF RECOMMENDATIONS

Move approval of the request of the amendment to the existing Master Sign Program (2018-046) for **Delray Beach Plaza** located at **600 W. Linton Blvd**, based upon positive findings to LDR Section 4.6.7(F)(2)(b).

LANDLORD'S SIGN CRITERIA

1. Storefront signs shall be limited to Tenant's trade name and logo and shall not include products.
2. Tenant is responsible for assuring that all sign manufacturing and installation complies with local building codes and is further responsible for the work performed by its sign contractor, including the sealing in a watertight manner of any building or façade penetrations. Tenant's signage provider shall be responsible for developing all structural wind load calculations and attachment details per the building code. Care should be taken to prevent damage or stress cracks to the façade during sign installation. Tenant's sign contractor shall be responsible for making the electrical connection for the sign and coordinating connection with Tenant's licensed electrical contractor. Signage is required to be UL rated.
3. Tenant agrees to maintain signage at all times in good condition and repair including but not limited to peeling paint, faded letters/lenses, burned out bulbs and/or ballasts. Upon vacating the Leased Premises, Tenant shall remove the sign and restore the fascia to its original condition at its own expense.
4. Unauthorized signs will be removed by Landlord if not removed within ten (10) days' after receipt of written notice from Landlord. Landlord reserves the right to change Landlord's sign criteria so long as the new sign criteria are uniformly and non-discriminatorily enforced by Landlord and provided Tenant shall have received a copy of said criteria prior to the effective date thereof, however, in no event shall Landlord have any specific approval rights in any sign criteria applicable to Tenant.
5. Maximum signage size will be based on local ordinances.
6. The following types of Signs are permitted:
 - a. Internally illuminated channel letters flush mounted.
 - b. Pin-mounted halo lit letters
 - c. Pin-mounted internally illuminated letters
7. The following types of Signs are prohibited:
 - a. Animated, audible or moving signs
 - b. Internally-lit or lightbox/cabinet signs
 - c. Signs with luminous plastic letters
 - d. Neon-illuminated signs
 - e. Sound-generating signs
 - f. Illuminated awnings
 - g. Unfinished materials cardboard, paper, plastic
 - h. Signs constituting a traffic hazard
 - i. Immoral or unlawful advertising
 - j. Light bulb strings exposed tubes or electrical conduits
 - k. Banners, pennants, and balloons used for advertising purposes
 - l. Signs painted directly on buildings, walls, windows and storefronts
 - m. Signs posted on street trees, utility poles or any traffic control devices
 - n. Raceway signs
 - o. Cling signs (except cling signs advertising store hours)
 - p. Window and Door cling signs
 - q. Paper or cardboard signs
 - r. Monument sign panel; no colored background, white only.

MONUMENT SIGNS

Two (2) signs with Tenant Panels along Linton Blvd. One (1) existing sign, PetSupplies Plus, will be relocated . (Exhibit A)

All signs will be no less than 10' from the Property line as indicated (Exhibit A)

The easternmost most sign for the tenants in Buildings 100/200/300 will be freestanding, two sided, and maximum height of 14'. This sign shall have no more than twelve (12) tenant spaces per side. The maximum aggregate face area of the tenant panels will no greater than 85 SF (Exhibit B)

The westernmost most sign for the tenants in Buildings 900 (Executive Suites) will be freestanding, two sided, and maximum height of 11'. This sign shall have no more than twelve (9) tenant spaces per side. The maximum aggregate face area of the tenant panels will no greater than 83 SF (Exhibit B)

Panel backgrounds to be white with corporate logos, colors, and typefaces allowed.

A wayfinding sign installed at the entrance will be freestanding, one sided, and a maximum height of 5'. The sign shall include individual, uniform lettering, not panels. Lettering to be determined and installed by Landlord. The maximum aggregate face area of the tenant panels will no greater than 30 SF (Exhibit B)

SIGN AREAS FOR SHOPS TENANTS

See Exhibit C

This criteria is for those tenants in Buildings 200, 300, and 900.

Each Tenant in Shops Buildings 200, 300, and 900 shall be allowed one (1) front building sign. The two (2) end caps on buildings 200 and 300 shall be allowed two (2) signs. No rear signage will be permitted. Further, no under-canopy or blade signage shall be permitted

Established logos, colors, and font types to be allowed

Letter Height: a maximum of 36” in height on storefronts for the single line of copy. Double line of copy allowed 54”

Length: Sign structure and sign copy shall be limited to a maximum of eighty (80) percent of leased frontage

Sign Area: Shall be permitted under the maximum allowable area per the current code requirements

Location: Shall not encroach within 12” of any architectural feature, including but not limited to, fascia, cornice, canopy, storefront, etc.

TENANT'S SIGNAGE

Tenant may install a sign on the building façade, in accordance with all requirements of applicable law.

The specifications outlined above or the approval by Landlord of any signage does not constitute a representation that such shall meet or comply with the requirements of local authorities. It is Tenant's responsibility to obtain all approvals necessary to meet applicable conditions.

The "BURGERFI" mark consists of the stylized word "BURGERFI" in which the word "BURGER" is green and the "FI" is either Pure White or Pantone Grey 8 (depending upon the background color). To the left of the word BURGERFI is the BURGERFI logo; a stylized image of a hamburger on a bun with a green star in a circle in the middle of the hamburger. The green in the star and in the word "BURGER" is PMS 382U. Below is a rendering:

At Tenant's option, it may install below the sign the BURGERFI tagline with the words "NATURAL BURGERS • FRIES • DOGS • CUSTARD • CRAFT BEERS • WINE" separated by dots, which are also part of the federally registered trademark.

