Section 14. Construction Bond for Utilities and Roads. Construction arising directly out of on-site or off-site City utility relocation or the installation of public access roads shall require the Developer to provide, prior to commencement, 110% financial guarantee. The amount of the financial guarantee shall be calculated in accordance with Section 2.4.10 of the City's LDRs as estimated in the "Engineer's Opinion of Cost" and as approved by the City Engineer. The Developer and the City agree that the failure of this Agreement to address a particular permit, condition, fee, term, license, or restriction in effect on the Effective Date shall not relieve the Developer of the necessity of complying with the regulation governing said permitting requirements, conditions, fees, terms, licenses, or restrictions.

Section 18. Reservation of Development Rights.

- (a) For the Term of this Agreement, the City hereby agrees that it shall permit the development of the Property in accordance with the Existing Zoning, Land Use or LDRs and this Agreement, so long as the Project is constructed in substantial conformity with the Site Plan in material respects and as attached hereto as **Exhibit "C"**, and where there is no change in the spatial relations of the buildings on the approved Site Plan relative to the foot print of the buildings.
- (b) The execution of this Agreement shall not be considered a waiver of, or limitation upon, the rights of the Developer, or its successors or assigns, which may vest pursuant to common law.

The City's failure to send such a notice will not be considered defective notice on the part of the City.

Section 21. Requests to Amend Approvals. Nothing herein shall be deemed to prohibit the Developer from requesting either existing or subsequently enacted laws, rules or regulations to be applied to the Project ("Amended Approvals"), upon proper application by the Developer to the City and subject to the laws, rules, and procedures governing the requested Amended Approvals at the time of the application. Any requested amendment to the Site Plan which is subject to conditions, terms, restrictions, or other requirements determined to be necessary by the City Commission for the public health, safety or welfare of its citizens or which otherwise adds to the Developer's obligations as stated in this Agreement, shall be deemed an "amendment" of this Agreement and would require compliance with the public notice and hearing procedure set forth in Section 163.3225, Fla. Each party waives any defense, whether asserted by motion or pleading, that the aforementioned courts are an improper or inconvenient venue.

Section 23. No Oral Change or Termination. This Agreement and the exhibits and appendices appended hereto and incorporated herein by reference, if any, constitute the entire Agreement between the parties with respect to the subject matter hereof. This Agreement supersedes any prior agreements or understandings between the parties with respect to the subject matter hereof, and no change, modification or discharge hereof in whole or in part shall be effective unless such change, modification or discharge is in writing and signed by the party against whom enforcement of the change, modification or discharge is sought. This Agreement cannot be changed or terminated orally.

Section 24. Compliance with Applicable Law and Subsequently Adopted Laws. - (a) Developer shall be in default under this Agreement if any of the following events occur and continue beyond the applicable grace period: Developer fails to perform or breaches any term, covenant, or condition of this Agreement which is not cured within thirty (30) days after receipt of written notice from the City specifying the nature of such breach; provided, however, that if such breach cannot reasonably be cured within thirty (30) days, then Developer shall not be in default if it commences to cure such breach within said thirty (30) day period and diligently prosecutes such cure to completion, with completion to occur no later than 360 days after receipt of such notice. Notwithstanding the foregoing, and in accordance with Section 163.3235, Fla. Stat., if the City finds that there has been a failure to comply with the terms of this Agreement, this Agreement may be revoked or modified by the City. In order to revoke or modify the Agreement based upon Section 19 of this Agreement, the City's findings must be based upon substantial competent evidence.
- (b) Upon the occurrence of a default by a party to this Agreement not cured within the applicable cure period, the Developer and the City agree that any party may seek specific performance of this Agreement, and that seeking specific performance shall not waive any right of such party to also seek monetary damages or any other relief other than termination of this Agreement.

Section 31. Severability. If any term or provision of this Agreement or the application thereof to any person or circumstance shall, to any extent, hereafter be determined to be invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected thereby and shall continue in full force and effect.

Section 32. Assignment and Transfer of Development Rights.

4.8 All of the representations, warranties, and covenants of SELLER contained in this Agreement or in any other document delivered to PURCHASER in connection with the transaction contemplated herein shall be true and correct in all material respects and not in default at the time of Closing, just as though they were made on the Closing Date.

5. EVIDENCE OF TITLE

5.1 Title to the Property. SELLER shall convey the Property, including all easements and restrictions of record with the exception of the encroachment(s), if any, to PURCHASER at Closing by delivery of the Deed. PURCHASER shall, during the Inspection Period, secure a title insurance commitment issued by a title insurance underwriter insuring PURCHASER's title to the Property. The costs and expenses relative to the issuance of a title commitment and an owner's title policy shall be borne by the PURCHASER.

