~ CRA BOARD SUMMARY ~

**INTERLOCAL AGREEMENT BETWEEN THE CRA AND CITY -
TENNIS STADIUM ARCHITECTURAL AND STRUCTURAL STUDY**

At the CRA Board Meeting on November 19 2015, the Delray Beach Sports Destination Committee provided a presentation on the sporting events held in Delray and their economic impact. One of the items discussed was the need for a structural and architectural assessment on the Tennis Stadium, which was originally built in 1992, with renovations in 1993 and 1998. The purpose of the study would be to determine potential upgrades that would allow for alternate uses of the tennis facilities and determine the cost of those improvements. The consensus of the Board was to support funding for the study. The City will be employing a consultant to conduct this evaluation in FY16-17 and has requested funding support from the CRA for this project.

Attached please find the Interlocal Agreement between the City of Delray Beach and the CRA to provide funding for the Tennis Stadium Study in an amount not to exceed \$75,000. It is noted that the Palm Beach County Sports Commission has offered to provide \$15,000 which would focus on job creation.

The Tennis Stadium assessment helps further the CRA's mission as it encourages economic development along the West Atlantic Avenue corridor by ensuring the Tennis Center remain a competitive venue for major events.

Recommended Action:

Approve the attached Interlocal Agreement between the CRA and the City of Delray Beach for the CRA to fund the Architectural and Structural Study of the Tennis Stadium, in an amount not to exceed \$75,000, subject to approval of the City and CRA budgets for Fiscal Year 2016-17.
