She mentioned that the City had joined other municipalities and counties in litigation regarding concerns about the preemption of home rule powers. She noted that if the City were to prevail in the litigation, it would be a strong indicator of how future cases might unfold. She recommended the Commission take a "wait and see" approach to this matter for the time being.

Vice Mayor Long noted that, given the extensive time he recently spent in Tallahassee, it appeared there was strong support for amending this item.

Ms. Gelin stated that she would keep the Commission informed with

Vice Mayor Long: None.

Deputy Vice Mayor Burns: Spoke to counsel.

Commissioner Casale: Spoke to the applicant and staff.

Commissioner Markert: Spoke to staff.

Christina Bilinki, the applicant's attorney, was present for this item. She stated that this parcel, Kia Delray, had already been approved for general commercial land use as a car dealership along Federal Highway, where the vast majority of car dealerships are located in the City. She mentioned that the dealership aimed to modernize its property to better align with the surrounding dealerships. The first request was to change the required number of showers from 8 to 1. The second request was to reduce the required setback of the rear wall. She mentioned that this would improve the buffers by adding 25 feet of landscaping, which is in accordance with the City's Code.

Ms. Gianniotes presented a staff report on this item. She stated that the existing structure is 20,040 square feet, and the proposed building is a 3-story, 143,672-square-foot full-service auto dealership. She discussed the landscape buffers and mentioned that other nearby car dealerships have had complaints about car wash noise, car alarms, and loading noise. Ms. Gianniotes emphasized that the applicant must not use the car alarms to locate a car, as it would be a tremendous nuisance to the surrounding residents.

She concluded her presentation by mentioning that the Planning and Zoning Board recommended approval on October 20, 2025, by a 6-1 vote.

Mayor Carney opened the floor to anyone who wished to speak on this item.

Christina Morrison, 1000 Lowery Street, Delray Beach

Mentioned that the car dealerships in that area are very mindful of the residents and keep the noise down, and suggested adding more trees to beautify Florida Blvd.

Seeing no one else present, Mayor Carney closed public comment.

Ms. Gianniotes requested additional information on the proposed garage turbo doors. The architect for this project approached the lectern and provided information on the turbo garage.

Commissioner Casale asked for a description of the garage turbo door. The architect stated that the turbo doors were designed to open and close

quickly to maintain the air conditioning in the area where customers receive their vehicles.

The Commission engaged in a discussion on this item, and the majority supported the proposed upgrades to the dealership.

Commissioner Casale expressed her concern about the landscaping buffers and the close proximity to the neighbors.

Anthea Giannotes entered File No. 000-322-2025 into the record.

Erica Hurst, 34983, was present to represent the applicant. She stated that this was a national chain store offering boutique pet retail and grooming services. She mentioned that there were no boarding or outdoor activities and that appointments were scheduled based on traffic flow. She stated that during the Planning and Zoning Meeting the previous evening, a question was raised: How will sound from the store be controlled? Ms. Hurst noted that there would be a fire-rated wall that would prevent barking from coming through. She stated that the store was in full compliance with all the Land Development Regulations.

Ms. Gianniotes discussed the previous conditional use issues regarding pet stores and stated that, based on an analysis, this location would not have a negative impact on traffic. She mentioned that the Planning and Zoning Board voted 7-0 to recommend approval at its November 17, 2025 meeting.

Mayor Carney opened the floor to anyone who wished to speak on this item.

Seeing no one present, he closed public comment.

There was no cross-examination or rebuttal from either side.

Deputy Vice Mayor Burns suggested that businesses that do not offer overnight boarding or outdoor use should not be required to present to the Commission once vetted by the Planning and Zoning Board.

All the Commissioners agreed with Deputy Vice Mayor Burn's suggestion.

A motion was made by Commissioner Casale, seconded by Deputy Vice Mayor Burns, to approve Resolution No. 237-25. The motion carried by the following vote:

7.G. CONSIDERATIONS TO RECOGNIZE ROY SIMON

Sponsors: City Manager Department

Attachments: [Agenda Cover Report](#)

Mayor Carney requested that this item be discussed earlier in the meeting, acknowledging that many residents were present to hear it. It became Item No. 5.A.1.

Mayor Carney recognized that Mr. Simon was the foremost architect of buildings throughout the City. He acknowledged that Ms. Rita Rena, President of the Rotary Club of Delray Beach, was present to read into the record the dedication of a bench in front of Old School Square to the Simon brothers, Roy and Earnie, on behalf of the Rotary Club of Delray Beach.

Rita Rena, President of the Rotary Club of Delray Beach, expressed her gratitude to the Commission and the residents for their donations to support under served children, which she had discussed the previous week.

Ms. Rena delivered a speech honoring Roy Simon and his family for their exceptional service and dedication in shaping the City. She discussed how

their vision has guided the City and made it what it is today, and stated that in honor of Mr. Simon, a memorial bench would be dedicated to him in front of Old School Square.

