Re: Contract Number FSA19-VEH17.0 Heavy Trucks and Equipment

We are pleased to announce that the Florida Sheriffs Association has successfully completed its 17th cooperative competitive bid for heavy trucks and equipment. This contract is in effect beginning October 1, 2019 through September 30, 2020.

This year's bid includes 270 specifications for a variety of heavy trucks and equipment. Major new equipment additions include mobile signs and vehicle lifts. In addition, it should be noted that there were also 229 heavy trucks and equipment specifications rolled over through contract extensions from last year's contract FSA18-VEH16.0 which shall be in effect from October 1, 2019 through September 30, 2020 that are identified on the FSA website at <https://www.flsheriffs.org/law-enforcement-programs/cooperative-purchasing-program>.

The competitive process for the award for FSA19-VEH17.0 Heavy Trucks and Equipment began in February 2019, when stakeholders were surveyed regarding procurement needs. Specifications were developed based on prior year activity and new additions were added based on survey results and the Fleet Advisory Committee's review of products.

On May 18, 2019, a direct notification was sent to 490 prospective bidders to register for qualification to participate in the bid process. An advertisement of the Invitation to Bid was placed within the Florida Administrative Weekly on May 13, 2019 and again on May 27, 2019. From this ITB, 101 bidders responded to the pre-bid meeting registration. Of these respondents, 93 submitted bids and 67 qualified, responsive bidders were awarded after a review by the FSA and the FSA Fleet Advisory Committee.

The Florida Sheriffs Association Cooperative Purchasing Program has followed the Contract Terms and Conditions to procure this contract.

Contract prices are extended and guaranteed to any local government or political subdivision of the state, public educational institutions, other public agencies or authorities with the State of Florida, and entities approved by the manufacturer to participate in this contract.

Out of state sales are permitted under this contract. All purchasers are bound by their local governing purchasing ordinances, rules and regulations. All awarded vendors are governed by their manufacturer agreements and the Contract Terms and Conditions.
