GROW

# NEIGHBORHOODS, DISTRICTS, AND CORRIDORS ELEMENT

## What is the NEIGHBORHOODS, DISTRICTS, AND CORRIDORS Element?

Neighborhoods, Districts, and Corridors are the essential elements of the city. Together, they are the structure that forms identifiable areas of the community. Neighborhoods are predominantly residential areas with varying levels of intensity and use that accommodate many activities of daily life. The city's eastern neighborhoods accommodate a wider mix of uses within the neighborhoods than the western neighborhoods, which rely on corridors for access to shopping and workplaces. Districts are areas that emphasize a specific use, have a unique land use pattern, or specialized plan. Corridors are both the connectors and the boundaries of neighborhoods and districts; they include thoroughfares, rail lines, and greenways. Corridors link the city internally and to the region.

The Neighborhoods, Districts and Corridors Element provides the land use principles and standards to guide development and redevelopment to reinforce the character of existing neighborhoods, to revitalize blighted areas, and to accommodate growth in the form envisioned by the residents and stakeholders of the City.

## NEIGHBORHOODS, DISTRICTS, AND CORRIDORS GOALS

### GOAL NDC 1

#### NEIGHBORHOODS, DISTRICTS, AND CORRIDORS

ENHANCE THE QUALITY AND CHARACTER OF THE CITY'S NEIGHBORHOODS, DISTRICTS, AND CORRIDORS TO CONTINUE TO PROVIDE A SUSTAINABLE COMMUNITY IN WHICH TO LIVE, WORK, PLAY, AND GROW.

### GOAL NDC 2

#### QUALITY OF LIFE AND URBAN FORM

PROVIDE A HIGH QUALITY OF LIFE FOR ALL RESIDENTS, ENCOURAGE A MIX OF BUILDING TYPES AND USES, DIVERSE HOUSING, AND TRANSPORTATION OPTIONS, AND USE MEANINGFUL COMMUNITY ENGAGEMENT TO TRANSFORM UNDERUTILIZED AND BLIGHTED AREAS INTO ATTRACTIVE AND THRIVING NEIGHBORHOODS, DISTRICTS, AND CORRIDORS.

### GOAL NDC 3

#### URBAN SERVICES

USE SMART GROWTH POLICIES TO DELIVER COST EFFECTIVE URBAN SERVICES TO SUPPORT ENVISIONED GROWTH.

## GOAL NDC 1 NEIGHBORHOODS, DISTRICTS, AND CORRIDORS

**ENHANCE THE QUALITY AND CHARACTER OF THE CITY'S NEIGHBORHOODS, DISTRICTS, AND CORRIDORS TO CONTINUE TO PROVIDE A SUSTAINABLE COMMUNITY IN WHICH TO LIVE, WORK, AND PLAY.**

**Performance Measures:** Success in addressing Objectives and Policies of **GOAL NDC 1** shall be measured utilizing the following performance indicators:

- Implementation of Capital Improvements identified in Neighborhood/Redevelopment Plan recommendations;
- Number of mixed-use developments that support pedestrian and bicycle activity, stimulate public transit ridership, and create a park-once environment; and,
- Number of developments utilizing community incentives to provide workforce housing as part of the project.

### **Objective NDC 1.1 Land Use Designation**

Establish compatible land use arrangements using land use categories appropriate for the diverse and different neighborhoods, districts, and corridors throughout Delray Beach.

#### **Policy NDC 1.1.1**

Identify the land use designations for all property within the City of Delray Beach planning area on the Land Use Map (Map AD-2) for the planning horizon of 2019 through 2050.

#### **Policy NDC 1.1.2**

Provide a complementary mix of land uses, including residential, office, commercial, industrial, recreational, and community facilities, with design characteristics that provide:

- Similar uses, intensity, height, and development patterns facing each other, especially in residential neighborhoods.
- Uses that meet the daily needs of residents.
- Public open spaces that are safe and attractive.

#### **Policy NDC 1.1.3**

Provide transitions between land use designations at the rear of properties or at major corridors so that the prescribed uses and potential development patterns are arranged

to achieve compatible and appropriate changes in intensity, height, and scale.

#### **Policy NDC 1.1.4**

Provide, at a minimum, the location of historic districts and properties (Map AD-3 and Map AD-4), Future Annexation Areas with Advisory Land Use designations (Map AD-24), and the Coastal High Hazard Area (Map AD-13) in Comprehensive Plan map series.

#### **Policy NDC 1.1.5**

Provide the City's land use designations, general description, density, intensity, and implementing Zoning Districts in Table NDC-1, "Land Use Designations: Density, Intensity, and Implementing Zoning Districts" and within the corresponding land use designation objectives and policies, which are grouped by the overarching planning categories of conventional designations of Residential, Mixed-Use, Industrial, Open Space, and Community Facilities.

#### **Policy NDC 1.1.6**

Require that existing parcels designated and mapped on the Land Use Map with more than one land use designation on a single property be governed by the most restrictive land use designation or require an amendment to the Land Use Map prior to development consideration.

#### **Policy NDC 1.1.7**

Establish the maximum density, measured in

## GOAL NDC 1 NEIGHBORHOODS, DISTRICTS, AND CORRIDORS

---

dwelling units per gross acre, for residential land use and mixed-use designations (See Table NDC-1). The Standard density is the range of density allowed in the land use designation. The Revitalization/Incentive density is the maximum density that may be offered in the Land Development Regulations to achieve a certain community benefit in a specific area as part of an incentive program, or to implement the recommendations of an adopted redevelopment or neighborhood plan. Standards in the Land Development Regulations, including those guiding compatibility and transitions, such as setbacks, height limitations, open space criteria, etc. may limit the actual density achievable on a specific site.

### **Policy NDC 1.1.8**

Establish the maximum intensity for non-residential development (See Table NDC-1) through a floor area ratio, which is calculated by dividing the total size of the building (in gross square feet, including parking structures) by the total size of the lot (in gross square feet) on which the building is located. Limitations for specific areas and other standards in the Land Development Regulations, including those guiding compatibility and transitions between properties, such as setbacks, height limitations, open space criteria, etc. may limit the actual intensity achievable on a specific site.

### **Policy NDC 1.1.9**

Allow non-residential, residential, or mixed-use development on properties with a mixed-use land use designation within the maximum development intensity allowed by floor area ratio. Square footage of both non-residential and residential uses are included in the calculation of floor area ratio and the number of residential units is also limited by the maximum density.

### **Policy NDC 1.1.10**

Provide for open space areas, quality neighborhood and development amenities, and water retention areas by encouraging the clustering the gross density on a parcel.

### **Policy NDC 1.1.11**

Use the implementing zoning districts identified in Table NDC-1 to provide appropriate development and improvements that further the adopted strategies of and are compatible with the assigned land use designation.

### **Policy NDC 1.1.12**

Develop and redevelop remaining infill lots in residential neighborhoods using zoning that is identical or most similar to the zoning of adjacent properties or that results in same or less intense development.

