## Delray Beach Community Redevelopment Agency AGUIDE: Achieving Goals Using Impact Driven Evaluation Fiscal Year 2025-2026

#### **Funding Framework**

The mission of the Delray Beach Community Redevelopment Agency (CRA) is to foster and directly assist in the redevelopment of the Community Redevelopment Area in order to eliminate blight, create a sustainable downtown, encourage economic growth and develop affordable housing, thus improving the attractiveness and quality of life of the CRA District and the City of Delray Beach as a whole. The City's Community Redevelopment Plan provides the framework for projects and activities intended to accomplish this mission, and offers objectives for redevelopment of the area that is also consistent with the citizens' visions as expressed through various neighborhood and area planning initiatives. In addition, the Community Redevelopment Plan must be consistent with the City of Delray Beach's Comprehensive Plan. In order to remain current in the fast-paced, highly volatile economy of South Florida, both the Community Redevelopment Plan and City of Delray Beach Comprehensive Plan must be reviewed and updated on a regular basis in order to accurately reflect changing conditions and community objectives.

The CRA's Community Redevelopment Plan lists overall needs within the Community Redevelopment Area as Affordable Housing and Downtown Housing. Local government can have an effect on the housing delivery process in a number of ways, such as by maintaining an adequate supply of buildable land, providing incentives and density bonuses to builders who create affordable housing, participating in the costs of infrastructure, reducing impact and other fees, or by taking an active role through actual construction and sale of housing units. Previously, the CRA, with the help of the City, the Delray Beach Housing Authority and community leaders established the Delray Beach Community Land Trust to provide affordable housing. The role of the CRA in affordable housing has been and will continue to be one of active participation. Through programs that improve the overall area, provide financial opportunities to area residents to improve their living conditions, and by creating incentives for additional investment in the area, the CRA will continue to encourage the improvement of existing housing throughout the district as well as the creation of new affordable units.

Relevant to those activities, state law requires that all public redevelopment activities expressly authorized by the Community Redevelopment Act and funded by tax increment financing must be in accordance with a redevelopment plan which has been approved by the City Commission. The CRA's funding activities must, therefore, align with the Delray Beach Community Redevelopment Plan. Additionally, Section 163.387(1)(a), Florida Statutes, states that redevelopment trust funds "shall be used by the agency to finance or refinance any 'community redevelopment' it undertakes pursuant to the approved community redevelopment plan." Specifically Section 163.387(6)(c) lists the development of affordable housing as a proper usage of the annual budget. Toward that end, the CRA has developed the A-GUIDE: Achieving Goals Using Impact Driven Evaluation, as an incentive for local affordable housing non-profits to continue to improve local housing stock and create new affordable units.

#### **Needs and Priorities for Funding**

The CRA provides funding to address "Overall Needs" within the Community Redevelopment Area as defined in the Community Redevelopment Plan. Different from the specific needs identified within the various sub-areas of the Community Redevelopment Area, the following "Overall Needs" are area wide in scope and encompass some of the more serious problems that are prevalent throughout the area and contribute to the overall state of decline. These needs, which are described in more detail in Section II of the CRA Plan, are listed below

- Removal of Slum and Blight
- Land Use
- Economic Development
- Affordable Housing
- Downtown Housing
- Infrastructure
- Recreational and Cultural Facilities

While the CRA and City are the primary entities responsible for implementing the Redevelopment Plan, several of the Overall Needs identified in the plan can more effectively be addressed through partnerships with other organizations. This program focuses on two areas in particular - *Affordable Housing and Downtown Housing* which have the potential to realize better results through strategic alliances between the CRA and nonprofits that have a demonstrated capacity to address those needs.

In order to better evaluate funding requests from those organizations and potential new "Partners," and measure the results of activities supported by CRA funds relative to the CRA's goals and objectives, the CRA developed the A-GUIDE program.

