4.C. INTERNAL AUDIT PRESENTATION

Attachments: Agenda Cover Report

Internal Audit Presentation 05 17 22

Dr. Julia Davidyan, Internal Auditor for the City of Delray Beach, provided her findings for the city's payroll processing audit (specifically paid time off) for October 1, 2020, through September 30, 2021. She said several findings pointed to specific weaknesses within the internal controls over payroll and paid leave processing that needs to be addressed.

The following reflects Dr. Davidyan's findings of the Paid Time Off Audit:

1. An overpayment of 240 hours of sick pay at separation/retirement.
2. Inconsistent accruals practice of PTO and other fringe benefits while on "Leave Without Pay."
3. An overpayment of \$2,537.60 of regular-pay past separation (the employee had passed away).
4. Inconsistent use of employee leave forms process.
5. Three instances identified underreporting of PTO hours.

6. Missing provision for repayment of taxable moving expenses upon early resignation.

Dr. Davidyan provided her observations and recommendations for the following:

Systems:

1. Consider the implementation of an alternative payroll system.
2. Suggested implementing a time and attendance system to eliminate the manual timesheets currently in place. If Police and Fire continue to use Telestaff, integration with proper interface with any new payroll system should be ensured.

Internal Controls:

The Finance Department should retrain payroll processing staff and revisit the following:

- Payout of accruals at separation/retirement, removal of accruals added by the system for "Leave without Pay" status, employee status change (from active to terminated).

Payroll Processing (Paid Time Off Audit)

- Annual review of employees with very low PTO hours taken (potential underreporting).
- Encourage employees in critical positions to take time -off for a number of consecutive days.
- Review of employees with high PTO hours being lost.
- Ensure mechanisms are in place to maintain the security of manual timesheets and employee leave forms that are to be retained after payroll is processed.
- Consider automating the Holiday Options hours tracking (Police Department.) as a separate pay code in the Tyler New World system.

Documentation of Policies and Procedures:

1. Formulate a robust policy and procedure manual for payroll processing.
2. Establish a policy or guidelines regarding recovery of funds paid out in error and adjustment of incorrect accruals. Include a provision for revisiting internal controls once a root-cause analysis has been conducted on mistakes identified.
3. Revisit the following policies: Section 7.6 *Leave of Absence Without Pay* (Military Leave) and Section 4.7 *Overtime Work*.
4. Establish a policy for taxable moving expenses (including guidelines and limits for the amount of the benefit).

5. Review and document the differences in the payroll entry process in Police and Fire, with a documented annual review of Telestaff configuration of the various types of hour codes.

Training:

1. Periodic training (at least annually) of the respective departments' payroll counterparts (Administrative Assistants) on the policies and procedures for payroll processing and any applicable forms or manual processes currently in place.
2. Consider implementing employee training for reiteration of accountability and responsibility for public funds. Staff should be encouraged to question past practices inconsistent with documented policies and procedures.

The Commission discussed Dr. Davidian's findings.

Deputy Vice Mayor Casale thanked Dr. Davidyan for her hard work. She expressed her concern that the city wasn't accountable to the taxpayers. Deputy Vice Mayor Casale emphasized that the Capital Improvement Plan should include a time and attendance program.

Mr. Moore reported that he had been working with the department directors and advised that a payroll manual would be in place within the coming weeks.

Commissioner Johnson said she favored implementing corrective procedures to help ensure that errors aren't repeated.

Deputy Vice Mayor Casale recommended the Commission take a look back after the corrective policies are in place.

Mr. Moore said that he would provide an update on the June 10th information letter after meeting with the various departments to discuss implementing new payroll procedures moving forward.

Commissioner Boylston expressed the importance of reconciling this matter.

Mayor Petrolia said that there must be better accountability when reporting payroll. She instructed Mr. Moore to prioritize the situation before the next fiscal year.

Dr. Davidyan reported that in addition to auditing a random sample of forty employees, she looked at specific pay codes in smaller pools of employees for sufficiency.

Mayor Petrolia inquired if there were any payout shortages for the forty employees she audited.

Dr. Davidyan clarified that there were inconsistencies with the leave forms but found no shortages.

Vice Mayor Frankel thanked Dr. Davidyan for her hard work.

Mr. Sammie Walthour, Director of Neighborhood and Community Services, clarified that the Local Housing Assistance Program (LHAP) was directly connected to the State Housing Initiatives Program (SHIP) funding the department receives. He advised that the State has no governing control over the city's Workforce Housing under Ordinance No. 2-93.

Ms. Ferline Mesidort, Division Administrator of the Neighborhood and Community Services, engaged in a discussion with Deputy Vice Mayor Casale, who expressed her concern that the

plan modification to the lien term limits would take the homes out of long-term affordability for the subsequent buyers. Ms. Mesidort advised that the Commission nominated several community members who conducted a program comparison study in the summer of 2021 in Palm Beach County and throughout the tri-county area on their strategies, lien terms, and the provisions they offer. The survey found that the city was at the higher end of the spectrum and that to line up with the other cities, the committee recommended modifying the terms of the loans.

Commissioner Johnson said she would have liked the Commission to discuss this matter before submittal to the State.

Ms. Gelin recommend this item be placed on the Regular Agenda in the future.

Mayor Petrolia expressed her concern that the homes aren't insured and would cost the taxpayers money for repairs.

Ms. Mesidort verified that the city employs two housing inspectors as part of the Neighborhood Services Division Team, who inspect the properties once the applicant is approved. Ms. Mesidort advised the Land Development Regulations (LDR) state that repairs cannot exceed more than fifty percent of the home's value. She summarized that if a house incurs structural damage, the city would address the issues.