PURCHASER shall have ten (10) days from the date of receiving the title commitment to examine said commitment. If PURCHASER objects to any exception to title as

shown in the title commitment, PURCHASER shall, within ten (10) days of receipt of said commitment, notify SELLER in writing specifying the specific exception(s) to which it objects. Any objection(s) of which PURCHASER has so notified SELLER, shall be cured by SELLER so as to enable the removal of said objection(s) from the title commitment within two hundred seventy (270) days after PURCHASER has provided notice to SELLER. Within twenty (20) days after the expiration of SELLER'S time to cure any objection, SELLER shall send to PURCHASER a notice in writing (the "Cure Notice") stating either (i) that the objection has been cured and, in such case, enclosing evidence of such cure, or (ii) that SELLER is unable to cure such objection despite the good faith efforts of the SELLER to effectuate the cure. If SELLER is unable to cure all objections within the time period set forth in the preceding sentence despite the good faith efforts of the SELLER, then PURCHASER may (a) terminate this Agreement by written notice to the SELLER within thirty (30) days after receipt of a Cure Notice specifying an uncured objection, in which event all instruments and monies held by the Escrow Agent, together with interest thereon, shall be immediately returned to PURCHASER; or (b) subject to the provisions set forth below, proceed to close the transaction contemplated herein despite the uncured objection. The Property does not contain the alleys located within the Property. PURCHASER agrees and acknowledges that title to the Block 13 alley is subject to the City filing a lawsuit to Quiet Title to the Block 13 alley. The SELLER shall have no obligation to cure any title objections the PURCHASER may have relative to the alleys. Upon the conclusion of any lawsuit brought by the City to "quiet title" to the Block 13 alley, the SELLER shall convey to the PURCHASER a portion of the Block 13 alleyway that was conveyed to it from the City which was the subject of the quiet title action. The portion of the Block 13 alleyway to be conveyed to the SELLER is more particularly identified on Exhibit B attached hereto and incorporated herein. PURCHASER agrees to accept the Block 13 alley from the SELLER subject to any encumbrances recorded against the Property and subject to the Final Judgment of Quiet Title. In the event the City has not obtained a final judgment in the Quiet Title action brought relative to the Block 13 alley prior to the Approval Date, the CRA will consider an extension to the Approval Date.

5.2 Survey and Legal Description. During the Inspection Period, PURCHASER shall order: (i) a current survey ("current" is defined to be certified within ninety (90) days of the Effective Date), prepared by a registered land surveyor or engineer licensed in the State of Florida showing the boundaries of the Property, and the location of any easements and other matters as reflected on Schedule B II of the title commitment thereon and certifying the number of acres (to the nearest one thousandth acre) of land contained in the Property, all buildings, improvements and encroachments; and (ii) a correct legal description of the Property which, upon approval thereof by PURCHASER and SELLER (not to be unreasonably withheld, conditioned or delayed), shall be the legal description used in the Deed. The survey shall be certified to SELLER, PURCHASER and the title insurance company issuing the title insurance.

In the event the survey shows any material encroachments, strips, gores, or any portion of the land non-contiguous to any other portion of the Property or any other matter materially affecting the intended use of the Property or marketability of title to the Property (any such matter is herein called a "Survey Objection" and treated as a title defect), PURCHASER shall have a period of ten (10) days after receipt of the survey by PURCHASER within which to approve or disapprove any survey objection and to give notice to SELLER of any disapproval thereof indicating in reasonable detail the nature and reasons for PURCHASER's objection. In the event PURCHASER provides a notice of disapproval of a survey objection to SELLER, the rights and obligations of the parties respecting such objections shall be governed by Section 5.1 hereof such that the parties shall have the same rights and objections as though such survey objection

objected to was a new exception to title which was discovered and objected to within the contemplation of Section 5.1. The area described as alleyways shall not be subject to a title objection survey objection.

6. RISK OF LOSS.

- a) Risk of loss or damage from fire, other casualty, or both, is assumed by SELLER until the Deed is delivered by SELLER to PURCHASER. In the event any portion of the Property is destroyed by fire or other casualty then the PURCHASER shall proceed to close the transaction contemplated herein. In the event the damage results in increased costs to PURCHASER relating to demolition costs, Hazardous Material abatement costs, or both, as determined during the Inspection Period, the insurance proceeds, if any, equal to the amount of said increase in costs shall be paid to the PURCHASER.

