contributing structures within Block 70, and a contributing structure and accessory building within Block 69.

In 1998, a conditional use request was approved by the City Commission for Sundy House (Lots 1-3, Sundy Estates Subdivision) and included 11 Residential-Type Inn units. The Class V Site Plan for the Sundy House and Inn was approved by the HPB on March 18, 1998. Also approved by HPB in 1998, was relocation of a 1948 brick structure from the Sundy House and Inn property to a lot along 131 NW 4th Avenue in the West Settlers Historic District. The structure is occupied by the Williams family, Mr. Williams was a carpenter who worked on its original construction in 1948.

At its April 4, 2007, meeting, HPB considered a conditional use request to expand the residential-type inn use within the Sundy House property located on Block 62 and establish the residential-type inn use within Blocks 61 and 70, located to the north and east, respectively. The request would have placed a total of 87 units within the development. The City Commission approved the request at its meeting of May 1, 2007. However, the units were never built, and the approval expired.

At their meeting of October 17, 2016, the Planning & Zoning Board recommended approval of Alley Abandonments (2016-080) within Block 61.

At their meeting of June 26 & 27, 2017, the Historic Preservation Board reviewed & approved a Conditional Use (2016-102) request to allow 39 additional Residential-type Inn units (11 existing associated with the Sundy House). The board denied the Class V Site Plan, Certificate of Appropriateness, Landscape Plan, Architectural Elevations, & Waivers (2016-073) for Swinton Commons that included: 35,049 square feet of retail; 22,525 square feet of restaurant; 21,872 square feet of office; 44 dwelling units; 39 residential-type inn units; and 109 hotel rooms. Specifically, the Waiver relief requests were to allow an increase in the 60' maximum building width fronting a street to 163', 135', and 71'. The project also included the relocation of seven of the existing contributing buildings, reconstruction of one existing building, and demolition of nine buildings. The board approved relocation of 3 structures (21 SW 1st Avenue; 44 S. Swinton Avenue - Bldg. G; and, 6 SE 1st Street - Building H) and approved demolition of 7 structures (52 W. Atlantic Avenue - Building T; 20 W. Atlantic Avenue - Building U; 35½ SW 1st Avenue - Building V; 14 SE 1st Street - Building W; 18 SE 1st Street - Building X; 18½ SE 1st Street - Building Y; and, 48 SE 1st Avenue - Building Z). The board denied relocation of 5 structures (14 S. Swinton Avenue - Building A; 20 W. Atlantic Avenue; 22 S. Swinton Avenue; 38 S. Swinton Avenue - Building E; and, 40 S. Swinton Avenue - Building F) and denied demolition of 2 structures (44 S. Swinton Avenue - Building G-ACC and 38½ S. Swinton Avenue - Building E1).

At their meeting of July 17, 2017, the Planning & Zoning Board recommended approval of the Conditional Use (2016-101) request for the addition of 39 Residential-type Inn units (50 total on-site including the 11 existing on the Sundy House portion of the site) subject to conditions and of the abandonment of an alley within Block 69, subject to conditions.

Then, at their meeting of December 19, 2017, the Historic Preservation Board reviewed and denied a modified request for a Class V Site Plan, COA, Landscape Plan, Elevations, Waiver, Demolitions, & Relocations for the project, which was renamed Midtown Delray. The proposal included includes 39,396 square feet of retail; 11,117 square feet of restaurant; 55,218 square feet of office; 45 dwelling units; and 39 residential-type inn units. The proposal includes the relocation of seven of the existing contributing buildings & reconstruction of one existing building and demolition of 2 structures. Finally, the request also included waivers, to allow a reduced rear setback for Building 1 and to allow an increase to the maximum width of a building fronting a street for several structures.

Following HPB's December 2017 denial of the Midtown Delray requests, the applicant appealed the denials to the City Commission. The request was heard at the February 6, 2018, City Commission meeting and following a lengthy meeting the applicant requested a postponement in order to make modifications to the development proposal to address concerns including the elimination of requested waivers relating to building width and rear setbacks.

