

MEMORANDUM

TO: Mayor and City Commissioners

FROM: Environmental Services Department

THROUGH: Donald B. Cooper, City Manager

DATE: May 7, 2015

SUBJECT: **AGENDA ITEM 8.G. - REGULAR COMMISSION MEETING OF JUNE 2, 2015**
CONTRACT AWARD/ AQUIFER MAINTENANCE & PERFORMANCE SYSTEMS, INC.

BACKGROUND

Request City Commission to consider an award with Aquifer Maintenance & Performance Systems, Inc. (AMPS) in an amount not to exceed \$120,260.00, for the Production Well Rehabilitation project, P/N 2015-019. Seven raw water production wells have been identified for rehabilitation for this year.

The Public Utilities Department programmed production well rehabilitation into the annual Capital Improvement Plan. The program allows staff to continue their annual rehabilitation program, focusing on wells exhibiting less than optimal pump delivery rates. The wells identified for this year's rehabilitation are Wells #21, 22, 23, 24, and 26, referred to as the Twenty Series wells located in an area northeast of SW 10th Street and SW 15th Avenue, and Wells # 29 and 34, located at the Municipal Golf Course.

Utilizing a competitive bid solicitation, Martin County awarded a three year contract to Aquifer Maintenance & Performance Systems, Inc. (AMPS) on July 23, 2012, RFB2012-2540, which included two additional one year renewal options. Martin County has exercised the renewal option; the contract is active through July 22, 2016.

Utilizing the costs under the contract, AMPS has provided an estimate in an amount not to exceed \$120,260 (7 wells at \$17,180 per well).

This recommendation is in compliance with Code of Ordinances, Section 36.02 (C)(7)(c), "Utilization of Other Governmental Entities' Contracts". The vendor has submitted a letter attesting to the lowest pricing in the state (see attached).

Attachments include:

- Martin County contract #RFB2012-2540, Wellfield Performance Maintenance & Rehabilitation
- Martin County renewal letter for #RFB2012-2540 (through June 22, 2016)
- AMPS quote per #RFB2012-2540.
- AMPS Best Pricing Letter
- Purchasing Compliance Checklist (schedule A)

FINANCIAL DEPARTMENT REVIEW

The Finance Department recommends approval.

DISCUSSION

The item before the City Commission is to consider an award with Aquifer Maintenance & Performance Systems, Inc. utilizing an active contract with Martin County, Florida, for services related to production well rehabilitation, at a cost not to exceed \$120,260.

TIMING OF THE REQUEST

The approval of this item is of high importance, as periodic rehabilitation is necessary in maintaining optimum pump rates from the wells and supplying raw water to the City Water Treatment Plant.

FUNDING SOURCE

Funding is available from the division's operating budget; 442-5178-536-68.14, Water and Sewer Renewal and Replacement Fund/ Production Well Rehabilitation.

RECOMMENDATION

By motion, approve an award to Aquifer Maintenance & Performance Systems, Inc. utilizing an active contract with Martin County, Florida (#RFB2012-2540), for performing rehabilitation services on raw water wells, at a cost not to exceed \$120,260.
