## AGUIDE: *Achieving Goals Using Impact Driven Evaluation*

### Fiscal Year 2024-2025

#### Funding Framework

The mission of the Delray Beach Community Redevelopment Agency (CRA) is to foster and directly assist in the redevelopment of the Community Redevelopment Area in order to eliminate blight, create a sustainable downtown, encourage economic growth and develop affordable housing, thus improving the attractiveness and quality of life of the CRA District and the City of Delray Beach as a whole. The City's Community Redevelopment Plan provides the framework for projects and activities intended to accomplish this mission, and offers objectives for redevelopment of the area that is also consistent with the citizens' visions as expressed through various neighborhood and area planning initiatives. In addition, the Community Redevelopment Plan must be consistent with the City of Delray Beach's Comprehensive Plan. In order to remain current in the fast-paced, highly volatile economy of South Florida, both the Community Redevelopment Plan and City of Delray Beach Comprehensive Plan must be reviewed and updated on a regular basis in order to accurately reflect changing conditions and community objectives.

The CRA's Community Redevelopment Plan lists overall needs within the Community Redevelopment Area as Affordable Housing and Downtown Housing. Local government can have an effect on the housing delivery process in a number of ways, such as by maintaining an adequate supply of buildable land, providing incentives and density bonuses to builders who create affordable housing, participating in the costs of infrastructure, reducing impact and other fees, or by taking an active role through actual construction and sale of housing units. Previously, the CRA, with the help of the City, the Delray Beach Housing Authority and community leaders established the Delray Beach Community Land Trust to provide affordable housing. The role of the CRA in affordable housing has been and will continue to be one of active participation. Through programs that improve the overall area, provide financial opportunities to area residents to improve their living conditions, and by creating incentives for additional investment in the area, the CRA will continue to encourage the improvement of existing housing throughout the district as well as the creation of new affordable units.

Relevant to those activities, state law requires that all public redevelopment activities expressly authorized by the Community Redevelopment Act and funded by tax increment financing must be in accordance with a redevelopment plan which has been approved by the City Commission. The CRA's funding activities must, therefore, align with the Delray Beach Community Redevelopment Plan. Additionally, Section 163.387(1)(a), Florida Statutes, states that redevelopment trust funds "shall be used by the agency to finance or refinance any 'community redevelopment' it undertakes pursuant to the approved community redevelopment plan." Specifically Section 163.387(6)(c) lists the development of affordable housing as a proper usage of the annual budget. Toward that end, the CRA has developed the *A-GUIDE: Achieving Goals Using Impact Driven Evaluation*, as an incentive for local affordable housing non-profits to continue to improve local housing stock and create new affordable units.

## Needs and Priorities for Funding

The CRA provides funding to address “Overall Needs” within the Community Redevelopment Area as defined in the Community Redevelopment Plan. Different from the specific needs identified within the various sub-areas of the Community Redevelopment Area, the following "Overall Needs" are area wide in scope and encompass some of the more serious problems that are prevalent throughout the area and contribute to the overall state of decline. These needs, which are described in more detail in Section II of the CRA Plan, are listed below

- **Removal of Slum and Blight**
- **Land Use**
- **Economic Development**
- **Affordable Housing**
- **Downtown Housing**
- **Infrastructure**
- **Recreational and Cultural Facilities**

While the CRA and City are the primary entities responsible for implementing the Redevelopment Plan, several of the Overall Needs identified in the plan can more effectively be addressed through partnerships with other organizations. This program focuses on two areas in particular - *Affordable Housing and Downtown Housing* which have the potential to realize better results through strategic alliances between the CRA and nonprofits that have a demonstrated capacity to address those needs.

In order to better evaluate funding requests from those organizations and potential new “Partners,” and measure the results of activities supported by CRA funds relative to the CRA’s goals and objectives, the CRA developed the A-GUIDE program.

### **A-GUIDE: Achieving Goals Using Impact Driven Evaluation**

The A-GUIDE presents the Community Redevelopment Agency’s (CRA) funding interests and intentions relative to addressing housing needs identified in the CRA Plan, along with practical information for eligible housing nonprofit organizations that wish to seek significant CRA funding. Within a strategic framework for awarding and evaluating funding, specific guidelines provide clear and consistent means for the CRA to:

- Inform the community about CRA funding interests and intentions
- Identify funding in each fiscal year that is eligible for strategic partnerships based on the two "Overall Needs" identified above (Affordable Housing and Downtown Housing)
- Advise potential applicants for support regarding how they may become partners in accomplishing shorter and longer-term CRA housing goals
- Consider and compare funding applications and make funding decisions
- Measure and evaluate organization performance relative to projections once funding is awarded

