1. Scope of Work

1.1. Purpose

The purpose of this bid is to establish a firm, fixed percentage discount off manufacturer's and/or supplier's current catalog/supply/product information price list for the purchase and installation of various equipment and amenities for parks and playgrounds. The bid is also a means for qualifying vendors and establishing pricing for ball park lighting services and court surfacing.

1.2. Scope

1. The bid will establish a firm, fixed percentage discount off manufacturer's and/or supplier's current catalog/supply/product information price list for the purchase of various equipment and amenities for parks and playgrounds as requested by Clay County Parks and Recreation. Additionally, this bid will also establish a firm, fixed percentage off manufacturer's and/or bidder's current catalog/supply/product information price list, after applying the above requested discount for purchase, for the installation of various equipment and amenities for parks and playgrounds as needed. The County reserves the right to award to multiple bidders.

2. It is understood that bidder's current catalog/supply/product information price list are subject to change; however, percent discount shall remain fixed. No extra charges or compensation will be allowed for installation above and beyond what has already been presented in the bid. If the bidder offers specialized catalogs, the catalogs must be submitted separately from any other catalog offered by the bidder throughout the duration of the contract.

3. This bid is also a means for qualifying bidders for ball park lighting services and court surfacing. Qualifying bidders will be requested to provide pricing on a project by project basis as defined in the method of ordering section of this bid. The qualified bidder(s) providing the lowest responsive quote based on contracted pricing will be awarded the project.

4. Freight must be pre-paid and added to the invoice and the quote. The County will pay actual freight charges.

5. Performance and payment bonds may be required for specific projects. This requirement is driven by the size and price of each particular job. Bidders will be required to meet this requirement before receiving a purchase order for the project.

6. The County reserves the right to purchase from other agreements when in the best interest of the County.

Responsibility:

Bidder shall be responsible for all labor, materials, equipment, supervision, off-loading, storage, and installation, of various equipment and amenities for parks and playground equipment or amenities ordered, unless otherwise specified by the County. The County may elect, in certain circumstances, to

purchase only materials and have those materials installed by others (e.g., volunteers. County staff). These items will be shipped to a designed location and off-loaded by the bidder or bidder's representative.

1.3. Method of Ordering

The County may generate a Request for Quotation, on an "as needed" basis, for park and playground equipment and/or ball field lighting, lighting installation, and court surfacing together with a request for additional services required to complete that project (see attached Quote sample sheet). The County reserves the right to send such Request for Quotation to any or all awarded bidders. The Request for Quotation can define the project exactly or the Request for Quotation can describe a desired end result, allowing the bidder to design the park or playground site.

After generating a Request for Quotation for a project, and before bidder's submission of its quotation in response to the Request for Quotation, the County may require requested bidder (s) to attend a site visit with County personnel to familiarize the bidder(s) with the site and determine additional services that may be required to complete the project. Bidders will be responsible for the accuracy of all fixed measurements.

The bidder's quotation in response to the Request for Quotation must contain each of the following:

- A detailed breakdown of the cost for the entire project. Descriptions of additional services related to the project, together with their price, shall also be listed.
- Include Catalog Name, Number and associated discount. When quoting projects where freight would be charged, those costs must be included in quote so freight charges can appear on the purchase order. Freight charges for equipment must be pre-paid and added to the invoice.
- Names of any and all subcontractors on the project. It is understood the bidder remains responsible for project completion and acceptance by the County. The County reserves the right to reject any quotation in response to a Request for Quotation if said quotation names a subcontractor who has, in the sole opinion of the County, previously failed in the proper performance of an award or failed to deliver on time contracts of a similar nature, or who is not in a position to perform properly under this award.
- Project Completion Date.
- Include an updated catalog, if needed and updated MSRP lists for the park and play equipment specifically quoted.

The County will generate purchase orders as a result of approved "Request for Quotations" submitted, at the sole discretion of the County. The County reserves the right to not award to any, or to use other available bids or contracts when in the best interest of the County.
