Our Approach to Renewals — Continued Partnership

The renewal rates for your Group Life insurance will be effective October 1, 2020.

In designing fair renewal pricing, we may review three components of rating:

1. **The Manual Rate:** We use your current census file demographics, plan design, industry and location to determine a rate for your coverage based on The Standard's book of business of other similar customers. We do this for groups of all sizes.
2. **The Experience Rate:** In addition, we may use your past claims history to help us determine your renewal rates. Whether we use your claims history — or don't include it — depends on the size of your group and the lines of coverage in force. Especially for large groups, past claims experience can be a fair and useful predictor of future liability.
3. **The Blended Rate:** If applicable, we use a formula to determine how credible your Experience Rate is in predicting your future claims cost and blend it with your Manual Rate. This produces a Blended Rate that we use to determine your final renewal pricing.

In this package, you'll see an experience table if we've used your claims history in our renewal pricing for a particular line of coverage. Otherwise, your renewal pricing is based solely on your manual rate.

Please consider this renewal package the next step in our ongoing conversation about how we can best meet your needs. We may be able to work together to help you get more value out of your benefits program or reduce overall costs. We'd be happy to re-evaluate your plan design and benefits usage and discuss your options.
