SUBJECT: Southern Sewer

DATE: September 26, 2025

Background:

The City of Delray Beach's fleet consists of four (4) sewer vac trucks and one (1) street sweeper manufactured by Vac-Con and Global Environmental, respectively. These specialty trucks are sold and serviced in the State of Florida exclusively by Southern Sewer Equipment Sales (Southern Sewer) in Ft. Pierce, Florida. Southern Sewer is the only factory authorized dealer for sales, parts, and service for these vehicles; therefore staff is requesting sole source approval. The City has utilized the Sole Source procurement method with Southern Sewer since at least December 2017. Additionally, Agreements SS2019-001 and SS2024-005 were previously executed with the vendor contingent the vendor's sole source designation.

Justification:

As the only factory authorized provider of Original Equipment Manufacturer (OEM) parts and service for Vac-Con sewer vac trucks and Global Environmental street sweepers, a reliable and continuous method for obtaining parts and service is critical for the service of these vehicles. Parts warranties are only available on OEM parts through authorized dealers, prolonging the reliability and durability of these extreme use duty vehicles.

Market Research:

A search utilizing the dealer locator tool on both Vac-Con and Global Environmental's websites reveals Southern Sewer Equipment Sales, located in Ft. Pierce, Florida, as a factory authorized Vac-Con and Global Environmental dealer location.