#### A-GUIDE: Achieving Goals Using Impact Driven Evaluation

The A-GUIDE presents the Community Redevelopment Agency's (CRA) funding interests and intentions relative to addressing housing needs identified in the CRA Plan, along with practical information for eligible housing nonprofit organizations that wish to seek significant CRA funding. Within a strategic framework for awarding and evaluating funding, specific guidelines provide clear and consistent means for the CRA to:

- Inform the community about CRA funding interests and intentions
- Identify funding in each fiscal year that is eligible for strategic partnerships based on the two "Overall Needs" identified above (Affordable Housing and Downtown Housing)
- Advise potential applicants for support regarding how they may become partners in accomplishing shorter and longer-term CRA housing goals
- Consider and compare funding applications and make funding decisions
- Measure and evaluate organization performance relative to projections once funding is awarded

For each of the two "Overall Needs" the A-GUIDE describes the kinds of activities the CRA will fund; the shorter-term outcomes and longer-term impacts the CRA hopes to achieve in collaboration with its nonprofit partners; and measures by which levels of success in those efforts may be assessed. **Funding applications must demonstrate alignment with these guidelines and the CRA Redevelopment Plan.** 

#### Delray Beach Community Redevelopment Agency (CRA) Funding Framework

	Affordable Housing and Downtown Housing
CRA funds these kinds of activities	Support to implement affordable housing programs, acceptable programs and projects are home building, rehabilitation of homes, demolishing dilapidated homes, and purchase of land for home building
To achieve these (shorter term) outcomes	<ul> <li>Increased supply of affordable housing in the CRA District</li> <li>More opportunities for home ownership</li> <li>Development of infill housing</li> <li>Upgraded housing conditions</li> <li>Increased private investment in residential areas and commercial areas surrounding residential neighborhoods</li> </ul>
With these long-term impacts	<ul> <li>Stabilization of neighborhoods</li> <li>Improved quality of life</li> <li>Higher tax base</li> <li>Improved safety; reduction of crime</li> <li>Increased property values relative to other areas of the City</li> </ul>
Demonstrated by these kinds of measures of success	<ul> <li>Number of affordable housing units (new and renovated)</li> <li>Number of new homeowners</li> <li>Decrease number of substandard units</li> <li>Dollars invested</li> <li>Reduced crime rates</li> <li>Increase in assessed value</li> </ul>

The A-GUIDE framework applies to the major support provided by the CRA to specific Nonprofit Partners and does not replace guidelines for various other CRA funding assistance programs such as: Project Consultancy & Design Services Program; Paint-Up & Signage Program; and Curb Appeal Residential Improvement Program.

#### **Amount of Funding:**

The following guidelines regarding the amount of funding for which a Nonprofit Partner may apply are effective for Fiscal Year 2025-2026.

- CRA support for Nonprofit Partners that have received funding in prior years will not be increased for
  Fiscal Year 2025-2026, and in fact may be decreased, according to availability of funds and the quality
  of their applications relative to these guidelines. Funding availability is based on annually approved
  budget.
- CRA support may not exceed 25% of an organization's total operating budget for the year in which the grant is requested, unless otherwise approved by the CRA Board. A transition plan has been established for each Nonprofit Partner that has received support in excess of 25% in prior years, to reduce CRA funding to not more than 25% of their total budgets. As long as funding of their applications is approved each year, the transition periods may extend through FY2025-2026.
- An organization may request support for *up to two programs or projects*.
- CRA support may exceed 25% of the budget for a specific program or project.
- Funding may be requested for a maximum one-year period in any application, though applications may be submitted for the same project/program in more than one consecutive year.
- The inclusion of in-kind cash value and/or services as projected and/or current revenue will be given careful review by the CRA. The value of in-kind revenue must be thoroughly documented and in general should not exceed ten percent (10%) of the total project/program budget. Real estate donations will not be included in the 10% calculation.
- Nonprofit Partners that have received funding in prior years must submit applications for future funding; no assumption of future funding will be made based on past support.
- Funds will be disbursed quarterly in accordance with the "Funding Agreement" executed by each Nonprofit Partner upon approval of funding.

Along with organizational and programmatic considerations, the CRA will include financial factors in its review of funding proposals to determine whether or not and how much funding will be awarded to each applicant. Financial considerations may include projected and actual revenue and expenses for prior years, financial statements, the proposed program/project budget, committed and potential support from other funders, financial sustainability, and the CRA's own budget and available resources.

#### **Types of Support**

The CRA may provide the following types of support for Nonprofit Partners' projects and programs. Generally speaking, a *project* is defined as a set of activities that has definite start and end points and is relatively short in term (a year or less); the scope is clearly defined and somewhat narrow and not likely to change significantly during the life of the project. A *program* is longer in term or ongoing and may involve multiple related projects; the scope is broad and activities and objectives must be managed over time as the organization environment changes. Projects and programs are linked to identifiable organization work units or cost centers.