**Policy CME 2.2.4**

### **Policy NDC 1.1.13**

Apply the most restrictive residential zoning district(s) that is appropriate to the neighborhood based on existing development patterns and lot sizes, unless another zoning district better supports the implementation of an adopted neighborhood or redevelopment plan.

**Policy HOU 1.3.1, 1.3.2**

### **Policy NDC 1.1.14**

Continue to require that property be developed or redeveloped or accommodated, in a manner so that the use, intensity and density are appropriate in terms of soil, topographic, and other applicable physical considerations; encourage affordable goods and services; are complementary to and compatible with adjacent land uses; and fulfill remaining land use needs.

### **Policy NDC 1.1.15**

Support the preservation of historic places of worship within all land use designations where such structures exist by allowing contextually appropriate adaptive reuse in consideration of the surrounding neighborhood.

**Policy HPE 1.5.1**

## GOAL NDC 1 NEIGHBORHOODS, DISTRICTS, AND CORRIDORS

Table NDC - 1			
Land Use Designations: Density, Intensity, and Implementing Zoning Districts			
Land Use Designation	Residential Density (Maximum Dwelling Units Per Acre)	Intensity (Maximum Floor Area Ratio)	Implementing Zoning Districts

### Objective NDC 1.2 Residential Land Use Designations

Apply the Low Density Residential and Medium Density Residential land use designations to maintain and enhance the City's established neighborhood characteristics, while supporting new and revitalized housing that compliments the desired development pattern and intensity.

#### Policy NDC 1.2.1

Apply the most restrictive Residential land use designation that is appropriate for the neighborhood based on existing development patterns and lot sizes in the surrounding neighborhood, unless another zoning district better supports the implementation of an adopted neighborhood or redevelopment plan.

#### Policy HOU 1.3.1

#### Policy NDC 1.2.2

Encourage the location of schools proximate to urban residential areas by allowing schools as a permitted use on land with a Residential land use designation.

#### Policy NDC 1.2.3

Allow the Low Density Residential land use designation on land that is or will be developed for detached, single family residential housing or for residential uses within a mix of housing

types under a planned residential zoning district.

#### Policy NDC 1.2.4

Allow the Low Density Residential land use designation on small parcels that have non-commercial, neighborhood-oriented facilities, such as community clubhouses, neighborhood amenities, and places of worship.

#### Policy NDC 1.2.5

Use the Low Density Residential land use designation to create and maintain low density residential neighborhoods up to five dwelling units per acre with high quality amenities.

#### Policy NDC 1.2.6

Apply the Medium Density Residential land use designation to land that is or will be developed for a wide range of housing types, including but not limited to attached and detached single-family and multi-family housing.

#### Policy NDC 1.2.7

Use the Medium Density Residential land use designation to create and maintain residential neighborhoods with a wide range of housing types with associated neighborhood amenities at a density more than five and up to 12 units per acre.

## GOAL NDC 1 NEIGHBORHOODS, DISTRICTS, AND CORRIDORS

### Policy NDC 1.2.8

Allow revitalization/incentive density up to 24 dwelling units per acre on land with a Medium Density Residential land use designation and mapped as Workforce Housing Overlay or included as part of a workforce housing incentive program.

### Objective NDC 1.3 Mixed-Use Land Use Designations

Apply the mixed-use land use designations of Commercial Core, General Commercial, Transitional, Congress Mixed-Use, and Historic Mixed-Use to accommodate a wide range of commercial and residential housing opportunities appropriate in scale, intensity, and density for the diverse neighborhoods, districts, and corridors in the city.

### Policy NDC 1.3.1

Apply mixed-use land use designations to foster development patterns that support pedestrian and bicycle activity, stimulate public transit ridership, and create a park-like environment.

### Policy NDC 1.3.2

Apply the mixed-use land use designation that best maintains the scale, density, intensity, and enhances the character of the surrounding neighborhood, district, or corridor.

### Policy NDC 1.3.3

Apply the density and intensity in mixed-use land use designations to encourage adaptive re-use, development, and redevelopment that advances strategic, policy-driven goals, such as diverse residential housing opportunities, sustainable building practices, historic preservation, public parking, civic open space, or economic development strategies.

### Policy NDC 1.3.4

Use Regional Activity Centers in mixed-use land use designations for large projects to create compact development with a variety of community-serving uses with the following development pattern design characteristics:

- An interconnected block structure and network of multimodal streets and paths to maximize internal circulation and minimize impacts to arterial roads;
- A complementary mix of uses, including residential, office, commercial, and recreation that meets the daily needs of residents, that may also include education and civic uses;
- Densities and intensities that support nearby transit service;
- Streets, paths, and public open spaces that are interconnected, safe, and attractive;
- Off-street parking areas located and designed to support walking, such as located to the rear or sides of buildings and limited in size; large fields of parking between building facades and streets are not desirable; and,
- Efficient infrastructure.

### Policy NDC 1.3.5

Use the Commercial Core land use designation to stimulate the vitality and economic growth of the city while simultaneously enhancing and preserving the cultural and historic downtown area.

### Policy NDC 1.3.6

Allow a maximum floor area ratio of 3.0 and a maximum density of 12 dwelling units per acre east of the Intracoastal Waterway, and a standard density of 12-30 dwelling units per acre with a revitalization/incentive density of 30-100 dwelling units per acre for the Commercial Core land use designation; specific standards in the Land Development Regulations adjust density and intensity based on compatibility, scale, character, adopted Redevelopment or Neighborhood Master Plans, or workforce housing incentives.

### Policy NDC 1.3.7

Implement the Commercial Core land use designation using form-based code to provide for adaptive-reuse, development, and redevelopment that preserves the downtown's historic moderate scale, while promoting a

## GOAL NDC 1 NEIGHBORHOODS, DISTRICTS, AND CORRIDORS

---

balanced mix of uses that will help the area continue to evolve into a traditional, self-sufficient downtown. This designation is applied to the Community's downtown area. It includes a substantial portion of the Transportation Concurrency Exception Area described in the Future Land Use Element and graphically shown in Map 9. The Commercial Core designation accommodates a variety of uses including commercial and office development; residential land use upper story apartments; older homes renovated to accommodate office use; and uses such as "bed and breakfast" establishment; and industrial/commerce type uses.

### **Policy NDC 1.3.8**

Identify incentives that support and encourage the adaptive reuse of structures with a Commercial Core land use designation that are eligible for historic designation for the purpose of maintaining and preserving Delray Beach's historic fabric. [Complete by 2025]

[Policy HPE 2.2.3](#)

### **Policy NDC 1.3.9**

Allow a maximum floor area ratio of 3.0 and a maximum standard density of 12 dwelling units per acre with a revitalization/incentive density of 12-30 dwelling units per acre in the General Commercial land use designation to accommodate general commercial uses such as retail, office, commercial services, and mixed use developments with limited residential development opportunities.