Laura Simon, Executive Director of the Downtown Development Authority, expressed her gratitude to the Rotary Club for their dedication to her father and family. She spoke about her family's legacy in the City and highlighted their significant impact on various organizations and architectural styles. Ms. Simon emphasized her father's pivotal role in shaping the community, including his efforts in establishing the Downtown Development Authority in 1971.

Commissioner Casale suggested that Laura Simon share her ideas on how the Commission could honor her father.

Ms. Simon mentioned that one of her father's passions was parking; he developed several parking lots throughout the City. She provided several suggestions for locations for a memorial bench in his honor, including Veterans Park, the Railroad parking lot, and the Original Atlantic Plaza, which he designed.

The Commission discussed how best to honor Mr. Simon. A suggestion was made to name the Railroad Lot as the Roy M. Simon Parking Lot. Ms. Simon supported that suggestion.

The Commission proposed temporarily naming the lot the "Roy M. Simon Railroad Parking Lot" until new signs can be installed throughout the city to prevent confusion. Once the new signs are created, they will be updated to display the name "Roy M. Simon Lot."

A motion was made by Commissioner Casale, seconded by Commissioner Markert, to rename the Railroad Parking Lot, the Roy M. Simon Lot.

10. COMMENTS AND INQUIRIES ON NON-AGENDA ITEMS:

A. City Manager

None.

B. City Attorney

Stated that she had reviewed the local rules, and on page 16, it was mentioned that the allocated time during workshop meetings for public comment is limited to 30 minutes for the subject matter.

C. City Commission

Mayor Carney:

Suggested looking for miscellaneous revenue to offset the cost to install noise cameras in specific locations throughout the City. Mr. Moore indicated that he would contact the noise consultant to arrange a demonstration of the camera's functionality before the Commission makes a decision. He stated that after the presentation, the Commission would be able to assess the costs and determine whether any additional funding is available for the cameras. Commissioner Markert proposed installing the cameras on a trial basis to evaluate their effectiveness, noting that this would cost the City nothing.

Suggested looking into gun range regulations and whether a shooting range should be allowed to operate near a residential or industrial neighborhood.

Stated that the upcoming Vision 2035 Committee meeting will be held on December 12, 2025, and that the first meeting was very successful. He proposed starting the process of selecting the groups that will be appointed for the January session. Mr. Moore proposed scheduling an agenda item for December 1, 2025, to allow the Commission to select members who will serve at the January meeting.

Commissioner Casale:

Congratulated Jay Stacy, Chief Technology Officer, for the City winning the Digital City Award.

Suggested that everyone attend the next Library Retail Therapy Event, and mentioned the numerous events for adults and children that the event offers.

Inquired if the City's non-profit organizations were in the process of receiving their funding from the City. Mr. Moore responded that the funding agreements for non-profits were in the process of being finalized.

Commissioner Casale asked whether the non-profit organizations could receive the funding as soon as possible, as they depend on the funds being available by October 1st of each year, and requested that it be available by the next meeting. Mr. Moore requested that Jeff Oris, Assistant City Manager, come forward and address this question.

Mr. Oris stated that, as directed by the Commission's instructions, he was redoing the funding agreements already in place with the City and extending them with the additional Community Redevelopment Authority A-Guide dollars that were not previously available. He also mentioned that he was checking to ensure everyone has an appropriate performance list. Commissioner Casale requested that Mr. Oris complete this task promptly and add it to the agenda for the next meeting. Mr. Moore recommended that this item be brought back on the December 8th agenda to allow adequate time for completion. There was consensus among the Commission to include this item on the December 8th agenda. Mayor Carney stated that he would like to discuss the cat situation throughout the city as well at this meeting.

Commissioner Casale inquired about the Economic Development Study referenced in Mr. Moore's information letter. Deputy Vice Mayor Burns:

Stated that she wanted to discuss how to strengthen fairness and access to the procurement process to ensure that any qualified business, large or small, long-time or new, would have a fair chance to compete. She stated that the recommended action was for staff to develop policies to ensure fairness.

Ms. Gelin stated that municipalities have been creative in their policies to ensure that their procurement bids are fair and equitable, thereby avoiding violations of federal regulations. She suggested that the staff were the most qualified to begin conversations about this matter and to bring it back in the early new year to discuss with the Commission. She mentioned that nothing would be ratified or adopted without the Commission's approval. There was a consensus to move forward with this suggestion. Mr. Moore suggested having this conversation at a workshop meeting in early 2026.

Additionally, Deputy Vice Mayor Burns inquired about the flooding on Brooks Lane that had been raised during public comment at a previous meeting. Mr. Moore stated that he had addressed the issue.

Deputy Vice Mayor Burns inquired whether a meeting had been scheduled between the residents and community who live by the golf course and the contractor performing the golf course renovations. Mr. Moore stated that the golf clubhouse will close in January and that he will ask the contractor to schedule a time to address any questions from surrounding residents.