Program/project Direct costs to develop and/or implement specific projects or programs as

support described in the CRA funding Framework above. Any

direct costs related to operation of the program, including but not limited to staffing, equipment, promotions, supplies, and materials. If staffing costs are sought, the Nonprofit Partner must demonstrate how staff directly assisted in

the creation of affordable housing and the number of units.

Matching funds Contributions provided by another donor or grants awarded that will be paid

only if the donor organization raises additional funds from another source

#### **Eligibility for Funding**

Organizations meeting the following criteria are eligible to apply for Nonprofit Partner funding:

- Mission consistent with the mission of the CRA, specifically including affordable housing as its main objective

#### 11) Mission Statement:

Our mission is "To create healthy communities through the provision and preservation of affordable housing for very-low to moderate income households"

12) Year Established, Organization History and Growth (brief overall history and key events that speak to your organization's strengths and qualifications, especially as they pertain to the proposed services; include negative events or challenges you have overcome if you think doing so will strengthen your case):

Year Established

The Delray Beach Community Land Trust, Inc. (DBCLT) was incorporated on January 17, 2006, under the laws of the State of Florida. Its sole purpose is to own land and provide affordable housing opportunities for very low- to moderate-income households within the Delray Beach CRA target area and city limits.

#### History

DBCLT operates as an independent 501(c)(3) nonprofit organization. By design and intent, the organization is committed to preserving housing affordability for generations to come. Lasting affordability is achieved through legal restrictions on land or property that guarantee affordable rents and home prices for low- to moderate-income households for at least 99 years.

The community land trust

(CLT) model is central to this mission, but DBCLT also draws on complementary approaches such as inclusionary housing policies and deed-restricted housing programs. Together, these tools ensure that affordable housing remains accessible in perpetuity, strengthening neighborhoods and stabilizing communities.

#### Growth

Since inception, DBCLT's growth has been made possible through the financial support of the Delray Beach CRA and the in-kind support of the City of Delray Beach. The organization's mission and goals are closely aligned with the CRA's affordable housing objectives, as reflected in the CRA Community Redevelopment Plan and the City's Comprehensive Plan. This strong partnership has been recognized nationally; at the Grounded Solutions Network Annual Conference in Washington, D.C., on May 9, 2022, DBCLT was highlighted as a "Champion of Affordable Housing."

#### To best serve its target

population, DBCLT has remained a resilient and proactive organization, addressing complex challenges during difficult times while continuing to provide effective, efficient, and sustainable services. With guidance from a dedicated Board of Directors and a staff team of three, DBCLT strives for excellence, setting high standards in client services, program quality, professionalism, and organizational transparency.

### Mission in Action

DBCLT advances affordable housing in ways that strengthen both families and the broader community:

#### 1.

#### Minimizing

the number of cost-burdened households and supporting families in securing safe, suitable housing.

#### 2.

#### Developing

a diverse stock of affordably priced homes, varied in size and design.

#### 3.

#### Creating

clear pathways from renting to sustainable homeownership.

#### 4.

#### Expanding

both rental and ownership opportunities to promote economic growth within the city.

#### 5.

#### Enhancing

organizational infrastructure and capacity to ensure long-term sustainability.

6.

Providing and securing ongoing support services for DBCLT homeowners and renters.

### Impact & Recognition

Over the past nineteen years, DBCLT has steadily grown in both capacity and reputation, earning recognition at the state and national levels for its leadership in developing and sustaining permanently affordable housing. The organization plays a critical role in supporting the local workforce and lower-wage earners, individuals who provide the essential services that strengthen neighborhoods and drive the city's economic vitality.

#### Current Portfolio

DBCLT's portfolio now includes 108 properties, reflecting steady growth and impact:

97
owner-occupied units

.
1
single-family homes in permitting
.

2 duplexes (2 rental units)

single-family home rentals

3 vacant lots designated for future single-family home development

4 new single-family units coming soon

### 13) Policy on Board Contributions (formal or informal policy on Board member contributions; attach policy if applicable):

#### At the Delray Beach

Community Land Trust (DBCLT), we value the dedication of individuals who devote their time, expertise, and energy to advancing our mission. Our board members contribute a wide range of non-monetary attributes—such as professional skills, community connections, and leadership—that are essential to the growth and sustainability of the organization.

#### To be an effective and

valued board member requires integrity, a strong commitment to DBCLT's mission, the gift of time, and a willingness to use both personal and professional resources to support the organization. Board members are expected to actively engage in governance, provide guidance, and contribute their knowledge and skills to strengthen DBCLT's programs and services.

