RE: Sole Source

Dear Sir or Ma'am,

Thank you for your business and trust in Meggitt Training Systems, Inc. and our services for your live fire training needs. The target system you have in your range has been developed and modified over the years by Caswell/Meggitt. All the modifications and upgrades have been made with the existing systems in mind. Therefore Meggitt Training Systems, Inc is the sole source for any repair or maintenance to any of the equipment. Caswell/Meggitt was the original supplier of the equipment in the range and we are the only source for repair to minimize expenditure while bringing the system in the range up to current standards. Any other source considered would add unwarranted costs to the customer due to different equipment and operational compatibilities.

Meggitt Training Systems, Inc. has been the sole source supplier to hundreds of agencies including the United States Government, large municipalities and the smallest villages. Meggitt Training Systems, Inc. is the world leader in firearms training equipment and has complete sales, service, installation, and engineering staffs to make certain that each project is properly handled. Meggitt Training Systems, Inc. has nearly 90 years of experience in designing and manufacturing all types of firearms training equipment and has successfully fabricated and installed literally thousands of shooting ranges world-wide, consisting of military, law-enforcement, commercial, and private ranges. Our emphasis on safety is always, and will remain, foremost. After reviewing this information, should you have any questions or be in need of any additional assistance, please do not hesitate to contact me. We at Meggitt Training Systems, Inc. appreciate your interest in our products and look forward to working with you on this project.

Sincerely,

Tim Holley

Installation and Field Service Manager