### **Policy NDC 1.3.10**

Use the General Commercial land use designation to accommodate a wide range of non-residential and mixed-use development, and limited stand-alone residential development, along major corridors and in certain districts in the city.

### **Policy NDC 1.3.11**

Accommodate light industrial type uses where they have historically existed on properties that are located in the North Federal Highway Overlay District with a General Commercial land use designation.

### **Policy NDC 1.3.12**

Re-evaluate the prescribed residential density and required use mix allowed in the implementing zoning districts for land with a General Commercial land use designation within three years of the completion of a Housing Assessment Study to provide for desirable and appropriate amounts and locations of mixed use developments with residential uses. [Complete by 2025]

[Policy HOU 6.2.1](#)

### **Policy NDC 1.3.13**

Allow a wide range of residential and low intensity nonresidential uses for properties with a Transitional land use designation to address varied community needs, unique development patterns, and/or distinctive uses.

### **Policy NDC 1.3.14**

Use the Transitional land use designation for properties located between two or more land use designations that allow different building scale, heights, uses, or levels of intensity to create development patterns that balance the changes in intensity relative to the specific, unique surrounding conditions.

### **Policy NDC 1.3.15**

Allow a maximum floor area ratio of 1.0, a maximum standard density of 12 dwelling units per acre, and a revitalization/incentive density of 12-24 dwelling units per acre in the Transitional land use designation to provide a mix of uses and potential development patterns to provide an appropriate scale, height, and intensity, and other essential transitions among areas with different land uses or levels of intensity.

### **Policy NDC 1.3.16**

Accommodate the daily shopping and service needs of adjacent residential neighborhoods by utilizing the Neighborhood Commercial zoning designation for properties with a Transitional land use designation.

### **Policy 1.3.17**

Allow a maximum floor area ratio of 2.5, and a standard density up to 40 dwelling units per

## GOAL NDC 1 NEIGHBORHOODS, DISTRICTS, AND CORRIDORS

acre with a revitalization/incentive density up to 50 dwelling units per acre for properties with a Congress Avenue Mixed Use land use designation to encourage a mix of uses and continue to transform the Congress Avenue corridor as a destination and great street.

### **Policy 1.3.18**

Use the Congress Avenue Mixed Use future land use designation to accommodate a variety of commercial, office, and residential uses that provide development intensities that advance economic growth, provide incentives for transit oriented development, and create multimodal development patterns along the Congress Avenue corridor, south of West Atlantic Avenue.

### **Policy 1.3.19**

Continue to support transit-oriented development by providing incentives in the Land Development Regulations, for developments located within one quarter mile of the Delray Beach Tri-Rail Station with the Congress Avenue Mixed Use land use designation.

### **Policy MBL 2.4.5**

### **Policy CSR 1.3.2**

### **Policy NDC 1.3.20**

Use the Congress Village Regional Activity Center overlay that is established on the 42.749 acre site, located on the west side of Congress Avenue, south of Old Germantown Road to allow a maximum development program of 600,000 square feet of office use, 400,000 square feet of commercial uses, 350 hotel units and 2,000 residential units.

### **Policy NDC 1.3.21**

Allow a maximum floor area ratio of 1.0 and a density up to 10 dwelling units per acre for properties with a Historic Mixed Use land use designation.

### **Policy NDC 1.3.22**

Use the Historic Mixed Use land use designation for properties within the Old School Square Historic District to encourage the preservation and adaptive reuse of historic structures and to

maintain and enhance the historic, pedestrian scale and character, while providing for a mix of residential, commercial, and arts uses.

### **Policy NDC 1.3.23**

Within the Historic Mixed Use land use designation, support adaptive reuse of historic structures and achieve compatible infill development that is consistent with the development pattern and scale of Delray Beach's historic commercial main streets through the limited use of the Central Business District overlay in the land development regulations, without increasing density or intensity or changing neighborhood character; the area within the Central Business District Overlay shall not be expanded beyond its current (2019) boundaries.

### **Policy NDC 1.3.24**

Maintain the historically balanced mix of residential and nonresidential uses throughout the Historic Mixed Use land use designation by applying planning tools that support the maintenance of residential uses, such as incentives in the Land Development Regulations for maintaining existing residential units, including live-work units, and/or providing incentives for residential and non-residential developments.

### **Objective NDC 1.4 Industrial Land Use Designations**

Apply the industrial land use designations of Industrial and Commerce to those areas where industrial type uses, such as fabrication and assembly of goods, warehousing, and vehicle repair, are the primary economic strategy for the district, to ensure that those industries, which are essential to the local economy, are appropriately accommodated in the city.

### **Policy NDC 1.4.1**

Allow auto-related uses that involve the servicing and repair of vehicles, other than as part of a full service dealership, on land with an Industrial or Commerce land use designation.

## GOAL NDC 1 NEIGHBORHOODS, DISTRICTS, AND CORRIDORS

---

### **Policy NDC 1.4.2**

Allow a maximum floor area ratio of 0.60 for properties with an Industrial land use designation.

### **Policy NDC 1.4.3**

Use the Industrial land use designation to accommodate manufacturing, fabrication, assembly, and warehousing uses on properties where such uses currently exist and in areas identified as appropriate to continue or expand industrial-based uses.

### **Policy NDC 1.4.4**

Prohibit residential and general commercial uses on properties with an Industrial land use designation.

### **Policy NDC 1.4.5**

Recognize the importance of maintaining the Industrial land use designation for long term economic prosperity by prohibiting amendments to the Land Use Map that diminish the quantity of property with Industrial land use designation.

**Policy ECP 3.3.7, 6.3.4**

### **Policy NDC 1.4.6**

Allow a maximum floor area ratio of 0.60 for nonresidential uses and a revitalization/incentive density up to 24 dwelling units per acre with at least 25% of the units provided as workforce housing units, for properties with a Commerce land use designation.

### **Policy NDC 1.4.7**

Use the Commerce land use designation for property located along or adjacent to the Congress Avenue corridor, where it is appropriate to accommodate a mix of industrial, service, and commercial uses, and limited residential development opportunities.

### **Policy NDC 1.4.8**

Recognize the importance of maintaining the Commerce land use designation for long term economic prosperity by discouraging amendments to the Future Land Use Map that diminish the quantity of property with Commerce land use designation.

**Policy ECP 6.3.4**

### **Policy NDC 1.4.9**

Analyze the existing land use and zoning designations of Commerce and Congress Avenue Mixed Use assigned to property along the Congress Avenue Corridor for the purpose of accommodating a balanced mix of commercial, industrial, office, and residential uses with a cohesive aesthetic for the corridor.

### **Objective NDC 1.5 Open Space Land Uses**

Protect, preserve, enhance, and expand open and natural areas within the municipal boundaries that serve to benefit the public by applying the Open Space or Conservation land use designations.

