STATEMENT OF WORK

Reclaimed Water Main Extension – Area 10 Phase 2
City of Delray Beach

A. INTRODUCTION/BACKGROUND

The City of Delray Beach (City or Recipient) established alternative water supply goals in conjunction with their South Florida Water Management District (District) Water Use Permit. Implementation of the City’s reclaimed water system will provide an alternative water supply and reduce demands on both the surficial aquifer and on their potable water system.

Delray Beach’s Reclaimed Water Master Plan Update, completed in December 2016, identified Area 10 as the tenth project of the City’s total reclaimed water system, which will provide up to 0.116 million gallons per day (mgd) of additional reclaimed water use. The City plans to implement other projects identified in the Master Plan Update on a continual basis over the next 8 years, and the total program will provide up to 4.8 mgd of reclaimed water available for the entire system. The Reclaimed Water Master Plan Update is consistent with the City’s comprehensive plan, which specifically encourages more reuse of effluent from the South Central Regional Wastewater Treatment Plant to reduce the demands on the potable water system.

B. OBJECTIVES

The objective of this project is to install reclaimed water pipeline within Area 10 of the City’s Reclaimed Water Master Plan, thus providing an additional 0.116 mgd of additional reclaimed water use and continuing the expansion of the City’s reclaimed water system.

C. SCOPE OF WORK

Construct approximately 5,900 linear feet of reclaimed water pipeline within Area 10, primarily along SE 1st Avenue as shown in **Figure 1**. Pipeline will also be installed along segments of SE 1st Street, SW 1st Street, NE 2nd Avenue, and NE 1st Street. Depending on the location, the HDPE reclaimed water pipeline will be either 6-inch or 12-inch diameter. The two 6-inch diameter pipelines along NW 1st Street and SE 1st Street will be used to connect to irrigation systems at City Hall, the Community Center, Courthouse, Library, Police Station, and City tennis courts.

EXHIBIT “B1”
PAYMENT AND DELIVERABLE SCHEDULE

Reclaimed Water Main Extension – Area 10 Phase 2

City of Delray Beach

- A summary deliverable schedule associated with this project is set forth below.
- The **Recipient** shall submit all deliverables to the **District’s** project manager. All deliverables submitted hereunder are subject to review by the **District**. The **Recipient** hereby agrees to provide the **District** all deliverables, data and information described in the Statement of Work.
- Payment shall be made following receipt and acceptance by the **District** of the Reimbursement Request Package(s) in accordance with the schedule set forth below. The **Recipient** shall submit a reimbursement request upon completion of each Task noted below. If applicable, the **Recipient** shall submit a final reimbursement request package for payment and Exhibit “D1” on or before May 31, 2023 for reimbursement. All reimbursement request packages shall be accompanied by adequate documentation to demonstrate completion of each Task in accordance with Exhibit “A1” the Statement of Work (SOW).
- Reimbursement Request Packages shall include but not be limited to, a copy of **Recipient’s** invoice, signed certification letter for partial payment that the task(s) is (are) complete per the SOW or that the project is complete per the SOW, Exhibit “D1” Final Project Summary Report, copies of vendor invoices and payments, and any other documentation supporting payment. Timely payment of invoices shall be contingent upon the District’s review and acceptance of all invoice(s). Final payment is subject to the final project construction cost. The Reimbursement Request Package shall be submitted on or before May 31, 2023.
- The **District** shall only be obligated to pay for documented actual construction costs within the not-to-exceed amounts specified below. In the event actual construction costs by the **Recipient** are less than the not-to-exceed amount for a particular task, the **Recipient** shall have the right to apply the unexpended balance toward another task, unless the total current construction cost has decreased. The **Recipient** shall provide prior written notice of its decision to exercise this right to the **District’s** Project Manager. If the **Recipient** does not exercise this right, the **Recipient** agrees to amend the contract to revise the approved funding consistent with the original percentage to the lower construction cost. In no event shall the **District’s** total obligation exceed the amount specified below for the total **Agreement**; however, an actual construction cost less than the estimated construction cost may result in a reduced final payment. The **Recipient** is responsible for any additional funds either through local revenues, grants, other appropriations, and/or other funding sources.
- Total reimbursement payment by the **District** for all work completed herein shall not exceed the amount of \$660,000. If the total consideration for this **Agreement** is subject to multi-year funding allocations, funding for each applicable fiscal year of this **Agreement** will be subject to Governing Board budgetary appropriation. In the event the **District** does not approve funding for any subsequent fiscal year, this **Agreement** shall terminate upon expenditure of the current funding, notwithstanding other provisions in this **Agreement** to the contrary.
