To whom it may concern:

My name is Scott Pukys and I am the Director of Tennis at The Jimmy Evert Tennis Center in Fort Lauderdale. We are a 20-court clay-court facility. Before my time at JETC, I was the Director of Tennis at The Lauderdale Yacht Club for 18 years. LYC is a 5-court clay-court facility with two of the courts having sub-ground irrigation.

I have worked with Fast-Dry for the past 20 years and they are second to none. They are currently finishing up a renovation at the Jimmy Evert Tennis Center where they are putting in 20 sub-ground irrigated courts. I'm very happy to say they are wrapping up this week exactly one month ahead of schedule and the courts look beautiful!

The Fast-Dry team are consummate professionals who deliver on their promises. I'm truly astonished every time I reach out to one of them with a question or simply looking for advice at how fast they reply. They are extremely attentive and great communicators. They are an outstanding group of engineers and builders who can explain things in a way that a Tennis Professional, GM, Board Member, or Tennis Committee Chairman, can understand. I've witnessed this myself on several occasions.

I would be remiss if I didn't mention the crew they have working on the courts right now at JETC. It's amazing watching them go about their jobs. They work together with amazing efficiency and make unbelievable strides on a day-to-day basis. Other crews from other construction companies are even in awe watching them work. Angel, the crew's foreman, patiently answers all of our questions regarding the construction and maintenance of the courts no matter how senseless some of them are. These guys are top notch.

I would 100% recommend Fast-Dry for any court construction or maintenance needs at any facility.
