

JUNE 2020

Arts WAREHOUSE

Programs | Events

Programming has moved online! Arts Warehouse has created videos to share via social media, and newsletters. Three new videos will be released in June.

Previous video subjects include [DIY Projects to complete at home](#), [SEE & DO Tour video with art project](#), [studio visits with resident artists](#), and [Exhibition gallery tours](#). Arts Warehouse will continue to move as much outreach to video as possible moving forward, with the goal to engage the community. These videos are also providing exposure for the artists that are featured. New videos in development and to be posted weekly. Arts Warehouse continues to promote and engage via social media.

[Newsletter sent on June 5th](#) - Focused on Resident Studio Artists and released the First Friday Art Walk Tour Video

Virtual Exhibitions

[Resident Artist Virtual Gallery](#) is still live, with new artworks added at the beginning of June. The virtual gallery will continue promotion and support of the Resident Studio Artists.

The interactive gallery page acts as a hub, showcasing all of the Resident Artists in one location, and their new and available works for sale. No commission will be taken by Arts Warehouse for sales made through the Resident Gallery at this time, therefore all sales go to the artist.

VISUAL VOICES featuring Ruben Ubiera and Golden
Entire exhibition is currently on the [Arts Warehouse website](#) for remote viewing.
