Ladies and Gentlemen,

Thanks so much for your time today. Please find ...as promised....the final version of the documents we reviewed today. I have incorporated all the items discussed...the approved changes are reflected in the attached PDF files to this correspondence. Specifically...I have included the Negotiated Price Proposal, the Negotiated System Description and the Negotiated Project Approach. As we discussed ...these items should be attached to the current Interlocal Agreement executed between the City and the County. Furthermore....following the City Commission's approval of the Interlocal package.....the subsequent Change Order executed between Motorola and the County will also have these files attached defining our statement of work.

I appreciate everyone working so diligently on this project and your efforts to ensure a December 2015 Commission approval. Motorola is happy to offer as an incentive ..as noted in our Negotiated Price Proposal....the software and labor to flash upgrade your existing inventory of P25 capable portable radios. Please let me know if you have any questions or require anything additional from Motorola.

Rich I appreciate you formally transmitting these documents to the City of Delray Beach accompanied by the requested letter.

Thank you again.....have a nice weekend.

## **Stacy Chick**