7. TRANSFER OF TITLE SUBJECT TO.

Except as otherwise set forth, the Property shall be conveyed subject only to water lines, sanitary sewer, drainage, gas distribution, electrical and telephone easements of record.

It shall be the sole and exclusive responsibility of the PURCHASER to relocate any utilities and any such relocation costs and expenses shall be borne by the PURCHASER. PURCHASER shall, in the event of any relocation of the utilities, provide to the City or the appropriate service provider, easements for the relocated utilities. Adjustments shall be based upon the maximum discount available.

8. ADJUSTMENTS AT CLOSING.

The following are to be apportioned pro-rata to the Closing Date:

All utilities, security deposits, rental payments, electric, non-delinquent taxes and assessments (real property and personal property), and water and sewer charges.

9. CLOSING DATE AND PLACE.

The Closing shall occur no later than that date which is thirty (30) calendar days from and after the Permit Date and the Closing shall be held in the offices of the SELLER'S attorney.

10. TERMINATION.

In the event the closing does not occur solely because of PURCHASER'S failure to close on or before thirty (30) calendar days from and after the Permit Date but in any event no later than the Termination Date as defined herein, the SELLER shall have the right to terminate this Agreement and return the Earnest Money plus interest earned to the PURCHASER, and each shall be released from any and all liability to one another.

11. DEFAULT BY PURCHASER.

The PURCHASER shall be deemed to be in default hereunder only upon the occurrence of any of the following events, to-wit:

(a) In the event that PURCHASER fails to file with the City, or any other governmental entity that an approval is required on or before the Application Date, an application for all necessary government approvals with the necessary documentation required by the governmental entities and an application for conditional use approval necessary for the development and construction of the Project;

(b) In the event the PURCHASER fails to obtain all necessary approvals on or before the Approval Date (because of PURCHASER's actions or inactions).

(c) In the event that the PURCHASER fails to close the transaction on or before the Termination Date and such failure to close is not otherwise attributable to a default by SELLER;

(d) Failure to provide a financial commitment letter as required by Section 19.1 (a) herein.

(e) Failure to provide the Letter of Credit or Performance Bond as required by 19.21 (b) herein.

If PURCHASER defaults in the performance of any of the performances to which reference is made in the immediately preceding subsections (a) through (e), both inclusive, and PURCHASER fails to remedy such default within thirty (30) days after written notice by SELLER to PURCHASER of such default(s) (the "Default Notice"), SELLER shall have, as its sole and exclusive remedies for such default the option to: (a) demand the payment of the Deposit, if any, and all interest earned thereon as agreed upon liquidated damages, and upon the receipt thereof, this Agreement shall become null and void, and neither party shall have any claims of whatsoever kind, type, nature or description against the other party, or (b) pursue an action against the PURCHASER for specific performance of this Agreement.

12. DEFAULT BY SELLER.

If the SELLER shall fail or refuse to consummate the transaction in accordance with the terms and provisions of this Agreement, PURCHASER shall have, as its sole and exclusive remedy for such default, the option to: demand the payment of the Earnest Money and all interest earned thereon, and upon the receipt thereof, this Agreement shall become null and void, and neither party shall have any claims of whatsoever kind, type, nature or description against the other party.

13. BROKER.

a) SELLER represents that it has not listed the Property for sale or otherwise entered into any agreement for the payment of a real estate brokerage commission regarding the sale of the Property with any broker or any other person entitled to be paid a brokerage commission in accordance with Florida law.

b) PURCHASER represents that it has not employed, or otherwise used, any broker or any other person entitled to be paid a brokerage commission in accordance with Florida law in conjunction with Purchaser's interest in purchasing the Property.

14. CLOSING COSTS.

Upon Closing, PURCHASER shall be responsible for the costs and expenses related to the recording of the Deed. SELLER shall pay for documentary stamps affixed to the Deed. PURCHASER, at its own expense, may conduct and obtain an Environmental Site Assessment

Phase I and Phase II (if so mandated by the Phase I) of the Property. All costs and expenses related to the development of the Property shall be borne by PURCHASER.

15. PURCHASER'S WARRANTIES.

PURCHASER hereby acknowledges and warrants to the best of its knowledge that all of the following are true and correct as of Closing:

(a) PURCHASER has full power and authority to enter into this Agreement and to assume and perform all of its obligations hereunder.

(b) The execution and delivery of this Agreement and the performance by PURCHASER of the obligations hereunder have been duly authorized by the PURCHASER as may be required, and no further action or approval is required in order to constitute this Agreement as a binding obligation of the PURCHASER.