### **Policy NDC 1.5.1**

Preserve and protect areas with Conservation or Open Space land use designations to maintain a high quality of life for the residents and to prevent a reduction in the amount of open space in the city.

**Policy CME 2.1.7**

**Policy CSR 4.2.6**

**Policy OPR 1.2.9**

### **Policy NDC 1.5.2**

Maintain the amount of publicly-owned land (629.59 acres or 5.7% of the City's Planning Area in 2019) used as open space, parks, and recreational facilities, and increase publicly-owned open space land when opportunities arise.

**Policy OPR 1.1.4**

### **Policy NDC 1.5.3**

Provide for the creation and retention of open space and the retention of natural resources within new development or redevelopment.

## GOAL NDC 1 NEIGHBORHOODS, DISTRICTS, AND CORRIDORS

---

### Policy NDC 1.5.4

Allow a maximum floor area ratio of .10 for properties with an Open Space land use designation.

### Policy NDC 1.5.5

Use the Open Space land use designation for public recreational areas, including those sites with associated indoor facilities, open space areas, and conservation areas.

### Policy NDC 1.5.6

Use the Open Space land use designation for canals, waterways, beaches, shores, estuarine systems, golf courses, private common areas within planned developments, and undevelopable parcels.

### Policy NDC 1.5.7

Limit the implementation of the Open Space land use designation by residential zoning districts to open space and recreation uses provided for the neighborhood.

### Policy NDC 1.5.8

Allow a floor area ratio of 0.01 on properties with a Conservation land use designation to be utilized for ancillary structures that support the needs of the conservation of land and do not have a negative impact on the property or environment.

### Policy NDC 1.5.9

Use the Conservation land use designation for those properties identified in the Conservation Element as land to be preserved with development allowed only in accordance with the Conservation Element.

### Policy NDC 1.5.10

Limit the use of properties with a Conservation land use designation to recreation, open space, or conservation uses.

### Policy NDC 1.5.11

Require that properties with a Conservation land use designation be placed into public ownership or protected through a perpetual restrictive land covenant.

### Objective NDC 1.6 Community Facility Land Use Designation

Provide a full range of local or regional community-based uses primarily intended to serve and/or benefit the public by appropriately applying the Community Facilities Facility land use designation.

### Policy NDC 1.6.1

Allow a floor area ratio of 1.0 for properties with a Community Facility land use designation.

### Policy NDC 1.6.2

Use the Community Facility land use designation for current and future school sites, public buildings, public facilities, and buildings that serve the community and are not commercial in nature, such as places of worship.

### Policy NDC 1.6.3

Community facilities located on small sites, governmental services (e.g. Florida Department of Health) that lease common office space, and existing places of worship that do not have substantial accessory uses, such as educational facilities, are not required to be designated as Community Facility on the Land Use Map.

### Policy NDC 1.6.4

Allow the Community Facility land use designation to continue to provide a community benefit by accommodating the preservation of historic places of worship through adaptive reuse to a use appropriate for the context of the neighborhood.

### Objective HPE 1.5

## GOAL NDC 2

## QUALITY OF LIFE AND URBAN FORM

**PROVIDE A HIGH QUALITY OF LIFE FOR ALL RESIDENTS AND TRANSFORM UNDERUTILIZED AND BLIGHTED AREAS INTO ATTRACTIVE AND SUCCESSFUL NEIGHBORHOODS, DISTRICTS, AND CORRIDORS.**

**Performance Measures:** Success in addressing Objectives and Policies of **GOAL NDC 2** shall be measured utilizing the following performance indicators:

- Retention of land designated as Open Space or Conservation;
- Establishment of innovative and creative approaches to parking;
- Increased bicycle and pedestrian connectivity west of Interstate-95;
- Creation of a Transfer of Development Rights Program for historic preservation or for the Coastal Planning Area;
- Establishment of a district park west of I-95;
- Number of transit-oriented developments completed; and,
- Number of Neighborhood or Redevelopment Plans adopted or updated.

### **Objective NDC 2.1 Development on the Barrier Island**

Maintain the existing low density and low intensity uses that characterize the development pattern on the barrier island.

#### **Policy NDC 2.1.1**

The City shall not increase the density or intensity of land use designations on the barrier island or approve commercial uses if impacts could diminish beach resources.

**Policy CME 2.2.1**

#### **Policy NDC 2.1.2**

The City shall not increase the net density within the Coastal High Hazard Area, including through incentive programs, zoning changes, or land use designation amendments.

**Policy HOU 3.1.6**

**Policy CME 2.2.3**

#### **Policy NDC 2.1.3**

Address critical features of development, such as setbacks, building height, finished floor elevation, and construction materials in the Land Development Regulations to maintain the current character of and to increase resiliency within the Coastal Planning Area. To discourage placing more property assets at risk, relief from the minimum lot size

requirements, maximum lot coverage, or building height to increase the volume of building envelopes will not be considered.

**Policy CME 2.2.5, 3.5.3**

#### **Policy NDC 2.1.4**

Study a Transfer of Development Rights program, establishing sending and receiving zones, to direct density and development away from the Coastal Planning Area. [Complete by 2025-2040]

**Policy CME 2.2.6**

**Policy CSR 4.2.16, 8.5.5**

#### **Policy NDC 2.1.5**

Maintain the amount of land designated as Open Space or Conservation within the Coastal Planning Area.

**Policy CME 2.1.7**

**Policy CSR 4.2.6**

**Policy OPR 1.2.9**

### **Objective NDC 2.2 Downtown and Surrounding Neighborhoods**

Protect and enhance the "Village by the Sea" character of the downtown and neighborhoods located east of I-95.

## GOAL NDC 2

## QUALITY OF LIFE AND URBAN FORM

### Policy NDC 2.2.1

Maintain and enhance the tightly gridded, interconnected street network that facilitates the dispersal of traffic and contributes to the character of Delray Beach using the following Complete Streets techniques, where appropriate:

- Design streets to be safe, comfortable, and attractive for pedestrians, cyclists, and drivers;
- Do not close or abandon streets or alleys and encourage connectivity of vehicular, pedestrian and bicycle routes.
- Provide links to regional bicycle/pedestrian networks
- Reinvest in roadway infrastructure, such as intersections, signalization, and turning movements without increasing the number of through vehicular lanes.

[Policy HCE 1.9.6](#)

[Policy MBL 1.1.1, 2.5.8, 3.1.3](#)

### Policy NDC 2.2.2

The City shall not abandon alleys, especially those located in the downtown area and within the Old School Square Historic District, to help mitigate the intensity and massing of new development, provide for access and service functions, and contribute to the street network, expanding their function to include multi-modal use throughout neighborhoods, districts, and corridors.