#### While financial giving

is one way to demonstrate commitment, DBCLT places higher value on consistent engagement and active participation. In recognition of this, we require each board member to become a **Lifetime** 

#### **Member** with

a one-time contribution of \$100. Beyond this, board members are encouraged—but not mandated—to give financially according to their capacity, with the understanding that their service, expertise, and advocacy are the most important contributions they can make.

## 22) Project/Program Description (if previously funded for the same project or program, also include BRIEF summary of key accomplishments):

#### The DBCRA funds are

being requested to sustain and expand the Delray Beach Community Land Trust's (DBCLT) affordable housing program services within the target area. Our program serves as an extension of both DBCRA and the City of Delray Beach housing initiatives, working to eliminate deteriorating neighborhoods, prevent displacement, and reduce conditions that foster hopelessness, homelessness, and loss of community pride.

#### The DBCLT affordable

housing program specifically addresses the needs of very low- to moderate-income households. Our work goes beyond providing "bricks and mortar." We strive to create and preserve housing that fosters identity, belonging, shared circumstances, and common purpose among residents. The Community Land Trust (CLT) model we employ is increasingly recognized across the country as an effective strategy both to preserve long-term housing affordability and to prevent the displacement of lower-income households.

#### We believe that "place"

matters. Thriving communities are built not only on adequate housing but also on access to infrastructure, services, and opportunities that improve quality of life. DBCLT's work ensures that residents can remain rooted in neighborhoods where they have social ties, support networks, and opportunities to grow.

#### The need for this work

is underscored by a growing body of research documenting the persistent inequities in housing opportunities for underserved populations. Numerous studies reveal a lack of social mobility in the United States, a widening achievement gap, and systemic differences in opportunity structures between White households and African American/Black, Latino, and Native American households. These disparities reinforce the importance of targeted affordable housing interventions such as DBCLT's, which directly address inequities while fostering community stability and resilience.

#### In partnership with

DBCRA, we remain committed to ensuring that Delray Beach is a place where every

resident—regardless of income—has access to safe, stable, and affordable	
housing, and the opportunity to thrive.	

**Key Projects:** 

#### **Atlantic**

#### Park Square Project:

#### The

Atlantic Park Square Project began with the development of three (3) single-family homes on lots conveyed by the City of Delray Beach. The second phase added seventeen (17) single-family homes on lots provided by the DBCRA and was later expanded to include an additional five (5) units. With this expansion, the project now features twenty-five (25) three- and four-bedroom single-family homes designed in the "Floribbean Village" architectural style, characterized by traditional neighborhood elements such as rear- and side-loaded garages and inviting porches.

#### Developed in partnership

with the Delray Beach CRA and the City of Delray Beach, the project is located just two blocks from Atlantic Avenue along SW 14th Avenue. Beyond the homes themselves, the project includes streetscape beautification and alleyway improvements, earning recognition for the DBCRA, City of Delray Beach, and Delray Beach CLT from residents, community organizations, the Florida Housing Coalition, Grounded Solutions Network, and other housing industry partners.

### 36) Potential Challenges and Strategies to Address Them

In South Florida, both

renters and homeowners face significant cost burdens, and opportunities for homeownership among very low- and low-income households continue to decline. These challenges can hinder the growth and effectiveness of affordable housing programs. Through recent strategic planning sessions, DBCLT has identified the following key challenges:

Major Challenges:	
Slowing acquisition of land and existing structures due to rising housing marke and purchase costs	t values
Limited availability of vacant land to expand homeownership program services	;
High land costs	
. Escalating costs of new construction and supply-demand pressures	
Limited purchase assistance for households earning 50–140% of Area Median	Income (AMI)
Navigating zoning and land development regulations	

#### Acquire

buildable vacant land and/or existing units to create future affordable housing opportunities

#### Develop

multi-family rental units to expand housing options and generate a sustainable revenue stream

#### Diversify

housing stock and purchase options, including 40-year deed-restricted homes with ownership of land and improvements

#### Increase

the number of rental units owned and/or managed by DBCLT

#### **Expand**

lease-purchase programs to support pathways to homeownership

#### Explore

alternative strategies beyond new construction to provide affordable housing units, including rehabilitation and adaptive reuse

#### Through these

strategies, DBCLT aims to ensure a sustainable, resilient supply of affordable housing that meets the needs of very low- to moderate-income households, while strengthening neighborhoods and supporting long-term community development.
