Project #: 220714
Traffic Performance Standards (TPS) Review

Dear Dr. Ortega:

The Palm Beach County Traffic Division has reviewed the above referenced project Traffic Impact Statement, revised August 4, 2022, pursuant to the Traffic Performance Standards in Article 12 of the Palm Beach County Unified Land Development Code (ULDC). The project is summarized as follows:

Municipality:	Delray Beach
Location:	SWC of Atlantic Ave and Military Trail
PCN:	12-42-46-14-24-001-0000/-002-0000
Access:	As existing (one right-in/right-out and one right-in/left-in/right-out access driveway connections onto Military Trail, and; two right-in/right-out access driveway connections onto Atlantic Ave) <u>(As used in the study and is NOT necessarily an approval by the County through this TPS letter)</u>
Existing/Vested Uses:	General Commercial = 68,413 SF Fast Food Restaurant + DT = 4,980 SF
Proposed Uses:	Additional: Drive-In Bank = 1,820 SF
New Daily Trips:	75
New Peak Hour Trips:	7 (4/3) AM; 16 (8/8) PM
Build-out:	December 31, 2026

Based on our review, the Traffic Division has determined the proposed development generates less than 20 peak hour trips; therefore, the project **meets** the TPS of Palm Beach County.

Please note the receipt of a TPS approval letter does not constitute the review and issuance of a Palm Beach County Right-of-Way (R/W) Construction Permit nor does it eliminate any requirements that may be deemed as site related. For work within Palm Beach County R/W, a detailed review of the project will be provided upon submittal for a R/W permit application. The project is required to comply with all Palm Beach County standards and may include R/W dedication.

No building permits are to be issued by the City after the build-out date specified above. The County traffic concurrency approval is subject to the Project Aggregation Rules set forth in the Traffic Performance Standards Ordinance.