[Policy HPE 1.4.4](#)

[Policy MBL 2.5.8](#)

### Policy NDC 2.2.3

Encourage the adaptive reuse of existing structures located within mixed-use and commercial land use designations, particularly those that were originally established as single-family homes or are over 50 years old, by providing incentives, such as relief in the Land Development Regulations, grants to facilitate retrofitting or rehabilitation, etc. [Complete by 2025-2040]

[Policy HPE 2.2.3](#)

### Policy NDC 2.2.4

Provide incentives in the Land Development Regulations that encourage the long-term viability, adaptive reuse, and redevelopment of small properties located within mixed-use and commercial land use designations to maintain the historic development pattern over time. [Complete by 2025-2040]

### Policy NDC 2.2.5

Maintain public rights-of-way that provide view corridors or vistas to water bodies and, whenever possible, provide features such as benches, landscaping, and trash receptacles to enhance the areas as pocket parks.

[Policy HOU 1.4.8](#)

[Policy CME 2.6.6](#)

[Policy OPR 3.2.4](#)

### Policy NDC 2.2.6

Accommodate automobile access through innovative approaches, including creating district-wide parking programs, strategically locating public garages and lots to maximize access without conflicting with pedestrian activity, providing on-street parking, designating ride-share drop off and pick up locations, and developing “park once” areas that facilitate walking among multiple destinations in a safe, attractive environment.

### Policy NDC 2.2.7

Within the Commercial Core, locate and design off-street parking areas in a manner that does not detract from the character by providing standards in the Land Development Regulations, such as locating parking to the side or rear of buildings, limiting size of lots, and landscaping and façade requirements. Large fields of parking between building facades and streets are generally not desirable.

### Objective 2.3 Western Neighborhoods (West of Interstate-95)

Protect and enhance the residential neighborhoods located west of I-95, improve connectivity, and provide a mix of uses that meet daily needs of residents.

## GOAL NDC 2

## QUALITY OF LIFE AND URBAN FORM

### Policy NDC 2.3.1

Preserve common areas used or designated as open space or recreational amenities in planned developments to maintain a high quality of life for the residents.

**Policy OPR 1.2.9**

### Policy NDC 2.3.2

Seek opportunities west of Interstate 95 to enhance and augment the street, sidewalk, and bicycle route network and require new development and redevelopment to provide pedestrian, bicycle, and vehicular interconnections to adjacent properties.

**Policy HCE 1.9.6**

**Policy MBL 2.5.5**

### Policy NDC 2.3.3

Include cross access between properties to reduce vehicular trips on the roadway network. Cross-connectivity shall include bicycle and pedestrian accommodations, except where not feasible due to natural or environmental constraints.

**Policy MBL 3.1.1**

### Policy NDC 2.3.4

Improve access to public and private recreation opportunities west of I-95 by providing bicycle and pedestrian connectivity between recreation amenities.

**Policy MBL 2.5.5**

**Policy OPR 2.2.4**

### Policy NDC 2.3.5

Due to limited number of public open spaces, parks, and recreational facilities located west of Interstate 95, do not offer for sale the City's publicly-owned golf courses. If it is determined that a publicly-owned golf course cannot be maintained, engage the public and conduct a study to identify new parks and recreational facilities to best meet community needs and desires.

**Policy OPR 1.2.8**

### Policy NDC 2.3.6

Establish a district park that provides unique recreation opportunities for the western area of the city on the Family Recreation and Fitness

Center Playground located on North Congress Avenue. [Complete by 2040]

**Policy OPR 1.3.13**

### Policy NDC 2.3.7

Implement the vision in the "Congress Avenue: Delray Beach's Next Great Street" report by protecting commercial and industrial land uses to maintain and enhance the jobs base; ensuring diverse housing options for varying income levels; attracting higher education institutes; encouraging sustainable redevelopment; and, establishing a balance of uses along the corridor.

**Policy ECP 6.4.2**

### Policy NDC 2.3.8

Continue to support the medical cluster and Medical Arts District by appropriately providing locations for medical uses.

**Policy ECP 6.3.5**

### Policy NDC 2.3.9

Continue to offer incentives to encourage strip commercial development to redevelop into mixed-use, high quality, multi-modal environments.

### Objective NDC 2.4 Promote Transit-Oriented Development

Promote Transit-Oriented Development patterns that support a high quality of life around commuter rail stations and along transit corridors to attract economic development, enhance sustainability, and maximize infrastructure investments.

### Policy NDC 2.4.1

Establish transit-oriented development as development or redevelopment that is characterized as compact, moderate to high density and intensity, mixed-use, interconnected with surrounding land uses, bicycle and pedestrian friendly, and designed to provide easy access to transit service and a high quality of life.

**Policy MBL 2.3.1**

## GOAL NDC 2

## QUALITY OF LIFE AND URBAN FORM

### Policy NDC 2.4.2

Continue to provide mechanisms in the Land Development Regulations to encourage and provide opportunities for infill and redevelopment within a quarter mile of commuter rail stations and along transit corridors that encourages ridership.

**Policy MBL 2.4.5**

**Policy CSR 1.3.2**

### Policy NDC 2.4.3

Support the provision of transit-oriented workforce housing with incentives, such as increased density, smaller unit sizes, and reduced parking requirements in areas located within one-quarter mile of commuter rail stations and along main transit corridors, minimizing impacts to surrounding neighborhoods by providing compatible transitions through the application of Land Development Regulations.

**Policy MBL 3.6.2**

### Policy NDC 2.4.4

Work with Palm Beach County and other local partners to create an infill/redevelopment plan for the station area surrounding the Delray Beach Tri-Rail Station to maximize both ridership and return on investments.

### Policy NDC 2.4.5

Develop station design plans and site improvement plans for the Tri-Rail Coastal Link Station in downtown, considering the recommendations of Delray Beach Tri-Rail Coastal Link Station Master Plan. [Complete by 2025]

**Policy MBL 2.3.3**

**Policy CSR 1.3.3**

**Policy PFE 6.1.6**

### Objective 2.5 Automotive Dealerships

Recognize that automotive dealers and auto-related uses are local legacy industries with unique impacts that require appropriate and strategic locations.

### Policy NDC 2.5.1

Accommodate automotive dealerships and auto-related uses on land with a General Commercial land use designation, zoned Automotive Commercial, and located:

- north of George Bush Boulevard, between North Federal and Dixie Highways,
- on the east side of North Federal Highway north of 2200 North Federal Highway, south of Linton Boulevard, between South Federal and Dixie Highways,
- south of Linton Boulevard, between South Federal and Dixie Highways,
- on the north side of West Linton Boulevard, between Interstate 95 and SW 10th Avenue, or;
- along Wallace Drive.

**Policy ECP 6.3.6**

### Policy NDC 2.5.2

Prohibit rezoning of land located west of Interstate-95 to Automotive Commercial.

### Policy NDC 2.5.3

Prohibit new or the expansion of existing automotive dealerships on land located:

- within the Commercial Core land use designation; or
- on the east side of southbound North/South Federal Highway between George Bush Boulevard and SE 10th Street; or,
- on the east side of North Federal Highway, between George Bush Boulevard and the north property line of 2200 North Federal Highway; or,
- on properties fronting George Bush Boulevard, east of North Federal Highway; or,
- on properties located west of Interstate-95.

