This document is not approved as to form and legal sufficiency for the following reason(s):

Notes:

A portion of City right-of-way, with City utilities located within it, bisects the property located at 2001 S Federal Highway. Sometime in the past, the City approved a site plan amendment permitting a portion of a building to be constructed on top of the right-of-way and utilities. The property owner, as part of a separate application, was required to execute a hold harmless for these improvements in the right-of-way.
