					Strengths
Green Team Plumbing LLC DBA Greenteam Service Corp.	20.0	22.0	20.0	20.7	Strong details on how handle response and emergency calls, staffing available to respond to those calls, overall experience of licensed journeymans, master plumber. Enough people on call. 2 technical personnel on call for 24/7 emergency hours, they have a manager on duty, also, I liked the number of vehicles (over 13 trucks, all above 2001 in terms of age of fleet, good capacity and approach by the master plumber and journeymans and also backed by their licenses

3. Fee Proposal	Joseph Frantz	Paul DeCarolis	Jeffrey Needle	Score	25 Points - Fee
					Strengths
Green Team Plumbing LLC DBA Greenteam Service Corp.	20.0	20.0	20.0	20.0	Overall, their rates seemed resonable in terms of hourly rates, the rates of workers is fair, it seems that from page 25, prices are estimates and based depending on a situations and emergencies, classification on hourly rates versus non-business hours well spelled out clearly. Rates and history with other municipalities, I think that a 25% markup for parts is a normal markup for parts.

Wish they were a little closer to DB	

city & Approach

Weaknesses

They made a comment about needing a 24 hour notice,
would like to know more about this.

ee Proposal

Weaknesses

I would have a few questions on their pricing, handling of time and materials, not quite grasp, the lump sum figure, it sounds high for being on call 24/7 Excessive estimated hourly usage, would need to clarify this.