### Policy NDC 2.5.4

Direct auto-related uses that involve the servicing and repair of vehicles, other than as part of a full service dealership, to land with an Industrial or Commerce land use designation.

## GOAL NDC 2

## QUALITY OF LIFE AND URBAN FORM

### Objective NDC 2.6 Improve City Corridors

Improve the appearance and function of visually prominent or distressed corridors in Delray Beach.

#### Policy NDC 2.6.1

Create vibrant, attractive streetscapes on commercial corridors in mixed use land use designations using standards in the Land Development Regulations that define the amount of commercial and residential uses suitable for the first story and provide hardscape, landscape, and facade design criteria. [Complete by 2025]

#### Policy NDC 2.6.2

Design public infrastructure improvements with appropriate materials and detailing, street trees and landscaping, streetlights, signage, furniture, and sidewalks to enhance the existing or establish the desired character of the corridor and surrounding neighborhood.

[Policy HPE 1.4.2](#)

#### Policy NDC 2.6.3

Concentrate efforts to improve the condition of the heavy industrial and undeveloped areas along arterial roadways to provide a better image of the community by providing:

- ongoing code enforcement; and,
- perimeter landscaping requirements in the land development regulations; and,
- standards for the maintenance and landscaping of vacant property in the Land Development Regulations.

[Complete by 2022-2025]

#### Policy NDC 2.6.4

Improve the appearance of Delray Beach from the FEC and CSX Railways and Interstate-95 using strategies such as, promoting public art opportunities, requiring landscaping, using the development review process to improve building façades facing the corridors, and using code enforcement as needed. [Complete by 2025]

#### Policy NDC 2.6.5

Continue to obtain easements from redevelopment and new development along the CSX Railway corridor to create a greenway along the railroad corridor through the length of the city.

#### Policy NDC 2.6.6

Avoid zoning changes that would result in strip commercial development. Where strip commercial developments or zoning currently exist along an arterial street, consider increasing the depth of the mixed-use zoning to provide for more substantive, mixed use projects that provide compatible transitions in form and use to the surrounding area.

### Objective NDC 2.7 Planning of Neighborhoods, Districts, and Corridors

Continue to respond to unique needs and conditions of the varied neighborhoods, districts, and corridors of Delray Beach using Neighborhood and Redevelopment Plans that determine specialized planning strategies and improvement projects to implement the vision of plans.

#### Policy NDC 2.7.1

Continue to facilitate, prepare, and implement neighborhood and redevelopment plans with a high degree of public participation in collaboration with the Delray Beach Community Redevelopment Agency (if located within the CRA boundary), strategic partners, and neighborhood residents.

[Policy HOU 1.2.2](#)

#### Policy NDC 2.7.2

Continue to facilitate public participation through the creation of neighborhood, community, and stakeholder groups to provide balanced representation and by maintaining and updating a list of stakeholder, neighborhood, and homeowner association contacts to act as liaisons with the City.

[Policy HOU 1.2.1](#)

## GOAL NDC 2

## QUALITY OF LIFE AND URBAN FORM

---

### **Policy NDC 2.7.3**

Prioritize the creation or update of neighborhood and redevelopment plans for neighborhoods, districts, and corridors that are determined to be blighted, categorized as Needing Rehabilitation, or in a historic district and presenting signs of deterioration or intrusion of incompatible uses or development patterns.

**Policy HOU 1.2.3**

### **Policy NDC 2.7.4**

Include recommendations in neighborhood and redevelopment plans based on the need, desirability, and level of support for enacting specific planning strategies such as, but not limited to, the creation of a historic or other special purpose district, introduction of new uses or housing types, inclusion of streetscape or landscape design guidelines, or amendment of land use designations.

**Policy HOU 1.2.5**

### **Policy NDC 2.7.5**

Deny requests to change residential land use or zoning designations to designations other than Community Facilities or Open Space land use designations or zoning categories unless the proposed changes implement an adopted neighborhood or redevelopment plan.

**Policy HOU 1.3.2**

### **Policy NDC 2.7.6**

Amend land use designations, zoning, Land Development Regulations, design guidelines, etc. within two years of adopting a new or updated neighborhood or redevelopment plan, to implement the adopted Plan's vision.

### **Policy NDC 2.7.7**

Update the West Atlantic Avenue Redevelopment Plan, which was adopted in 1995; new improvements and development shall comply with the provisions of the West Atlantic Avenue Redevelopment Plan until an update to the West Atlantic Avenue Redevelopment Plan is adopted. [Complete by 2025]

### **Policy NDC 2.7.8**

Evaluate and update the Silver Terrace Redevelopment Plan to include development and other improvements that have occurred since the Plan's adoption in 1996, and re-evaluate the vision for the Silver Terrace area; new development shall comply with the provisions of the adopted Plan until an updated plan is adopted. [Complete by 2025]

### **Policy NDC 2.7.9**

Review and update the North Federal Highway Redevelopment Plan to include new development and other improvements that have occurred since the Plan's adoption in 1999, and re-evaluate the vision for the North Federal Highway Redevelopment Area; new development shall comply with the provisions of the adopted Plan until an updated plan is adopted. [Complete by 2025]

### **Policy NDC 2.7.10**

Evaluate and update the Lindell/Federal Highway Redevelopment Plan, which was adopted in 2000 and reassessed in 2012 with the South Federal Highway Redevelopment Plan, to identify and other improvements that have occurred since the Plan's adoption, and reassess the Plan's vision for the area; new improvements and development shall comply with the provisions of the adopted Plan until an updated plan is adopted. [Complete by 2030]

### **Policy NDC 2.7.11**

Evaluate if the intent of the Lindell/Federal Highway Redevelopment Plan has been incorporated into and can be replaced by the South Federal Highway Redevelopment Plan, adopted in 2012. [Complete by 2025-2040]

### **Policy NDC 2.7.12**

Evaluate and update the Southridge/SW 4<sup>th</sup> Avenue Redevelopment Plan to identify new development and improvements that have occurred since the Plan's adoption in 1999, and reassess the Plan's vision for the area; new improvements and development shall comply with the provisions of the adopted Plan until an updated plan is adopted. [Complete by 2025]

## GOAL NDC 2

## QUALITY OF LIFE AND URBAN FORM

---

### **Policy NDC 2.7.13**

Evaluate and update the Downtown Delray Beach Master Plan to assess the Plan's vision for the growth and unification of the downtown area while maintaining the "village by the sea" character; identify new developments and improvements have occurred since the Plan's adoption in 2002; all new improvements and development shall comply with the provisions of the adopted Plan until an updated Plan is adopted. [Complete by 2025-2040]

### **Objective CME 2.2**

### **Policy NDC 2.7.14**

Update the Southwest Area Neighborhood Plan, which was adopted in 2003; new improvements and development shall comply with the provisions of the adopted Plan until an updated plan is adopted. [Complete by 2025-2040]

### **Policy NDC 2.7.15**

Evaluate and update the Wallace Drive Industrial Area Redevelopment Plan, which was adopted in 2004, and continue to encourage the development of light industrial uses, and limited commercial and office uses and support aggregation of parcels for new development new improvements and development shall comply with the provisions of the adopted Plan until an updated plan is adopted. [Complete by 2025-2040]

### **Policy NDC 2.7.16**

Continue to support the variety of commercial and light industrial uses on land with mixed-use land use designations in Osceola Park.

