**Briefly describe why you wish to serve as a member of a board or committee and how your personal experience and background relate:**

As a marine biologist and educator, I have spent my entire professional career in the field of conservation. Originally working as a sea turtle monitor, I have been a resident of Delray Beach for almost a decade now and for the last 8 years, I was Director of Education at Sandoway Discovery Center, a historic house and non-profit museum in Delray. I have a great understanding of environmental issues/solutions as well as public speaking and education skills surrounding this field.

**List any other community/civic involvement which you would like the Commission to consider:**

Working at Sandoway, I collaborated and have a close relationship with the city and the Sustainability office for many of our local events and initiatives, like RISE weekend, City forum events, and the past skip the straw campaign/ordinance. This, combined with my experience directing a historic non-profit in the city where I live has given me good insight into city issues and possibilities of green advancements.
