

Development Services,

We welcome the opportunity to continue our positive partnership with the City of Delray Beach sharing the same vision of building a stronger community.

It is our intention to construct two single family homes consisting of three Bedrooms, two Bathrooms, a 1 Car Garage, All Tile, Hurricane Impact Windows, Double Truss Strapping, Owen's Corning 20 Year Architectural Shingle Roof, Landscape with Sprinkler System, Stucco Siding to Resemble Hardy Board, Covered Porch lined with Columns and Railings, Whirlpool Appliances, Pastel Color Exterior. Attached are representative pictures of our proposed homes.

We feel that with the City of Delray's help we can continue to enhance the Delray Town section of Delray Beach as aligned with your vision.

We are seeking to increase our density within the City and to continue our mission of upgrading communities by providing affordable and attainable housing to low income families who need it the most.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffery Fengler". The signature is written in a cursive, flowing style.