### **Policy NDC 2.7.17**

Continue to support the accommodation of compatible housing types within Osceola Park based on the recommendations and overall intent of the adopted Osceola Park 2019 Redevelopment Plan Update.

### **Policy NDC 2.7.18**

Consider the vision and strategies in the Osceola Park Redevelopment Plan Update (2019) when assessing rezoning requests,

reviewing development applications, and planning public infrastructure projects.

### **Policy NDC 2.7.19**

Evaluate and update the South Federal Highway Redevelopment Plan to identify new development and improvements that have occurred since the Plan's adoption in 2012, and reassess the Plan's vision for the area, including those parcels initially included within the Lindell/Federal Highway Redevelopment Plan area; new improvements and development shall comply with the provisions of the adopted Plan until an updated plan is adopted. [Complete by 2025-2040]

### **Policy NDC 2.7.20**

Review existing land uses and traffic patterns along the West Linton Boulevard corridor, located between Interstate-95 and South Federal Highway for the purpose of creating a redevelopment plan, overlay district or other development tool, which incorporates the defined vision for the area to promote and guide redevelopment. [Complete by 2025]

### **Policy NDC 2.7.21**

Evaluate the Congress Avenue corridor study and consider implementing the strategies and recommendations of the Delray Beach's Next Great Street report. [Complete by 2025]

### **Policy NDC 2.7.22**

Continue to support efforts to revitalize and enhance the Pineapple Grove Main Street area and its promotion as an arts-based district by implementing the guidelines and recommendations of "A Neighborhood Plan for 'Main Street' in the Grove", which was last updated and adopted in 1998.

### **Policy NDC 2.7.23**

Evaluate and update the Seacrest / Del-Ida Park Neighborhood Plan, which was adopted in 1998, to assess the Plan's vision for the area and identify any improvements or new development that have occurred within the Plan's boundary or that affect the Plan area; new improvements and development shall comply with the provisions of the adopted Plan

## GOAL NDC 2

## QUALITY OF LIFE AND URBAN FORM

until an updated Plan is adopted. [Complete by 2025-2040]

### **Policy NDC 2.7.24**

Evaluate and update "Banker's Row: A program for Re-Use and Restoration", which was adopted in 1991, to assess the Plan's vision for the area and identify any improvements or new development that have occurred within the Plan's boundary or that affect the Plan area; new improvements and development shall comply with the provisions of the adopted Plan until an updated Plan is adopted. [Complete by 2025]

### **Policy NDC 2.7.25**

Evaluate the Land Development Regulations to the Four Corners Overlay District, which were adopted in 2007, to assess the vision for the area and create and adopt a redevelopment plan that implements the identified vision through the provision of guidelines and recommendations; new improvements and development shall comply with the provisions of the applicable Land Development Regulations until a Plan and associated Land Development Regulations are adopted. [Complete by 2025-2040]

### **Objective NDC 2.8 Innovative Housing Strategies**

Use innovative housing planning practices to provide a wide range of housing types at price points that serve the city's diverse population.

### **Policy NDC 2.8.1**

Evaluate and designate those residential areas, based on public input and participation efforts, where a greater range of housing choices and increased affordable housing options can be provided by allowing innovative housing types, such as one accessory dwelling unit per lot, tiny houses, co-housing arrangements, or cottage housing.

### **Policy NDC 2.8.2**

Establish specific regulations and performance criteria in the Land Development Regulations that include size, site design, landscaping, access, and parking requirements for accessory dwelling units in residential areas where such units are determined to be desirable through adopted neighborhood or redevelopment plans or programs; do not include the accessory dwelling unit in density calculations.

### **Policy NDC 2.8.3**

Continue to utilize workforce housing programs and incentives, such as but not limited to, increased density and smaller lot sizes where appropriate and compatible in the Land Development Code to encourage the provision of workforce housing in the city.

### **Policy NDC 2.8.4**

To protect the long term viability of workforce housing, include provisions in the Land Development Regulations that establish a long-term period of affordability of at least 40 years, income qualifications, maximum unit cost or rent; reassess the provisions of the Land Development Regulations within one year of the completion of new housing assessment studies.

### **Policy 2.8.5**

Promote the development of workforce housing units by offering incentives, such as, increased density, in specific areas identified in the Land Development Regulations.

### **Policy NDC 2.8.6**

Monitor the progress of workforce/affordable housing programs and incentives to identify successful initiatives and to adjust under-performing programs or incentives or regulations.

## GOAL NDC 3

## URBAN SERVICES

### USE SMART GROWTH POLICIES TO DELIVER COST EFFECTIVE URBAN SERVICES TO SUPPORT ENVISIONED GROWTH.

**Performance Measures:** Success in addressing Objectives and Policies of **GOAL NDC 3** shall be measured utilizing the following performance indicators:

- ✿ Adoption of a Land Development Regulation amendment to provide consistent use terminology in all zoning districts;
- ✿ Completion of an assessment of the potential consolidation of zoning districts;
- ✿ Number of form-based code amendments;
- ✿ Adoption of visual compatibility standards for non-residential properties in historic district;
- ✿ Preparation of an urban services annexation report; and,
- ✿ Development and implementation of a Transfer of Development Rights Program.

#### Objective NDC 3.1 Concurrency

Allow new development within the Planning Area provided the necessary public facilities and services that are provided by, or through, the City are available concurrently.

#### Policy NDC 3.1.1

Continue to coordinate with Lake Worth Drainage District, the South Florida Water Management District, and other water management Strategic Partners to evaluate drainage plans for new development and redevelopment.

#### Policy NDC 3.1.2

Continue to coordinate with Palm Beach County, Florida Department of Transportation, Palm Tran, South Florida Regional Transportation Authority, and other transportation Strategic Partners to evaluate the transportation impacts of new development and redevelopment.

#### Policy NDC 3.1.3

Maintain Land Development Regulations that require a determination that public services and facilities are or will be available at adopted levels of service to serve the needs of new development concurrently with occupancy, such as, but not limited to

- ✿ Potable water
- ✿ Sewer
- ✿ Drainage
- ✿ Transportation
- ✿ Parks and Open Space
- ✿ Solid Waste
- ✿ Public Schools

#### Policy PFE 2.2.3

#### Policy NDC 3.1.4

Do not allow new development upon land that is needed for public facilities or open space that are necessary to support the growth of the community.

