BOARD ACTION REPORT – APPEALABLE ITEM

Project Name: Delray Square
Project Location: 4979 W. Atlantic Avenue
Request: Approval of a Class I Site Plan modification
Board: Site Plan Review and Appearance Board
Meeting Date: April 25, 2018

Board Action:

Approved (6-0, Fred Kaub absent) a Class I Site Plan Modification associated with minor façade changes to building elevations located on Building “D” at Delray Square located at 4979 W. Atlantic Avenue.

Project Description:

The subject property is located within the PC Zoning District, within the Four Corners Overlay District on the north side of Military Trail and Atlantic Avenue. On September 13, 2017 a Class IV Site Plan modification was approved by the Site Plan Review and Appearance Board (SPRAB) for a site plan modification, landscape plan and architectural elevations.

The development proposal includes exterior façade changes, additional windows and the addition of awnings.

West: PC

ITEM BEFORE THE BOARD

The item before the Board is the approval of a Class I Site Plan Modification associated with minor changes to building elevations located on Building “D” at Delray Square located at **4979 W. Atlantic Avenue**, pursuant to LDR Section 2.4.5(F).

BACKGROUND/PROPOSAL

The subject property is located within the PC Zoning District, within the Four Corners Overlay District on the north side of Military Trail and Atlantic Avenue. On September 13, 2017 a Class IV Site Plan modification was approved by the Site Plan Review and Appearance Board (SPRAB) for a site plan modification, landscape plan and architectural elevations.

The development proposal includes the following:

- Exterior façade changes
- Additional windows
- Addition of awnings

ARCHITECTURAL ELEVATION ANALYSIS

LDR Section 4.6.18(E) Criteria for Board Action: The following criteria shall be considered, by the Site Plan Review and Appearance Board (SPRAB) in the review of plans for building permits. If the following criteria are not met, the application shall be disapproved:

- (1) The plan or the proposed structure is in conformity with good taste, good design, and in general contributes to the image of the City as a place of beauty, spaciousness, harmony, taste, fitness, broad vistas, and high quality.
- (2) The proposed structure, or project, is in its exterior design and appearance of quality such as not to cause the nature of the local environment or evolving environment to materially depreciate in appearance and value.
- (3) The proposed structure, or project, is in harmony with the proposed developments in the general area, with the Comprehensive Plan, and with the supplemental criteria which may be set forth for the Board from time to time.

The applicant is proposing changes to all of the elevations to Building “D” of Delray Square. The removal of standing seam metal copperclad façade and replacing it with a white metal eifs and cultured stone in a country ledgestone in a caramel color and the addition of bronzed anodized windows is proposed on the east, west, and south elevation. On the east façade, charcoal awnings are being introduced that will cantilever 3’2”. In addition, the south façade is introducing forest green awnings that will also cantilever 3’2”. A new parapet is being introduced on the south façade. The stucco will be painted a light and medium beige.

The proposed elevation change is in harmony with the rest of the shopping plaza and will be an asset to Delray Square. The changes are interior to the property and will not materially depreciate or adversely affect the neighboring areas. Based upon the above positive findings can be made with respect to LDR Section 4.6.18 (E).

ALTERNATIVE ACTIONS

- A. Continue with direction.
- B. Move approval of the request for a Class I site plan modification for elevation changes for **Building “D” 4979 W. Atlantic Avenue, Delray Square** by adopting the findings of fact and law contained in the staff report, and finding that the request is consistent with the Comprehensive Plan and meets criteria set forth in Section 4.6.18(E) of the Land Development Regulations.
- C. Move denial of the request for a Class I site plan modification, for elevation changes for **Building “D” 4979 W. Atlantic Avenue, Delray Square** by adopting the findings of fact and law contained in the staff report, and finding that the request is inconsistent with the Comprehensive Plan and does not meet criteria set forth in Section 4.6.18(E) of the Land Development Regulations.

RECOMMENDATION

Move approval of the request for a Class I site plan modification for elevation changes for **Building “D” 4979 W. Atlantic Avenue, Delray Square** by adopting the findings of fact and law contained in the staff report, and finding that the request is consistent with the Comprehensive Plan and meets criteria set forth in Section 4.6.18(E) of the Land Development Regulations.