(c) The execution and delivery of this Agreement and the consummation of the transaction contemplated hereunder on the part of the PURCHASER do not and will not violate the organizational documents of PURCHASER and do not and will not conflict with or result in the breach of any condition or provision, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the terms of any contract, mortgage, lien, lease, agreement, indenture, instrument or judgment to which PURCHASER is a party.

All of the representations, warranties and covenants of PURCHASER contained in this Agreement shall be true and correct in all material respects and not in default at the time of Closing, just as though they were made on the Closing Date.

PURCHASER shall indemnify, hold harmless and defend SELLER against all claims, demands, losses, liabilities, costs and expenses, including attorney's fees, imposed upon or accruing against SELLER as a result of the representations contained in this Section 14 not being true and correct in all material respects.

16. RIGHT TO REPURCHASE.

SELLER expressly reserves the right at its sole option and election to repurchase the Property for the same Purchase Price as paid by PURCHASER to SELLER hereunder. It is expressly agreed to by PURCHASER and SELLER that the funds to be paid by SELLER in the event it elects to repurchase the property as provided for herein, shall not exceed the sum total of any funds actually tendered by PURCHASER to SELLER at closing. The "repurchase price" shall not include the funds due under the Promissory Note executed at closing by PURCHASER in favor of the SELLER. The SELLER may elect to repurchase the Property in the event the PURCHASER:

a) fails to commence construction of the Project, as certified by PURCHASER's architect, within sixty (60) days next following the later to occur of the Closing, or the Permit Date, subject however, to extensions for delays attributable to Force Majeure, as approved by the CRA Board of Commissioners.

b) fails to commence the installation of the concrete foundation for at least one of the structures to be constructed within the Project within one hundred eighty (180) days next following the later to occur of (i) the commencement of construction to which reference is made in subsection (a) above, and (ii) the issuance of the building permit(s) requisite to performing foundation work.

The term "commence construction" means the initiation by PURCHASER of site preparation work for the Project which shall, for purposes of this Section 16, include excavation, fencing of the site, installation of the construction trailer, clearing and any required relocation of utilities at the site.

The SELLER's right to repurchase and its terms and conditions herein shall be incorporated in a Memorandum of Agreement and the Deed executed by the parties prior to Closing and shall survive the Closing. SELLER shall record a termination of the right to repurchase within ten (10) days of PURCHASER satisfying the conditions set forth above in 16 (a) and 16 (b). In the event SELLER elects to repurchase the Property as provided herein and PURCHASER tenders a Special Warranty Deed to SELLER conveying the Property, SELLER shall return to PURCHASER the Letter of Credit and release the PURCHASER from its obligation from the Note and Purchase Money Mortgage referred to in Section 2.2 referenced herein.

Notwithstanding the foregoing provisions, the commencement dates provided above and all other times for the commencement or completion of all performances required herein by the PURCHASER shall be extended on a day for day basis for delays occasioned by acts of God; catastrophe; pandemic or other health related occurrence; terrorism; once construction begins - inclement weather which is in excess of those days normally forecasted by the National Weather Service for the given month in South Florida, which interfere with construction; unforeseen physical conditions on the site, unavailability or shortages of material or labor, labor disputes unavailability of water, gas, utilities sewerage and/or telephone or the site is rendered unsafe for health and safety purposes not otherwise caused by PURCHASER; withholding of governmental approvals or restrictions not due to the fault or negligence of the PURCHASER, or the imposition of restrictions by a governmental body that materially changes the design or scope of the project to an extent that renders the project so difficult to construct as to make it commercially unreasonable; appeals of governmental approvals, claims or lawsuits by any third party (whether individual or otherwise) threatened or instituted to prevent the issuance of any approvals or permits, the commencement of construction or otherwise stop construction of the development after commencement; or similar events not reasonably foreseeable and beyond the reasonable control of PURCHASER (collectively "Force Majeure"). By the tenth (10) business day of each of month, PURCHASER shall deliver or cause to be delivered to SELLER a list of the days during each proceeding month as to which PURCHASER believes the Force Majeure provisions apply and the reasons therefor. SELLER shall, within ten (10) business days after receipt of any such list, provide notice to PURCHASER as to whether SELLER disputes that any of the days set forth on that list would give rise to an extension of time for PURCHASER's performance based on Force Majeure. Any days claimed to be subject to the foregoing Force Majeure provision by PURCHASER which are not so disputed by SELLER within said time period shall be deemed approved by SELLER. In the event of a dispute between SELLER and PURCHASER as to whether there has been a commencement of construction as provided in this Section or whether a claim for delay is valid or otherwise in connection with this Agreement and the transactions contemplated thereby shall be resolved and settled by mediation using a mutually acceptable third-party mediator. Such mediator shall be appointed upon the written demand of either party. Upon such appointment, the mediation shall be held within fifteen (15) days at a mutually agreeable site in Palm Beach County, Florida. The fees and expenses of such mediator shall be born equally by the parties hereto. In the event of the failure of the parties to settle the dispute by mediation, either party may bring the dispute for legal redress before the Circuit Court in and for Palm Beach County, Florida.

