Meeting	File No.	Application Type
May 20, 2019	2019-124	Land Development Regulations Amendment

Request

Provide a recommendation to the City Commission regarding Ordinance No. 17-19, a City-initiated amendment to the Land Development Regulations, Section 4.4.13 "Central Business District," subsection 4.4.13(C)(3)(b), to provide exception to the retail requirement within the Central Core and Beach Sub-districts for properties that have 80 percent or more of frontage at a setback of 25 feet or greater.

Recommendation

Recommend **Approval** to the City Commission of Ordinance No. 17-19, a City-initiated amendment Land Development Regulations, Section 4.4.13 "Central Business (CBD) District," subsection 4.4.13(C)(3)(b) to provide a basis for exceptions to the retail requirement within the Central Core and Beach Sub-districts, by adopting the findings of fact and law contained in the staff report and finding that the amendment and approval thereof is consistent with the Comprehensive Plan and meets the criteria set forth in LDR Section 2.4.5(M).

Background Information

Within the Central Business District, certain streets are designated as "Required Retail Frontage" as a means of providing a lively, highly active pedestrian environment that supports businesses and reinforces local character. East Atlantic Avenue, Pineapple Grove Way/NE 2nd Avenue, and North/South Ocean Boulevard are designated as Required Retail Frontage streets in the Central Core and Beach Sub-districts. This designation requires 100% of the building frontage at the sidewalk-level story be comprised of retail uses, service establishments, or lodging uses. Ordinance No. 17-19 seeks to re-instate an exception to the ground-floor retail requirement within the Central Core and Beach Sub-Districts for property with a building constructed prior to 1980 with a front setback of 25 feet or greater for 80 percent or more of the building frontage. This amendment would only apply to Waterway East located at 900 East Atlantic Avenue; the only other building that meets the exemption criteria will be demolished as part of the approved Atlantic Crossing redevelopment project.

In October of 2006, an LDR amendment was adopted that prohibited office uses at greater than 50% of the ground floor area on Atlantic Avenue. The tenants and owners of Waterway East expressed concern because the setback for the building is 28 feet from the property line and up to 53 feet from the edge of the sidewalk, which limits the visibility of businesses in the plaza from the pedestrian and vehicle pathways, particularly compared to nearby buildings with a smaller setbacks. In June of 2007, Ordinance No. 21-07 provided an exemption to the ground floor retail requirement for existing structures with front setbacks of 25 feet or more for most of the street frontage. Eliminating the requirement for ground-floor retail requirement allowed property owners in these buildings to have more flexible uses that are less dependent on visibility, including office uses. In 2015, the CBD LDRs were amended and reorganized through Ordinance 27-15, and the update inadvertently excluded the retail exemption for these buildings. This proposed amendment provides a remedy to an inadvertent omission, and will allow uses other than retail along the ground floor in buildings that do not meet current maximum setback or street frontage criteria. If the property is redeveloped in the future, the exemption would no longer apply.

This amendment does not change the allowable uses in the Central Business District Sub-Districts, as described in Table 4.4.13(A).

Review and Analysis

Pursuant to **LDR Section 2.4.5(M)(1)**, amendments to the Land Development Regulations may be initiated by the City Commission, Planning and Zoning Board or City Administration; or an individual.

The proposed amendment is a City-initiated text amendment to the Land Development Regulations.

Pursuant to **LDR Section 2.4.5(M)(5), Findings**, in addition to LDR Section 1.1.6(A), the City Commission must make a finding that the text amendment is consistent with and furthers the Goals, Objectives and Policies of the Comprehensive Plan.

The proposed amendment accommodates the unique nature of certain existing properties where the building is significantly setback, and will benefit from additional use options within the tenant spaces. The benefit of this amendment is limited to particular properties, and all properties are still subject to the allowable uses in Table 4.4.13(A) – Allowable Uses in the CBD Sub-Districts.