Commissioner Boylston motioned to approve Resolution No. 61-22. Deputy Vice Mayor Casale seconded the motion. The motion was carried by the following vote:

Mr. Mark Resume, Director of the American Academy, discussed the numerous developmental programs and activities that his Non-Profit Organization (American Academy Learning Center) provides to the local youth. He asked the Commission to continue allowing him to run his program from the Neighborhood Resource Center (NRC).

Commissioner Johnson expressed her concern that the Neighborhood Resource Center wasn't designed for Mr. Resume's programs.

Mr. Samuel Metott, Parks and Recreation Director, advised that Mr. Resume's program meets the Department of Children and Family Services requirements.

Ms. Gelin agreed that Mr. Resume's program could pose a liability to the city when held at the Neighborhood Resource Center.

Mayor Petrolia communicated her concern that the program was not adequately vetted.

Ms. Gelin reminded the Commission that this item had come before them as a Consent Agenda item and remarked that a presentation should have accompanied it. She suggested deferring this item until the next City Commission meeting.

Mayor Petrolia added that this item was approved as a retro agreement and wasn't seen by the Commission.

Deputy Vice Mayor Casale suggested that Mr. Resume sign a release of liability.

7.E. DISCUSSION REGARDING ALLOWING THE USE OF SMALLER SIDE SETBACKS ON SINGLE-FAMILY LOTS FOR THE PROVISION OF WORKFORCE HOUSING BY OTHER AGENCIES

Recommendation: Provide Direction.

Sponsors: Development Services Department

Attachments: Agenda Cover Report

Ms. Anthea Gianniotis, Development Services Director, stated that she was seeking direction from the Commission to allow smaller side setbacks on single-family lots to provide Workforce Housing by other agencies. Ms. Gianniotis provided the following questions for the Commissioners consideration:

Direction Requested:

1. If the lot is 50' wide and not limited to Workforce Housing (WFH) development, can 5' side setbacks (instead of 7.5') be allowed for WFH in the City ?
2. If the 50' side setbacks are allowed, can the County's covenant be used ?

Considerations:

1. 2.5' of setbacks on either side is all the City is contributing to achieving WFH of the lot
2. Market rate development in Sherwood is 50' lots with 40' wide houses

Ms. Gianniotas mentioned that if it was the will of the Commission, they could only approve the *Thrive Affordable* units being built.

Commissioner Boylston motioned to approve.

Mayor Petrolia suggested the city's homes remain at the forty-year term and allow the County to build houses at their fifteen-year period..

Ordinance 17-22 FINAL

Legal Review Ord 17-22

Commission Presentation - 2022-03-08 - v1 (002)

Ms. Gelin read Ordinance No. 17-22 into the record.

Mr. Hugh Dunkley, Finance Director, discussed the findings of the Willdan Financial Consultants that conducted a rate study analysis of the city's water and sewer rates. The study concluded that the current water and sewer rates would be insufficient to cover the system's routine operation and maintenance expenses, annual debt service, and other capital-related needs. Mr. Dunkley explained that the rate adjustment would align the city with other municipalities and prevent it from depleting its cash reserves. He reminded the Commission on March 8th, Willdan Financial Consultants presented the Commission with three options, and they voted on "Option B", which would raise the average household from \$57.85 to \$60.93. He said that this increase would enable the city to have a cash reserve of three hundred days.

Vice Mayor Frankel opened the floor to public comments on Ordinance No. 17-22.

Ms. Sandra Weatherspoon, residing at 34 NW 12th Avenue, Delray Beach, was present to represent the SET Neighborhood Alliance, Community Coordinator. She reported that the water rate increases pose a hardship to the residents of her community.

Ms. Weatherspoon shared her concerns about the resident's rate increase. Ms. Weatherspoon suggested that city leaders and organizations collaborate with the SET neighborhood on the impact of the rise in water and sewer costs will mean to their community.

Mr. David Harden, residing at 1395 NW 22nd Avenue, Delray Beach, suggested having a water increase over the next three years instead of three increases over eighteen months. Mr. Harden acknowledged that there hadn't been a water rate increase since 2009.

Seeing no one else present, public comments were closed.

Mr. Dunkley addressed the comments and explained how the rate structure was calculated.

Mr. Hassan Hadjimiry, Utilities Director, advised that the city's water rate was one of the lowest in the state. He said the city had needed a new water treatment plant for the past twenty years. Mr. Hadjimiry stated that building the water treatment plant is a four-year project and would hopefully be constructed by 2026.

Mayor Petrolia motioned to reschedule to a date certain to include rate increases throughout the years as backup. Deputy Vice Mayor Casale seconded the motion for discussion.

Vice Mayor Frankel thanked Mr. Harden for sharing his thoughts.

Commissioner Boylston assured everyone that the Commission would seek funding from every level.

Commissioner Johnson acknowledged that a new water plant was long overdue. She recommend appointing a SET community liaison to partner with Mr. Hadjimiry for better communication.

Deputy Vice Mayor Casale said she favored having an actual presentation.

Mr. Moore recommended June 7th, 2022 to revisit Ordinance No. 17-22.

Ms. Johnson called the roll. The motion to postpone Ordinance No. 17-22 until June 7th was carried by the following vote:

YES: 5 Mayor Petrolia, Vice Mayor Frankel, Deputy Vice Mayor Casale, Commissioner Boylston, Commissioner Johnson