#### Policy OPR 1.2.7

#### Policy NDC 3.1.5

Support proposals to establish regional public facilities that demonstrate any loss of property tax revenue or other negative impacts will be offset by mitigating measures, which may include, but are not limited to, payment of fees, creation of significant numbers of local jobs, and measures to control odors, noise, traffic, and other potential impacts on the surrounding communities; deny such proposals If the negative impact of a proposed facility cannot be substantially offset by mitigating measures.

## GOAL NDC 3

## URBAN SERVICES

### Objective NDC 3.2 Provide Services within the Planning Area

Discourage urban sprawl by providing facilities and services to areas within the City's Planning Area that are not yet served.

#### Policy NDC 3.2.1

Provide services to unincorporated areas upon annexation at a level that exists for land uses under similar conditions elsewhere in the city; do not require areas that received water and sewer services from Palm Beach County prior to annexation to switch to City service.

#### Policy NDC 3.2.2

In circumstances where annexation is not feasible or appropriate, services such as, fire protection and code enforcement may be provided to unincorporated parcels within the City's Planning Area through interlocal agreements.

#### Policy NDC 3.2.3

Provide water and sewer facilities to unincorporated areas upon demand in a manner consistent with City policies with an agreement to voluntarily annex upon eligibility; if the property is already eligible, annexation shall precede the provision of services.

#### Policy PFE 2.4.4, 3.4.3

### Objective NDC 3.3 Annexation

Continue to annex unincorporated areas within the City's Planning Area.

#### Policy NDC 3.3.1

Undertake the following program for the annexation of remaining eligible properties:

- Prepare an "urban services annexation report" as required by Florida Statutes, for each of the remaining designated annexation areas depicted on Map AD-24 (Annexation Areas):

-  Foxe Chase subdivision
-  Delray Community Hospital Area

-  Barwick Road Area (north of West Atlantic Avenue)
-  West Atlantic Avenue & Military Trail)
-  North Military Trail / Barwick Road Area.
-  High Point Delray Area (north of West Atlantic Avenue)
-  Country Club Acres (west of Military Trail)

- Work with Palm Beach County to address the annexation of improved property that lacks adequate sewer, water, street, and/or drainage facilities pursuant to the Palm Beach County Annexation Incentive Program;
- Recommend whether annexation should be pursued and, if so, the means by which annexation should occur; and,
- Accommodate individual voluntary annexations as the opportunities arise.

#### Policy NDC 3.3.2

Apply the City's land use designation immediately upon annexation of a parcel. Following any annexation, amend the Land Use Map, and appropriate portions of the Comprehensive Plan, to reflect the change in the city's boundaries.

### Objective NDC 3.4 Future Land Use Map Amendments

Use a consistent set of standards to evaluate amendments to the Land Use Map.

#### Policy NDC 3.4.1

Amend the Land Use Map only when a demonstrated need for the requested land use is based upon circumstances that are verified and supported by data and analysis, such as shifts in demographic trends, changes in the availability of land, changes in the existing character and Land Use Map designations of the surrounding area, fulfillment of a comprehensive plan objective or policy, annexation into the municipal boundaries, or

## GOAL NDC 3

## URBAN SERVICES

similar circumstances, and the following findings can be determined:

- That the requested land use designation is consistent with the goals, objectives, and policies of the most recently adopted Comprehensive Plan; and,
- That development at the highest intensity possible under the requested land use designation meets the adopted concurrency standards; and,
- That the requested land use designation is compatible with the land use designations of the surrounding area; and,
- That the requested land use designations are compliant with the provisions and requirements of the Land Development Regulations.

### Policy NDC 3.4.2

Use the development review process to determine development, redevelopment, and adaptive reuse is consistent with and complementary to adjacent development, regardless of the implementing zoning designations for each land use designation (See Table NDC-1).

### Policy NDC 3.4.3

Apply the advisory land use designation to parcels as they are annexed into the municipal city limits; the findings in Policy 3.4.1 must be made to apply an alternative land use designation.

### Objective NDC 3.5 Update Land Development Regulations

Regularly review and update the Land Development Regulations to provide timely, equitable and streamlined processes including, but not limited to, building permit processes for residential developments and to accommodate mixed-use developments, address market changes and development trends, and other innovative development practices.

### Policy NDC 3.5.1

Review the uses and use descriptions in the Land Development Regulations to provide consistent terminology. [Complete by 2022]

### Policy NDC 3.5.2

Analyze and update the current zoning districts and, where feasible, consolidate and eliminate redundant districts. [Complete by 2025]

### Policy NDC 3.5.3

Continue to develop zoning districts and regulations that utilize or include form-based code concepts to improve predictability in the built environment.

### Policy NDC 3.5.4

Provide direction for the redevelopment of properties with nonconforming structures that are significantly damaged or destroyed by natural disasters in the Land Development Regulations.

### Policy CSR 9.2.5

### Policy NDC 3.5.5

Continue to develop new land use and zoning incentives for eligible and historic resources within the Land Development Regulations, such as encouraging the adaptive reuse of historic structures within mixed-use zoning districts and providing parking relief strategies.

### Policy HPE 2.2.3

### Policy NDC 3.5.6

Create Land Development Regulations for visual compatibility standards for non-residential properties in historic districts [Complete by 2025]

### Policy HPE 1.4.5

### Policy NDC 3.5.7

Analyze the historic development pattern and characteristics of each historic district for the purpose of creating context-related Land Development Regulations. [Complete by 2025]

### Policy HPE 1.4.6

**Policy NDC 3.5.8**

Evaluate and, where necessary, amend the Land Development Regulations to ensure the protection of historic resources. [Complete by 2025]

**Policy HPE 1.3.3**

**Policy NDC 3.5.9**

Development and implement a Transfer of Development Rights program that requires the preservation of eligible and historic resources. [Complete by 2025]

**Policy HPE 2.2.2**

**Policy NDC 3.5.10**

Explore providing development incentives in the Land Development Regulations, in exchange for the provision and maintenance of open spaces, recreation facilities, naturally occurring habitats and environmentally sensitive land. [Complete by 2025]

**Policy CSR 4.2.16**

**Policy OPR 3.1.5**

**Policy NDC 3.5.11**

Revise the Land Development Regulations to eliminate required irrigation systems when a landscape plan is approved that includes the use of native plants and other vegetation that will survive without permanent irrigation, while meeting landscape code requirements. [Complete by 2025]

**Policy CSR 2.4.7**

**Policy NDC 3.5.12**

Revise the Land Development Regulations to provide and encourage the use of energy efficient design techniques, such as passive solar design for residential and commercial solar installations. Provide incentives for installing solar arrays on rooftops and other impervious spaces and remove any barriers to their installation in such areas. [Complete by 2025]

**Policy CSR 5.2.9**