Then, at their meeting of March 6, 2018, the City Commission approved the modified Class V Site Plan, Certificate of Appropriateness, Landscape Plan, Architectural Elevations, Demolitions, Relocations, Waivers, Conditional Use, and alley abandonments within Block 69 and Block 61, subject to conditions. Specifically, the approval included the following:

- Conditional Use request to allow an additional 24 Residential-type Inn units in association with the Sundy House (1 additional unit at the Sundy House, 9 new units on Block 61, and 14 new units on Block 70 – overall project total of 35 residential-type inn units including the 11 existing units at the Sundy House);
- Construction of 38,160 square feet of retail; 11,117 square feet of restaurant; 70,597 gross square feet of office (60,594 net sq. ft.); 45 condominium dwelling units; and 24 additional residential-type inn units. Also, included in the approval are underground parking garages, the largest within the Block 61 portion of the site and a smaller garage within the Block 69 portion of the site.
- Waivers to LDR Section 4.4.24(F)(4) to allow building widths of 71' 6", and 81' 4", where a maximum width of 60' is permitted in the Old School Square Historic Arts District (OSSHAD) for Building 3 and the Building 6/7 within Block 70 (southeast corner of S. Swinton Avenue & SE 1st Street).
- Relocation of 7 existing contributing structures, with 6 of the relocations within Block 61 (along Swinton Avenue) and the 7th structure being moved from Block 61 to the Sundy House property:
 - 14 S. Swinton Avenue – Building A “The Rectory”
 - 20 W. Atlantic Avenue – Building B
 - 22 S. Swinton Avenue – Building C
 - 21 SW 1st Avenue – Building D
 - 38 S. Swinton Avenue – Building E “Cathcart House”
 - 40 S. Swinton Avenue – Building F “Peach House”
 - 44 S. Swinton Avenue – Building G “Yellow House”
- Demolition of 9 structures, including the reconstruction of one structure from Block 70 on the Sundy House portion of the site to the west:
 - 38 1/2 S. Swinton Avenue – Building E-1
 - 44 1/2 S. Swinton Avenue – Building G-ACC
 - 10 SE 1st Street – Building H “White House” (Reconstruction)
 - 52 W. Atlantic Avenue – Building T
 - 20 W. Atlantic Avenue – Building U
 - 35 1/2 SW 1st Avenue – Building V
 - 14 SE 1st Street – Building W
 - 18 SE 1st Street – Building X
 - 18 1/2 SE 1st Street – Building Y
 - 48 SE 1st Avenue – Building Z
- Abandonment of an improved east/west alley within Block 69.
- Abandonment of an improved east/west and north/south alley in Block 61.
- Construction of a pedestrian plaza within Block 61, replacing the abandoned north/south alley.
- Construction of a vehicular drop-off area.
- Installation of new landscaping and hardscaping.

The approved/certified plan included conditions of approval:

1. That the locations of the generators are provided on the plans together with the source of fuel prior to certification of the site plan.
2. That the site plan be revised to correctly note the required parking of 379 parking spaces prior to certification of the site plan.
3. That the fourth floor of buildings #1 and #2 be eliminated, that the third floor can be moved forward 12 feet. The applicant may add a third floor to building #3.
4. That the applicant enter into a community benefits agreement with the City of Delray Beach that includes items such as a jobs program/fair, mentorship, and a \$100,000 grant for the historic preservation grant prior to issuance of the first vertical building permit.
5. That the applicant submit a restrictive covenant to commence construction within two years of approval for Block 61 to be approved by the City Attorney prior to issuance of the first building permit. That the restrictive covenant include a performance bond of \$1,000,000 for this requirement for Block 61, which is to be forfeited for failure to commence construction.
6. That the applicant provide significant evidence that the use operate as a residential-type inn.

At its January 5, 2022, meeting, the Historic Preservation Board (HPB) made a recommendation of approval to the Planning and Zoning Board for a Conditional Use request to allow 2,000 sq. ft. of outdoor dining at night for restaurants within Buildings 1 & 2 within Lots 1-4, Block 61 of the Sundy Village Project. The HPB also recommended approval to the City Commission of a Waiver request to CBD Frontage Type standards to allow the use of the Porch frontage type instead of a Storefront frontage type, along W. Atlantic Avenue, which is a required retail frontage street. At their January 24, 2022, meeting the Planning and Zoning Board recommended approval of the Conditional Use to City Commission.

