MorphoTrak's Automated Fingerprint Identification System (AFIS) is currently installed at Florida Department of Law Enforcement (FDLE) and Palm Beach County Sheriff's Office (PBSO). MorphoTrak is the owner of the software and design, sole developer and sole provider for the AFIS.

The proposed MorphoTrak Latent Expert Workstation is specifically designed to work with the existing AFIS systems located at FDLE and PBSO.

As the manufacturer of the existing AFIS and software application, only MorphoTrak can provide the Latent Expert Workstation that uses the same Software processing, searching and matching technology used by the FDLE and PBSO AFIS Systems. These devices use a proprietary software application that incorporates specific encoding algorithms and search routines developed and patented by MorphoTrak.

Specifically:

MorphoTrak does not have other sales channels, partners or resellers. The proposed solution can only be procured and implemented directly from MorphoTrak. As the manufacturer of the existing AFIS subsystem, software applications, and Latent Expert Workstation, only MorphoTrak can provide the required hardware, software and support.

Should you require further assistance, please contact Jayne Goodall, MorphoTrak Senior Sales Manager, Telephone (714) 575-2956 or Email [jayne.goodall@morpho.com](mailto:jayne.goodall@morpho.com)

Sincerely

A handwritten signature in blue ink, appearing to read 'Barry Fisher'.

Barry Fisher  
Vice President, Sales - MorphoTrak