The Tenant shall be allowed to install the maximum signage allowable by Code on the building façade, but no less than the dimensions provided above. When tenant space dictates two facades, Landlord shall allow Tenant to install two signs and consider each signage as individual to each storefront and not calculate at a total square footage.

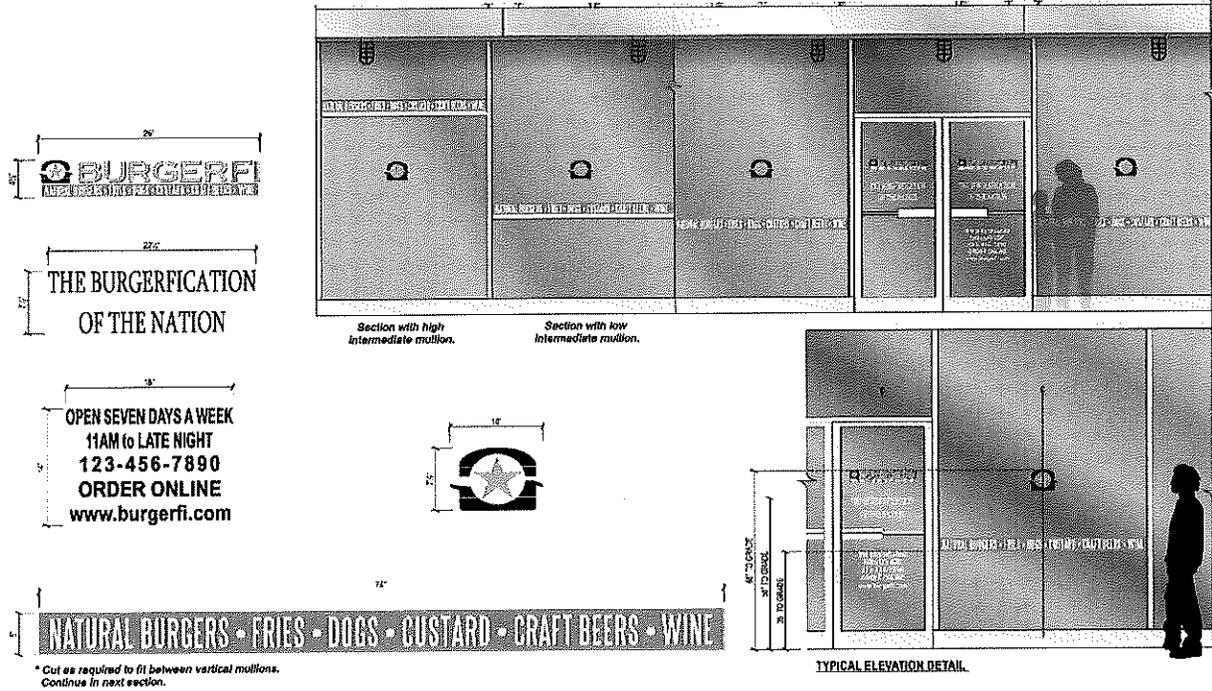

Tenant's sign shall always be illuminated whether it be by Goosenecks or internally illuminated. Landlord acknowledges that if anything in their sign criteria conflicts with the BURGERFI sign requirements, the BURGERFI signage requirements shall control.

The above dimensions are typical for a 24' wide storefront and are to be considered the minimum signage allowed. Tenant shall have the right to maximize signage so long as it meets with municipality requirements.

Tenant must also be permitted to use window vinyls with logos. On all windows the BurgerFi image of a hamburger on a bun appears on the upper portion of the windows. Below the logo, running the length of each window is a portion of the BURGERFI tagline with some of the words "NATURAL BURGERS • FRIES • DOGS • CUSTARD • CRAFT BEERS • WINE". On each door the BURGERFI mark with the BURGERFI tagline appears. Below the mark is the phrase "BURGERFICATION OF THE NATION". Near the bottom of the door the business hours, phone number and website appear. In the case of double doors, only one panel will display the business hours phone number and website. The window vinyls shall not be considered in the calculation of the total square footage of signage allowed.

EXHIBIT E

Below is a rendering of the BURGERFI window vinyls (which are subject to change based on the latest BurgerFi prototypical plans):

In addition, if a pylon or monument sign is available, such sign must include BURGERFI in top position, in a size equal to or greater than Tenant's proportion of square footage in the development, in the colors described above.

EXHIBIT H

Tenant's Conceptual Signage

NOTE: LANDLORD HAS PRELIMINARILY APPROVED TENANT'S CONCEPTUAL SIGNAGE SHOWN ON THIS EXHIBIT IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SECTION 18 OF THE LEASE. LANDLORD HAS **NOT** APPROVED THE SIZE OR DIMENSIONS OF TENANT'S CONCEPTUAL SIGNAGE BECAUSE SIZE AND DIMENSIONS WILL BE APPROVED BASED ON TENANT'S FINAL ELEVATIONS.

Exhibit for conceptual purposes. Tenant intends to install their brand standard signs, awnings, flat panels, and/or window vinyl. Tenant final design will be determined by final shell design, however landlord acknowledges design may be a combination of items listed above.