The City Commission approved the Conditional Use (Resolution No. 03-22) and the Waiver to the CBD Frontage Type standards (Resolution No. 04-22) at their meeting of February 8, 2022. The City Commission also approved Resolution No. 25-22 which establishes a sequence of events in the development process to meet current conditions of approval for the approved/certified project in a workable framework. Specifically, relating to the construction of an alley, platting, and demolition of a structure within Block 69. The combination of conditions of approval and code direction did not allow for the plat to be recorded until the new alley in Block 69 is built, building the alley requires demolition of Building Z, Building Z cannot be demolished without a building permit for new construction, which cannot be issued without the plat being recorded. Resolution No. 25-22 resolved these conflicts.

At its meeting of March 2, 2022, HPB approved a Class III Site Plan Modification, Certificate of Appropriateness, Landscape Plan, Architectural Elevations, Variances, & Relocations request as follows:

- Construction of 14,230 sq. ft. retail use, 21,375 sq. ft. restaurant use (2,000 sq. ft. - outdoor dining), 105,027 gross sq. ft. (69,850 net sq. ft.) office use, 45 residential condominium units, 15 Residential-type Inn units (26 units total - 12 within the Sundy House portion of the site and 14 within Building 6/7 located on Block 70), an underground parking garage (Block 61). The total project will contain 253,336 sq. ft. gross square foot of building area including existing structures and common areas/net square foot areas. Below is a table summarizing the approved and proposed use intensity/density changes:

- Modification of the approved architectural style of the new structures within Block 61.
- Construction of a 2,272 sq. ft. Mechanical Equipment Yard/Building and other accessory structures such as elevator service buildings.
- Modification of the approved relocations of Building A, C, E, & F
- Variances to reduce the front yard setbacks from 25' to 20' for Buildings C & F
- Modification of the approved landscaping and hardscaping.
- Construction of a pedestrian plaza within Block 61, replacing the abandoned north/south alley.
- Construction of a vehicular drop-off area.
- Construction of new on-street public parking spaces.

At its meeting of January 4, 2023, HPB approved a Certificate of Appropriateness (2023-015) request for exterior modifications to the Sundy House. The specific requests are listed below:

- Removal of the existing non-contributing open-air gazebo, covered walkway, and reception area additions.
- Change the material of the existing vinyl/canvas awning to steel and glass for the non-contributing addition to the rear of the original structure.

At its meeting of November 1, 2023, HPB approved a Certificate of Appropriateness and Relocation (2024-093) request for the Cathcart House, primarily for structure stability purposes, as follows:

- Temporary Relocation of the existing structure vertically by 5' in place in order to install a new stem wall foundation;
- Construction of a new foundation;
- Installation of new 1st floor support joists;
- Removal of the existing, non-original concrete wrap around first floor porch deck; and
- Construction of a new first-floor, wood wrap around porch deck.

At its meeting of December 6, 2023, HPB approved a Level 1 Site Plan and Certificate of Appropriateness (2023-181) request for architectural modifications to Buildings 9-North (9N), 9-South (9S), 8-North (8N), 8-West (8W), and 8-South (8S) located on Block 61. During permit review these structures required additional interior stairs to meet fire requirements, resulting in an exterior elevation change. Additionally, landscape and hardscape modifications are proposed to the south side of Buildings 8W and 8S and on the west side of Buildings 9N and 9S. More specifically, the request was as follows:

Buildings 8N, 8W, and 8S

- Enlargement of buildings on the east/west sides from the approved 42'2" to 44'2".
- Removal of the two Juliette style balconies with awnings on the west side of Building 8W and the east sides of Buildings 8S and 8N to be replaced with shutters.

- Change to the exterior stair orientations on the west sides of Buildings 8N and 8S, and the east side of Building 8W to accommodate the required Fire Code distance between stairs.
- Double doors on the third floor replaced with a single door on the east elevations of Buildings 8S and 8N.
- Double doors replaced with a single door on the ground floor west elevations of Buildings 8N and 8S.
- Shutters are added to the third-floor windows and doors on the north and south elevations of Buildings 8N, 8W, and 8S to be consistent with the other elevations.
- All operable windows changed to fixed on all Buildings 8N, 8W, and 8S elevations.
- Landscape and hardscape modifications to the southwest sides of Building 8W along SW 1st Avenue and SW 1st Street.