For each of the two “Overall Needs” the A-GUIDE describes the kinds of activities the CRA will fund; the shorter-term outcomes and longer-term impacts the CRA hopes to achieve in collaboration with its nonprofit partners; and measures by which levels of success in those efforts may be assessed. **Funding applications must demonstrate alignment with these guidelines and the CRA Redevelopment Plan.**

## Delray Beach Community Redevelopment Agency (CRA) Funding Framework

	<b>Affordable Housing and Downtown Housing</b>
<i>CRA funds these kinds of activities</i>	<ul style="list-style-type: none"> <li>• Support to implement affordable housing programs, acceptable programs and projects are home building, rehabilitation of homes, demolishing dilapidated homes, and purchase of land for home building</li> </ul>
<i>To achieve these (shorter term) outcomes</i>	<ul style="list-style-type: none"> <li>• Increased supply of affordable housing in the CRA District</li> <li>• More opportunities for home ownership</li> <li>• Development of infill housing</li> <li>• Upgraded housing conditions</li> <li>• Increased private investment in residential areas and commercial areas surrounding residential neighborhoods</li> </ul>
<i>With these long-term impacts</i>	<ul style="list-style-type: none"> <li>• Stabilization of neighborhoods</li> <li>• Improved quality of life</li> <li>• Higher tax base</li> <li>• Improved safety; reduction of crime</li> <li>• Increased property values relative to other areas of the City</li> </ul>
<i>Demonstrated by these kinds of measures of success</i>	<ul style="list-style-type: none"> <li>• Number of affordable housing units (new and renovated)</li> <li>• Number of new homeowners</li> <li>• Decrease number of substandard units</li> <li>• Dollars invested</li> <li>• Reduced crime rates</li> <li>• Increase in assessed value</li> </ul>

The A-GUIDE framework applies to the major support provided by the CRA to specific Nonprofit Partners and does not replace guidelines for various other CRA funding assistance programs such as: Project Consultancy & Design Services Program; Paint-Up & Signage Program; and Curb Appeal Residential Improvement Program.

### **Amount of Funding:**

The following guidelines regarding the amount of funding for which a Nonprofit Partner may apply are effective for Fiscal Year 2024-2025.

- CRA support for Nonprofit Partners that have received funding in prior years will not be increased for Fiscal Year 2024-2025, and in fact may be decreased, according to availability of funds and the quality of their applications relative to these guidelines. Funding availability is based on annually approved budget.
- CRA support may not exceed 25% of an organization's total operating budget for the year in which the grant is requested, unless otherwise approved by the CRA Board. A transition plan has been established for each Nonprofit Partner that has received support in excess of 25% in prior years, to reduce CRA funding to not more than 25% of their total budgets. As long as funding of their applications is approved each year, the transition periods may extend through FY2024-2025.
- An organization may request support for *up to two programs or projects*.
- CRA support *may* exceed 25% of the budget *for a specific program or project*.
- Funding may be requested for a maximum one-year period in any application, though applications may be submitted for the same project/program in more than one consecutive year.
- The inclusion of in-kind cash value and/or services as projected and/or current revenue will be given careful review by the CRA. The value of in-kind revenue must be thoroughly documented and in general should not exceed ten percent (10%) of the total project/program budget. Real estate donations will not be included in the 10% calculation.
- Nonprofit Partners that have received funding in prior years must submit applications for future funding; no assumption of future funding will be made based on past support.
- Funds will be disbursed quarterly in accordance with the "Funding Agreement" executed by each Nonprofit Partner upon approval of funding.

Along with organizational and programmatic considerations, the CRA will include financial factors in its review of funding proposals to determine whether or not and how much funding will be awarded to each applicant. Financial considerations may include projected and actual revenue and expenses for prior years, financial statements, the proposed program/project budget, committed and potential support from other funders, financial sustainability, and the CRA's own budget and available resources.

## Types of Support

The CRA may provide the following types of support for Nonprofit Partners' projects and programs. Generally speaking, a *project* is defined as a set of activities that has definite start and end points and is relatively short in term (a year or less); the scope is clearly defined and somewhat narrow and not likely to change significantly during the life of the project. A *program* is longer in term or ongoing and may involve multiple related projects; the scope is broad and activities and objectives must be managed over time as the organization environment changes. Projects and programs are linked to identifiable organization work units or cost centers.

<b>Program/project support</b>	Direct costs to develop and/or implement specific projects or programs as described in the CRA funding Framework above. Any direct costs related to operation of the program, including but not limited to staffing, equipment, promotions, supplies, and materials. If staffing costs are sought, the Nonprofit Partner must demonstrate how staff directly assisted in the creation of affordable housing and the number of units.
<b>Matching funds</b>	Contributions provided by another donor or grants awarded that will be paid only if the donor organization raises additional funds from another source

## Eligibility for Funding
