Mayor Petrolia, read the Quasi-Judicial rules into the record.

Katerri Johnson, City Clerk, swore in individuals that provided testimony.

Mayor Petrolia asked if her colleagues had any ex-parte communications to disclose.

The following was disclosed:

Mayor Petrolia - Did not speak with anybody personally.

Vice Mayor Frankel - Spoke with Mr. Schiller and Mr. Costello.

Deputy Vice Mayor Casale - Spoke with Mr. Schiller.

Commissioner Boylston - Spoke with the applicant and representation.

Commissioner Johnson - Met with the attorney.

Director of Development Services, Anthea Gianniotis entered File No. 2022-062 into the record.

Neil Schiller, an attorney with the Government Law Group located at 137 NW 1st Avenue, Delray Beach, was present on behalf of his client (Delray Swan), who wished to submit an application to abandon the Right-of-Way Street located in the 200 block of Southeast 2nd Avenue to accommodate development. Mr. Schiller discussed the benefits of granting the waiver request to the city at no cost. He mentioned that approval of the waiver would not result in a special privilege and would not adversely affect the neighboring area. He reported that the findings met the criteria for the Central Business District and the Osceola Park Master Plan.

City Attorney Gelin cautioned the Commission only to consider the submitted request to abandon the right-of-way located in the 200 block of Southeast Second Avenue in the Central Business District.

Director of Development Services, Anthea Gianniotis provided a staff report and a complete analysis of the required findings. Ms. Gianniotis stated that in 2015 the Central Business District Land Development Regulation, Section 4.4.13 (j), was rewritten to include that streets and alleys may not be abandoned, vacated, or closed to accommodate new development. Ms. Gianniotis advised that this item could only go before the Site Plan and Review Appearance Board once the Commission approves the waiver. She stated that abandonments were not necessary to facilitate redevelopment. Ms. Gianniotis provided the pros and cons of granting the waiver and reminded the Commission that based on what was being offered the Commission must do what is being asked based on Chapter 5 of the Land Development Regulations.

Ms. Gelin cautioned the Commission that their decision should be based on whether the applicant could apply for a waiver.

Each Commissioner provided their input on this matter.

Mayor Petrolia opened the floor for public comments on Resolution No. 74-22.

James Quillian, residing at 925 SE 2nd Avenue, Delray Beach, said that they favored granting the abandonment if it benefitted the city.

Ryan Jaffe, residing at 118 SE 2nd Street, Delray Beach, expressed his that granting the waiver would aesthetically enhance the area and bring workforce housing units to the site.

John Miller, residing at 1502 Fenton Drive, Delray Beach, requested the Commission deny the waiver. He stated that granting the release would give a public street to a private for-profit company and would go against the Comprehensive Plan and the Land Development Regulations.

Commissioner, Boylston, made a motion to deny Resolution No. 74-22. Deputy Vice Mayor Casale Juli Casale seconded the motion. The motion was carried by the following vote:

NO: 5 Mayor Petrolia, Vice Mayor Frankel, Deputy Vice Mayor Casale, Commissioner Boylston, Commissioner Johnson

Mayor Petrolia - Did not speak with anyone.

Vice Mayor Frankel - Did not speak with anyone.

Deputy Vice Mayor Casale - Did not speak with anyone.

Commissioner Boylston - Did not speak with anyone.

Commissioner Johnson - Spoke with Bonnie Miskel

Director of Development Services, Anthea Gianniotis entered File No. 2022-036 into the record.

Christina Bilenki, attorney with Dunay, Miskel, and Backman, located at 14 SE 4th Street, Boca Raton, provided an illustration showing the traffic difficulties of accessing the Chick-fil-A restaurant at 1800 South Federal Highway. Ms. Bilenki explained that during peak hours the drive-thru lines cause stacking and bottlenecks onto Federal Highway. She stated that her firm proposed a site improvement plan to expedite queuing by installing a more efficient vehicular circulation plan during peak hours that would shift the entry to the drive-thru closer to Federal Highway; however, vehicles would be required to circulate the driveway throat to ensure that cars properly circulate the site and cannot attempt to bypass the stacked vehicles. Ms. Bilenki noted that the applicant would not receive a special privilege as accommodations, such as reduced landscape islands, have been approved by the city when necessary to create safer situations.

Ms. Gianniotis gave a staff report on the proposed reconfiguration of the Chick-fil-A site. She stated that the modification would require a landscaping waiver and acknowledged that the new configuration would benefit the restaurant and the neighboring Sun Trust Bank.

Mayor Petrolia opened the floor for public comments.

Christina Morrison, residing at 1000 Lowery Drive, Delray Beach, stated that it immediately became a traffic mess when Trader Joe's and Chick-fil-A came in. She asked the Commission to approve Resolution No. 89-22.

Seeing no one else present for public comment, Mayor Petrolia closed public comment.

There was no cross-examination or rebuttal from either side.

Mayor Petrolia thanked Ms. Bilenki and her team.

City Manager Moore that via the Information Letter, dated March 18, 2022, he received a letter of interest from the Delray Beach Community Land Trust, expressing their desire to acquire the properties on 12th Avenue. Mr. Moore advised that during the May 24 joint City Commission / Community Redevelopment Agency Workshop, he clarified that the City Manager's office does not have the authority to make properties available unless the Commission directed him to do so in a public fashion.

A discussion ensued regarding how to move forward with the properties ownership and who would take over the leases.

Commissioner Boylston, advised that the letter of intent from the Community Land Trust did not meet the City's new policies that Mr. Moore authored and should not have been on the agenda.

City Attorney Gelin, mentioned that the Community Redevelopment Agency would take over the occupants' licenses and the Neighborhood Resource Center if they were to acquire the properties.

Mayor Petrolia, stated that giving the land away would not meet the land's disposition criteria.

There was a consensus for staff to move forward with the entire block, including the Neighborhood Resource Center.