Buildings 9N and 9S

- Grille removed from the ground floor stair exit doors on the north and south elevations of Building 9S.
- The arch design removed from the top of door on southwest elevation of Building 9S and the northeast elevation of Building 9N with an awning to match the door on the north elevation of Building 9S.
- Doors and windows on the ground floor of the north elevation of Building 9N to match changes with Building 9S.
- All operable windows changed to fixed on all Building 9N and 9S elevations.
- Landscape and hardscape modifications to the west side of Buildings 9N and 9S along SW 1st Avenue.

Mechanical Yard Building

- Increase the height and width of the overhead door on the west elevation of the mechanical yard building to accommodate enlargement of the trash compactor.
- Generator door on the south elevation of the mechanical yard building removed due to the relocation of the generator.
- Change in roof style on the south and east elevations of the mechanical yard building to accommodate the relocation of the generator and enlargement of the trash compactor.

At its meeting of January 31, 2024, HPB approved the Level 3 Site Plan, Certificate of Appropriateness, Landscape Plan, Architectural Elevations, Variance, and Waivers (2023-253) request for a change of use and exterior modifications to structures within Blocks 61, 69, and 70.

The request before the board is for landscape modifications and a hardscape modification to the approved fountain/water feature located in the civic plaza located between Buildings 1 and 2 on Block 61 of the Sundy Village site.

The request is now before the board for review.

REVIEW AND ANALYSIS

Pursuant to Land Development Regulation (LDR) Section 2.4.10(A)(3)(a), formal findings are not required for Level 1 Site Plan applications.

ZONING AND USE REVIEW

Pursuant to LDR Section 4.4.24(A)(1) - Provide for mixed uses of residential, office, and commercial activities, with an emphasis on the arts, that will encourage the restoration or preservation of historic structures and yet maintain and enhance the historic and pedestrian scale of the area.

The proposal meets the intent of this standard as the overall site plan project contains a mix of uses including residential-type inn, restaurant, retail, and office, and the subject structures were approved for office use.

LDR SECTION 4.5.1

HISTORIC PRESERVATION: DESIGNATED DISTRICTS, SITES, AND BUILDINGS

Pursuant to LDR Section 4.5.1(E), Development Standards, all new development or exterior improvements on individually designated historic properties and/or properties located within historic districts shall, comply with the goals, objectives, and policies of the Comprehensive Plan, the Delray Beach Historic Preservation Design Guidelines, the Secretary of the Interior's Standards for Rehabilitation, and the Development Standards of this Section.

Pursuant to LDR Section 4.5.1(E)(3) – Buildings, Structures, Appurtenances and Parking: Buildings, structures, appurtenances and parking shall only be moved, reconstructed, altered, or maintained, in accordance with this chapter, in a manner that will preserve the historical and architectural character of the building, structure, site, or district:

Appurtenances: Appurtenances include, but are not limited to, stone walls, fences, light fixtures, steps, paving, sidewalks, signs, and accessory structures.

The subject request includes modifications to the landscape plan and modifications to the approved fountain/water feature on Block 61. The proposal will not affect the required 591 square feet civic open space for the site.

Pursuant to LDR Section 4.5.1(E)(5) - Standards and Guidelines: a historic site, building, structure, improvement, or appurtenance within a historic district shall only be altered, restored, preserved, repaired, relocated, demolished, or otherwise changed in accordance with the Secretary of the Interior's Standards for Rehabilitation, and the Delray Beach Historic Preservation Design Guidelines, as amended from time to time.

SECRETARY OF THE INTERIOR'S STANDARDS

Standard 1

A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.

Standard 2

The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.

Standard 3

Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.

Standard 4

Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.

Standard 5

Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.

Standard 6

Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.

Standard 7

Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.

Standard 8

Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.

Standard 9

New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.

Standard 10

New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

The subject proposal consists of modifications to the existing/approved landscape plan and fountain/water feature for Block 61 of the Sundy Village project. With regard to the proposed changes to the fountain/water feature, the new water feature will be a limestone/travertine material and can be considered appropriate for use on the site. It is noted that the elevations include signage which will be part of a separate application request and approval. The request does not include any modifications to any existing historic structures nor approved new construction.

The request can be considered appropriate and compatible with the Secretary of the Interior's Standards.