This Section 16 shall survive Closing. Notwithstanding the foregoing, any repurchase rights granted herein shall be subject to and subordinate to any acquisition, development and/or construction loan and mortgage on the Property.

17. ENFORCEABILITY.

If any term, covenant or condition of this Agreement, or the application thereof to any person or circumstance, shall be determined to be unenforceable by a court of competent jurisdiction (the "Offending Provision"), then the remainder of this Agreement, or the application of such term, covenant or condition to persons, entities or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby and each term, covenant and condition of this Agreement shall be valid and enforced to the fullest extent permitted by law; provided however, that the parties affected by the Offending Provision shall endeavor in good faith, within sixty (60) days after the date such determination is made, to agree upon alternative provisions which shall have the same practical effect as the Offending Provision and upon any agreement being reached, the new provision shall be incorporated into and form a part of this Agreement.

18. NO MERGER.

All warranties, representations, covenants, terms and conditions herein contained shall survive the delivery and recording of the Deed for a period of nine (9) months.

19. CONDITIONS PRECEDENT TO CLOSING AND CONTINGENCIES.

19.1 Conditions Precedent to Closing: SELLER's obligation to close the subject transaction is contingent upon the satisfaction of the following conditions:

(a) Financial Commitment. PURCHASER shall provide, no later than sixty (60) days prior to Closing, documentation certifying to SELLER, PURCHASER's receipt of a financial commitment letter from a United States financial lending institution ("Financial Commitment") for the lending of funds in an amount not less than seventy percent (70%) of estimated acquisition, development and construction costs required to complete the Project; the Financial Commitment shall be utilized to acquire the Property and to construct and develop the Project, as generally described in PURCHASER's response to the RFP issued by the SELLER, which response was accepted by the SELLER, and as otherwise specified in this Agreement, unless, however, a lesser amount of financing is determined by PURCHASER in PURCHASER's sole and absolute discretion to be satisfactory upon terms acceptable to PURCHASER. PURCHASER shall deliver to SELLER those pertinent provisions of the Financial Commitment evidencing PURCHASER's acknowledgment and the financial institution's agreement to finance the Project in accordance with the Financial Commitment.

(b) PURCHASER's delivery to SELLER, ten (10) days prior to Closing, of a letter of credit issued by a financial institution reasonably satisfactory to SELLER or a performance bond. The letter of credit, if used, must be in a form and amount reasonably satisfactory to SELLER or if a performance bond, such performance bond must be in a form reasonably acceptable to SELLER. The letter of credit or performance bond shall serve to guarantee completion of construction of the Project in accordance with the approved Site Plan and this Agreement. The letter of credit, if used, shall be specifically callable by SELLER in the event of the PURCHASER's failure to construct the Project in accordance with the provisions of this

Agreement and the Site Plan approved by the City. The letter of credit shall be in an amount equal to one hundred ten (110%) percent of the budgeted costs for the construction of the Project or in the case of a Performance Bond, one hundred (100%) percent of the budgeted costs for the construction of the Project (excluding FF&E), in accordance with the Site Plan, design plan, and approved plans and specifications of the Project. Not later than the time the letter of credit or performance bond is required to be delivered to SELLER, PURCHASER shall also cause to be delivered to SELLER an agreement of the architects and engineers who prepared the plans for the Project which provides that if SELLER calls the letter of credit, in accordance with the terms of this Agreement, SELLER shall have the right to utilize said plans to construct the Project, as to its respective interest in said plans.

(c) The SELLER reserves unto itself and PURCHASER acknowledges and agrees that SELLER shall have the right to approve the architectural design and the Site Plan for the Project which approval shall not be unreasonably withheld.

19.2 Contingencies: The SELLER's obligation to close the transaction is contingent upon the following:

- a) PURCHASER shall, at Closing, execute and provide for recording a unity of title with respect to the Property and/or replat the Property, if required by the City;
- b) PURCHASER shall submit an application for the abandonment of alleyways, if necessary, and the SELLER will cooperate in executing all applicable applications and processing the approvals, abandonment of alley ways and issuance of building permits;