LANDSCAPE PLAN

Pursuant LDR Section 4.6.16- Landscape Regulations- The provisions of this Section are minimum standards which may be increased in accordance with the guidelines contained herein as well as aesthetic criteria established by the Site Plan Review and Appearance Board and the Historic Preservation Board when applicable. Additional landscape requirements may be required for certain zoning districts and roadways as provided for elsewhere in these regulations.

The subject request includes landscape modifications to Block 61. Regarding mitigation, there is concern with the poor condition of several specific trees/plant materials currently on site, which are being requested to be removed and will require mitigation in order for the site to meet the landscape requirements. It is noted that 4 trees (3 leeches and 1 oak) were approved for an emergency removal by the Development Services Director, as they were in poor condition and close proximity to the historic structure Building “G”, that was previously approved by HPB on March 6, 2024, to be vertically elevated. The request also proposes the relocation of several palms and trees to be donated to the city and replanted on city owned sites such as the Historic Train Depot, public rights-of-way, medians, and other city facilities. It is noted that there are trees located on the mitigation chart that could be difficult to obtain from local nurseries, with the required DBH, therefore a site plan technical item has been added to allow an alternative species or multiple trees to meet the requirement.

Overall, the landscape plan has been reviewed by the Senior Landscape Planner and can be determined to be in compliance with the code with respect to landscaping.

COMPREHENSIVE PLAN

Pursuant to the Historic Preservation Element (HPE), Objective 1.4, Historic Preservation Planning: Implement appropriate and compatible design and planning strategies for historic sites and properties within historic districts.

The objective shall be met through continued adherence to the City’s Historic Preservation Ordinance and, where applicable, to architectural design guidelines through the following policies:

HPE Objective 1.4 - Property shall be developed or redeveloped, in a manner so that the future use, intensity and density are appropriate in terms of soil, topographic, and other applicable physical considerations; encourage affordable goods and services; are complementary to and compatible with adjacent land uses; and fulfill remaining land use needs.

The development proposal involves landscape and hardscape modifications within the Sundy Village development. There are no concerns with respect to soil, topographic or other physical considerations. With respect to the adjacent land uses, the property is in an area surrounded by a mix of uses including residential, office, restaurant, church, and retail uses. The proposal can be considered to be consistent with the subject Objective.

HPE Policy 1.4.1 - Prior to approval or recommending approval of any land use or development application for property located within a historic district or designated as a historic site, the Historic Preservation Board must make a finding that the requested action is consistent with the provisions of Section 4.5.1 of the Land Development Regulations relating to historic sites and districts and the “Delray Beach Design Guidelines”.

The proposal includes landscape and hardscape modifications within an historic property. It is important that the alterations made to the property are found consistent with the provisions of LDR Section 4.5.1 relating to historic sites and districts as well as the Secretary of the Interior’s Standards and the “Delray Beach Historic Preservation Design Guidelines”.

SITE PLAN TECHNICAL ITEMS

1. That the fountain/water feature elevations be updated to include material details on the plans.
2. That an alternative tree species or use of multiple trees be utilized to meet the minimum mitigation requirements should the 6” caliper not be attainable. If the applicant cannot meet the 6” caliper for the proposed trees to be mitigated, then they must use an alternative tree types or multiple trees to meet the size requirement.

ALTERNATIVE ACTIONS

- A. Move to continue with direction.
- B. Approve the Level 1 Site Plan, Landscape Plan, and Certificate of Appropriateness (2024-093), for the property located at **Sundy Village – Block 61, Old Schol Square Historic District**, by finding that the request and approval thereof is consistent with the Comprehensive Plan and meets the criteria set forth in the Land Development Regulations.
- C. Approve the Level 1 Site Plan, Landscape Plan, and Certificate of Appropriateness (2024-093), for the property located at **Sundy Village – Block 61, Old Schol Square Historic District**, by finding that the request and approval thereof is consistent with the Comprehensive Plan and meets the criteria set forth in the Land Development Regulations, subject to conditions.
- D. Deny the Level 1 Site Plan, Landscape Plan, and Certificate of Appropriateness (2024-093), for the property located at **Sundy Village – Block 61, Old Schol Square Historic District**, by finding that the request is inconsistent with the Comprehensive Plan and does not meet the criteria set forth in the Land Development Regulations.
